- Take Nicholasville Road (US-27 South) to Lancaster.
- Turn RIGHT at red light (52 West)
- Turn LEFT (south at 590 South)
- Turn LEFT on first blacktop road (Engleman Lane)
- Look for stone pillars on left

DANVILLE SUPER 8 TO ENGLEWOOD FARM...

- Turn RIGHT onto US-150 Byp
- Turn LEFT on Gose Pike
- Go straight past street light onto 52 East to 590 South
- Turn RIGHT (south on 590 South)
- Turn LEFT on first blacktop road (Engleman Lane)
- Turn LEFT through stone pillars

ANNOUNCEMENTS...

Announcements made sale day by the owners or auctioneer take precedence over statements in the sale catalog.

INSURANCE...

Livestock Mortality Insurance will be available through Grassroots Consulting, Mark Smith.

SALE ORDER & SUPPLEMENTAL INFORMATION...

Supplemental information will be posted at www.englewoodfarm.com for your convenience when available.

GUARANTEE...

All cattle sell under the standard guarantee of the North American Limousin Foundation and the Angus Association of America.

FINANCING...

For financing options, contact John Ethington 859.533.1301

ACCOMMODATIONS...

Super 8 Motel - 859.236.8881
3663 Hwy. 150/127 Bypass, Danville, KY

Hampton Inn - 859.236.6200
100 Montgomery Way, Danville, KY

TERMS & CONDITIONS...

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. A representative will be on hand sale day if you wish to insure your purchases. Please note: All persons who attend the sale do so at their own risk; Englewood Farms does not assume liability, legal or otherwise, for any accidents which may occur.

SIGHT-UNSEEN PURCHASE AGREEMENT...

If you are unable to attend the sale and want to speak with any of the sale staff, please don't hesitate to call. They will provide you with a complete satisfaction guarantee for the cattle purchased. If within two weeks from the date of the sale you are not satisfied with your purchases and how they were described to you, the seller will gladly give you a refund and take the animal back.

Dear Cattle Breeders,

For the first time we are selling both Limousin/Lim-Flex and Red Angus cattle in our spring sale. They represent, in our opinion, some of the best cattle in both breeds.

The bulls we are offering are the best we have ever produced from top to bottom. We have videos on all the bulls on our website. Take a look, we think you will like what you see.

The female offering includes two donor cows, seven open heifers and the other females are fall bred or females with spring calves at side. The Limousin females were all bred and produced on Englewood Farm, with the exception of two head. The Red Angus are young bred females we purchased to get into the breed and we are only offering them to make room for Englewood heifer calves we have produced. Like the bulls, there are videos of all the females on our website.

We hope to see you sale day, but if you are not able to attend, we will have online streaming of sale cattle by Cattle in Demand with call in bidding as an alternative option. The best to you and your families.

Sincerely,

Joanne and John Tobe

Al'd 12/4/15 safe to AHL Flashback 446B (Red Angus)

If proven pedigrees and first-generation Lim-Flex are your thing, then look no further than this Homozygous Black donor female. In addition to being extremely complete, she brings EPDs to the table that impress in terms of calving-ease, growth, scrotal and marbling. The calf she is carrying by the wildly popular AHL Flashback has the potential to be a Lim-Flex individual with the utmost integrity.

Selling One-Half Interest and No Possession. Owned with Tubmill Creek Farms, PA
Students of the Limousin breed need no introduction to this truly unique breeding piece. Being by MAGS Y-Axis and out of TMCK Casual gives this double Homozygous donor more than enough pedigree power to create the next generation of truly superior breeding stock. Take note of her breed-leading EPDs for growth, milk, scrotal, carcass weight, ribeye, marbling and \$MI. She is the total package.

This Homozygous Black, Homozygous Polled show stopper was bred to be special, and she hasn't disappointed. She is clean chested, big middled, level topped and still has plenty of thickness. Given her solid pedigree and data set, she will remain a front pasture female long after her show days are behind her.

We love the way this baby doll combines a feminine front end with spring of rib and heavy structure, into a free-moving package. She also does an admirable job on paper of combining calving-ease with growth, milk and marbling. It's hard to go wrong with a female that combines looks with pedigree and performance.

Every sale has a sleeper and this Homozygous polled PUREBRED son of Englewood's X-Factor may just be that very thing. He goes back to great Canadian female, Wat-Cha Playmate, which ensures, his ancestry is rock solid.

LOT 37

Red Angus

LOTS 38-60

Registered Red Angus cattle were added to the Englewood Farms' stable in 2013.

The Red Angus breed was chosen because of its maternal and carcass quality characteristics. Red Angus currently enjoys tremendous demand among both commercial producers and seedstock breeders across the United States. Additionally, they complement the Limousin breed nicely when mated to create red Lim-Flex cattle.

True to form, the Englewood Farms Red Angus herd is being built from a nucleus of elite females with exceptional EPD profiles and phenotypic superiority. The cowherds are split between fall and spring calving, with a heavy emphasis on both AI and embryo transfer.

When Tobe and Ethington made the decision to add Red Angus cattle to the program, they went about it with the same enthusiasm and stringent selection criteria as in the past. The resulting Red Angus cowherd they have assembled represents a unique cross section of the breed.

While relatively new to the Red Angus breed, the men at Englewood relish the new challenge and have embraced the endeavor with open arms. The cattle featured in this sale represent the fruits of their early labor and serve as a small sampling of the things that can be expected from the Englewood Red Angus herd in the future.

The Englewood Farms' vision has been and will continue to be: to breed and raise the very best Limousin, Lim-Flex and Red Angus cattle possible. We invite you to join us in this vision. If in any way, we can be of service, please let us know.

Owned with Ty-Be Farms, TN

Great herd sires are very rarely accidents. They are the product of generations of careful selective matings. ENGD TYBE Chain Reaction C12 is no exception. He is a direct son of the great, C-Bar Anticipation, a long-bodied, good footed, impressive-profiling son of one of the breed's best cows, Brown Ms Abigrace L7730, a Red Angus legend with longevity built into her amazing bloodline.

The bottom side of his pedigree is equally impressive being out of Damar N327 Bonnebell A185, a many time champion including top honors at the Fort Worth Stock Show, who is in turn, sired by Red Fine Line Mulberry, who has sired countless show champions and sale highlights.

From a phenotypic standpoint, this impressive individual is sound from the ground up with impeccable skeletal integrity, plenty of muscle and a big middle. He is soft made, yet stout featured and carries himself like a bull of distinction.

Not only did Chain Reaction wean off at 750 lbs., he sports an impressive set of genetic predictions highlighted by top rankings for GridMaster, Weaning Weight, Yearling Weight, Calving-Ease Maternal, Marbling and Carcass Weight. Get in on the ground floor of an exciting young AI sire prospect who promises to have an immediate and lasting impact on the Red Angus industry for years to come.
