*Where a Handshake and One's Word Still Holds Value*

Dear Limousin Friends,  
What has helped allow me to enjoy 34 years of being in the bulls business has always been the best of who I am, of what I can, of where I'm at and of what I'm left responsible to do—all basically for the sake of the PEOPLE. Yes, that definitely includes my family and those presently unknown whom I someday hope to meet. On my part, every bit of the above was done with character.

Through the years I could have allowed other aspects of life to enter in, to have priority over and above the character Jacob Schott succeeded at instilling into me while growing up. Those other aspects in life were never a consideration. My number one priority in life has been and will remain the PEOPLE.

The above describes and I hope helps you see and understand the 34 years put into our program and the foundation of the Schott Limousin cowherd.

For your interest I thank you a lot. I hope to meet you and see you sale day.

Sincerely,  
Jim Schott

Fellow Cattlemen,

Welcome to the Final Roundup and the dispersal of the Schott Limousin Ranch female herd.

The genetics brought to you in this dispersal represent the Schott family's 34-year commitment to the Limousin breed of cattle. Their long-standing tenure in the seedstock business speaks volumes about their commitment to the many valued customers and friends they have made along the way. The Schott family has always prided themselves on serving "the people" with honesty, integrity and quality Limousin cattle.

It should come as no surprise that the cattle represented in this offering, in many ways, represent the very things the Schott family has stood for the past 34 years. This set of cattle is without a doubt, an honest, hardworking set of females, that have paid their own way. We are confident they will do the same for their new owners.

If you have any questions about the offering, or need help with your purchases, please don't hesitate to contact me.

Sincerely,  
Kiley McKinna

These first 39 females are what we like to refer to as the best of the best. While every female in the offering has done her part to ensure the forward progress of Schott Limousin Ranch, Lots 1-39 have been selected based on a combination of quality and numbers. That said, those of us who have built our cow herds based on overall quality know good-numbered cows have a priority. We also know lesser-numbered cows can and do raise every bit as good of quality a calf as the females with outlying numerics. In our cow herd this is very much the case. All of the females that sell in this entire offering have never been pampered, and were always expected to bring in either a replacement quality heifer calf or a bull calf worthy of making it into our annual sale. Rest assured, we have spent a lot of time riding, sorting and culling to bring you the best of what we have. We hate to see them go, but our chest swells with pride when we think of the long-lasting impact they will make for their new owners.

*John*

Lots 39-69 represent the red portion of the cowherd. As a service to interested buyers, we decided to sort the females by color, then pair them up based on type and kind. All of these females sell confirmed safe bred to either proven AI sires or stout members of our bull battery. These cattle have been good to us and we expect they will be equally good to you.

Welcome to the black portion of the dispersal. Much like their red herdmates, these females have proven they have what it takes to be productive in our part of the world. Similar to those cataloged before them, Lots 70-91 are the result of 34 years of breeding and selection for the traits necessary to stand the test of time in the cattle business.
