LIMOUSIN - LIM-FLEX - ANGUS

Selling 82 Lots

- 52 Limousin and Lim-Flex
Spring & Fall Calving First Calf Heifers
- 3 Angus Spring & Fall Calving First Calf Heifers
- 16 Limousin and Lim-Flex Herd Sire Prospects
- 4 Pick of the Flush Opportunities
- 7 Semen packages on Riverstone Crown Royal

Dear Limousin Friends,

It is our honor for us at P Bar S Ranch to welcome you to our 9th annual Limousin, Lim-Flex and Angus “Proof of Progress” Sale. We have never been more excited about the future of our program and all for which it stands. We have been in the business for many years and have always considered it an honor for the last eight years to be able to host our own production sale. We welcome any and all that would like to come be a part of this special day with us.

Manager Elgin Elmore and his staff have gathered and sorted only our finest to be on display sale day and for your appraisal. He has a highlighted group of fall and spring calving females and a select group of herd sire prospects. Also featured in our sale will be semen packages on our new herd sire Riverstone Crown Royal. He is one of the finest Purebred Limousin bulls we have been able to acquire with our friends at Stowers Limousin. We will also offer a pick of the entire flush on four of our top matings that represent our extensive embryo transplant program.

Again we cordially invite you to “THE Little Ranch with BIG Genetics” and please know that you are always welcome to come early and stay late.

Sincerely,
Paul Sisemore
P Bar S Ranch

P BAR S **THE Little Ranch** **with BIG** **Genetics.**

Paul is a recipient of the Oklahoma Limousin Breeders Association Lifetime Achievement Award.

Sale Location P Bar S Ranch, 11720 Overlook Drive, Sand Springs, Oklahoma 74063.
See page 8 for a map and directions.

Riverstone Crown Royal is the purebred bull that the breed has been waiting for. He was the top selling bull in the spring Riverstone bull sale and was purchased with our good friends at Stowers Limousin. This son of TMCK Durham Wheat has created a tremendous amount of interest in our breed. His sire, TMCK Durham Wheat, is a son of the national champion Limousin bull DHVO Deuce 132R. Durham Wheat is now one of the leading sires at Stowers Limousin and we are excited to see how his influence will enhance their program. When he was shown, Durham Wheat was soft in his pastern, extreme in his foot size and very fluid in his movement. He was commended for his unique look and style that he had from the side profile. Most of all, for a purebred bull, he was a freak in that he was very deep in his flank and extreme in his depth of body and capacity. He was a division winner at the 2011 Denver National Western Stock Show and was the 2012 Canadian National Champion bull.

Riverstone Crown Royal's full sister is Riverstone Charmed. She is one of the most successful Limousin show heifers to ever hit the breed and has been campaigned by Madison Ratliff. Stowers Limousin is proud to have purchased half embryo interest in her. She was recently named the grand champion female of the National Junior Heifer show and named reserve grand at the All American Futurity. She has also has been honored with these other titles in her short career ...

- Double Supreme Champion Female in Both Ring A & Ring B at the KSU AGR Kick Off Show
- Double Reserve Supreme Champion Female at the 2016 Steers & Stripes Steer & Heifer Show
- Champion Limousin Heifer and Supreme Champion Overall Female 2016 Milan FFA Jackpot
- Champion Limousin Heifer and Supreme Champion Overall Female 2016 NWMSU AGR Green & Gold Show NWMSU AGR Green & Gold Show
- Supreme Champion Female at the 2016 Kansas State Fair

It has been said by so many and we must agree that of the finest purebred Limousin bulls in our breed right now is Riverstone Crown Royal. He is the top selling herd sire prospect from the Riverstone Cattle Company sale this past March. He is a son of the popular purebred bull TMCK Durham Wheat. This young herd sire prospect is moderate in his frame, big footed, sound and very appealing from the side. Only a select few semen packages are going to be offered on him and he will remain closed and off the open market. This beef bull has been mated to one of the new P Bar S Ranch purchases MAGS Barbie 2228B. She was a top selling lot in the '16 Magness Mile High sale and now joins the ranks of so many other great ones at P Bar S Ranch. Barbie is a double homozygous female and daughter of the highly syndicated sire MAGS Y-Axis and from the elite donor MAGS Ur Salina.

Terms of the purchase; Buyers pay half of the purchase price at the time of the sale and the remaining half will be paid at the time of selection (weaning time).

One of the hottest and most sought after purebred bulls in our breed is that of AUTO Cruze 132X. He is the leading sire for Pinegar Limousin, Springfield, MO. He is the son of MAGS The General and from the famed donor AUTO Rebeca 292S. The semen on AUTO Cruze has been in high demand from the very first time breeders laid eyes on him and still to this day with a select few calves in the breed he seems to be just as popular. He is massive in his foot size, extremely heavy in his bone structure and has a very appealing and prominent look to him. He has been mated to one of the new purebred Limousin donors at P Bar S Ranch, EF Up To The Challenge. Our purchase from Rachel Booth, the female was campaigned all over the country where she was named grand champion numerous times. She is a purebred double homozygous female that is so much the right kind. She was a domineering force in the show ring and we have no doubt she will be the same in production. When you analyze the design, structure and conformation of AUTO Cruze and 355U it is just a given that there will be great results.

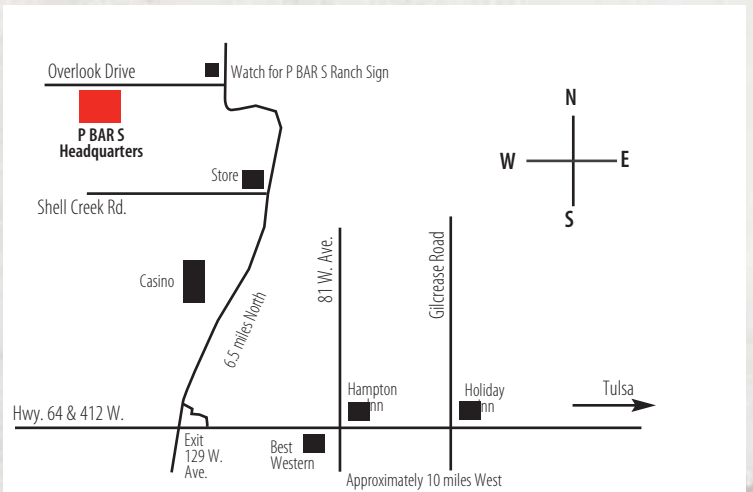

Terms of the purchase; Buyers pay half of the purchase price at the time of the sale and the remaining half will be paid at the time of selection (weaning time).

AUTO Cruze 132X, sire of Lot 3.

EF Up to the Challenge, dam of Lot 3.

Six Mile Taurus 519A, sire of Lot 4.

One of the exciting things at P Bar S Ranch this year has been the incorporation of a purebred Red Angus herd of cattle. This mating is one of the many reasons why that happened. It is the blending of the best in two breeds and the creation of an exciting Lim-Flex product. These future calves will be sired by Six Mile Taurus 519A one of the only bulls in the Red Angus breed to win the grand champion bull honors at the Denver National Western Show and then come back as a 2 year old and win the show again. That truly says something about a bull and how well he has been received. He has been mated to the purebred female and new donor at P Bar S Ranch, ARWL Watermelon 9000W. She is a purebred black and double polled daughter of the GPFF Blaue Rulon son SL Straight Edge. Her dam is the Ashley Rae Wellman bred female and daughter of DJ Gentleman In Black. She was selected for this mating to Six Mile Taurus for his extreme foot size and heaviness of bone and we feel mating like to like will create tremendous results.

Terms of the purchase; Buyers pay half of the purchase price at the time of the sale and the remaining half will be paid at the time of selection (weaning time).

SBLX First Class 707A is the leading herd sire for P Bar S Ranch, Southern Cattle Company, Milam Cattle Company and Stowers Limousin. He is the double polled, homozygous black son of the high valued purebred Angus sire Dameron First Class. He is made as perfect as you would ever want and is one of the finest ever created in the Sugar Bush Cattle operation. He is valued at over \$50,000 and rightfully so. His semen is not on the open market and is sought after by so many. This is your chance to acquire genetics sired by him and from PBRS Winning Ways 29W. She is the huge footed, sound made and big volume daughter of DHVO Deuce. She was a top seller as a calf in a P Bar S Ranch sale to Tubmill Creek Farm and has now made her way back to P Bar S where she continues her legacy in embryo transplant. Buy with confidence in this mating where we have no doubt we will see very positive results and you will have your chance to select a calf of your liking at weaning.

Terms of the purchase; Buyers pay half of the purchase price at the time of the sale and the remaining half will be paid at the time of selection (weaning time).

PBRS Back In Denver 4113B is one of the features of the sale. She is a 50% Lim-Flex polled and homozygous black first calf heifer. She is sired by the purebred Angus sire EXAR Denver 2002B and from one of the premier purebred Limousin donors at P Bar S Ranch, WLR Rendezvous 050R. 50R is a daughter of the breed popular purebred sire GPFF Blaque Rulon and from the once prominent red donor for Wies Limousin, KEHG Juliet 10H. 4133B is sound from the group up, free and easy in her movement and heavy in her foot and bone structure. She is very long and feminine up through her front end, straight in her lines and very appealing from the side profile. Her EPD profile is breed leading and ranks in the top 3% of the breed for REA with a .88, top 10% for CEM with a 9, MB with a .38 and SMTI with a 65.72, also top 20% in the breed for BW with a -0.2 and MK with a 31.

PBRS Britta 4143B is one of our favorite females of the entire sale. This 31% Lim-Flex double black and homozygous polled female is moderate in her frame, easy in her condition and very easy in her condition. She is picture perfect from all angles and has impressed the many that have been by the ranch to take a look at the sale cattle. She is a daughter of the once national champion bull MAGS Y So Tangled. He is the leading sire for Logan Hills Limousin, West Harrison, IN and Edwards Limousin, Higginsville, MO. He is a proven and predictable son of the now deceased but very popular MAGS Winston. Her dam is a purebred Angus female sired by SAV Final Answer and has consistently earned her value at P Bar S Ranch. We admire her EPD profile and that she ranks in the top 2% of the breed for MB with a .61, top 3% for SMTI with a 72.16, top 10% for CEM with a 9 and SC with a 1.18.

P.E. 12.30.15 to 02.01.16 to PBRS Anchor

PBRS Babble 4204B ranks in the top 2% of the breed for MB with a .60, top 10% of the breed for SMTI with a 67.55 and top 15% for CED with a 12 and BW with a -0.6. We not only appreciate her EPD profile but we also admire her current and prominent pedigree. She is daughter of MAGS Y So Tangled, a proven son of MAGS Winston. He is the once National Champion bull and now leading sire of excellence for many in the breed. Her dam is a purebred Angus female and daughter of SAV Final Answer.

Well here is one of the great ones ever presented by P Bar S in their annual sale. P Bar S Oklahoma Wix 4165 is a purebred Angus female and daughter of Buford Oklahoma X239 and from the proven and powerful Angus donor at P Bar S, Oak Hill Miss Wix 72S. She is solid in her number package and just as importantly she is made as perfect as you would ever want one. She is flawless from every angle and stunning from the side profile.

P Bar S Oklahoma 4190 is one of the picks of the staff at P Bar S as one of the premier Angus females at the ranch. She is a daughter of Buford Oklahoma X239 and from a Buford Pride 9204, a daughter of Limestone Thrill T291. This first calf heifer is long and extended up through her front end and smooth in her lines across her top line. We love her soundness, fluid movement and depth of rib and flank.

Lot 12A - PBRS 6248D - Calved 09.12.16, 50% Lim-Flex homozygous polled, homozygous black bull sired by JCL Lodestar 27L. BW: 66 lbs.

A

ELCX Candy 330C

A daughter of
MAGS Yip from
PBRs Audrey 346A
and Supreme
Champion Female at
the 2016 All-
American Futurity

PBRs Audrey 346A

Congratulations to Edwards Land & Cattle Company, Beulaville, NC for their purchase of P Bar S Audrey 346A from P Bar S Ranch. Her resulting calf sired by RLBH Air Force One, ELCX Candy 330C, was then owned by Edwards Land & Cattle and Wies Limousin, Wellsville, MO where their partnership showed her to dominate the entire All-American Futurity Show as Supreme Champion.

P.E. 11.20.15 to 2.1.16 to AUTO Lucky Strike

This female is one that will make any good cattleman pay attention. She represents a mating that has become very popular and in demand at P Bar S Ranch. That is the blending of the purebred sire MAGS Yip with purebred Angus. This cross as consistently worked time and time again for so many and brought in huge dividends for P Bar S and a select few others. This 50% Lim-Flex double black and homozygous polled female offers a desirable conformation with the strength in numbers. She ranks in the top 4% of the breed with a 10, top 10% for MB with a .41 and top 15% for SMTI with a 61.82.

Lot 13A - PBRS 6223D - Calved 08.28.16, 60.5% Lim-Flex double polled and double bull sired by AUTO Lucky Strike. BW: 64 lbs.

P.E. 11.20.15 to 2.1.16 to AUTO Lucky Strike

PBRS Bess 4212B is a result of the blending of the best in purebred Limousin with the best in purebred Angus. There is something magical with that cross! It is the blending of the thick muscled, stout made purebred bull MAGS Yip with the high marbling, easy doing and efficient purebred Angus daughter of Connealy Freightliner. This young first calf heifer has it all stacked in her favor. We appreciate the fact that she ranks in the top 2% of the breed for CEM with an 11, top 15% of the breed for CW with a 38, MB with a .35 and SMTI with a 61.27. This young female sells carrying the service to the once All American Futurity Champion bull and leading P Bar S sire, AUTO Lucky Strike.

This heifer is a result of the blending of big ribbed and big numbered genetics together to create something greater than the two. PBRS Brissa 4179B is sired by the big numbered and highly syndicated sire EBFL Ypsilanti 420Y. He is the double homozygous son of TC Aberdeen 759 and from the once national champion female MAGS Ramada. Her dam is a purebred Angus female sired by Sedgwicks Traveler that represents the strength of the foundation females in the Purebred Angus herd at P Bar S. This young 25% Lim-Flex female ranks in the top 5% of the breed for TM, top 15% for \$MTI and top 20% for WW with a 72, CW with a 36 and MB with a .26.

A.I. 12.9.15 to SYES Best Buy

The goal with the purebred Angus herd at P Bar S Ranch was to create lower percentage Lim-Flex cattle that were easy to maintain, easy on the eye and extreme big numbered. We think we have accomplished this goal with PBRS 4170B. She ranks in the top 10% of the breed in MB with a .36, \$MTI with a 65.03 and top 20% in WW with a 72, YW with a 108, CEM with an 8 and CW with a 37. This daughter of the highly syndicated sire EBFL Ypsilanti 420Y is from the purebred Angus female sired by Limestone Testament T353.

A.I. 12.7.15 to SYES Best Buy; P.E. 12.30.15 to 02.01.16 to PBRS Anchor 930A.

PBRS Breakup 4142B represents a division of P Bar S that is pretty exciting. The division is blending the best in Angus with the best in Lim-Flex to create a set of cattle that are easy to maintain, sound footed, fluid in their movement and have the rib and volume needed to fit into any program. One of things P Bar S wants to offer is genetics that will work in any environment and we think 4142B is a prime example. She is so much the "right kind" and very appealing in her EPD profile. She ranks in the top 4% of the breed in CEM with a 10, top 10% in MB with a .40 and \$MTI with a 64.09 and SC with a 1.10.

PBRS Blue Star 4183B is a 50% Lim-Flex double black and homozygous polled female that comes from the heart of the PBRS replacement pen. She is sired by the multiple trait leading sire JCL Lodestar 27L and from a purebred Angus daughter of SCR Emblazon 750. It has been proven time and time again that blending JCL Lodestar 27L with Angus is a homerun. This young female has the desirable conformation, fleshing ability and depth of rib and over all volume needed to fit into anyone's program. She sells bred to the many times champion and national sale top seller RLBH Air Force One.

This is one female we think you will appreciate on sale day. She is a daughter of the now deceased but once \$25,000 valued herd sire for P Bar S Ranch, MAGS Zamindar. He has left behind some exciting females in the breed and this would be one of them. She is from a daughter of Deer Valley Direction S6118 and was bred in the Edwards Land & Cattle Co. program. We admire this female up through her head and neck and how feminine she looks. She is long and level down her top line and very structurally correct in her stance.

Lot 19A - PBRS 6303D - Calved 10.01.16, 56% Lim-Flex, double black, double polled heifer sired by MAGS Eagle. BW: 73 lbs.

P.E. 2.11.16 to 3.22.16 to OCCC Bonanza 153B.

This 50% Lim-Flex heifer is homozygous polled and homozygous black and represents the P Bar S program very well. She is sired by the once All American Futurity champion bull MAGS Xyloid and from the P Bar S Ranch proven donor FLLR Tiger Lilly. We appreciate the performance and maternal look that she has and think you will be pleased when you see her. She is the result of blending the pedigree of a 75% Lim-Flex sire with a 25% Lim-Flex female.

P.E. 2.11.16 to 3.22.16 to OCCC Bonanza 153B.

PBRS 4236B is one of the top females of the entire sale and one that everyone will appreciate on sale day. She is made nearly perfect up through her head and neck, very level in her lines, sound in her structure. She is a daughter of PBRS 020X, a proven son of the highly syndicated sire MAGS Unloosen from the MAGS Reva female. This young female sells carrying the service to the EBFL Ypsilanti 420Y son that was purchased from Owen Cattle Co. and is now being used as a junior herd sire at P Bar S Ranch.

 This red and double polled 57% Lim-Flex first calf heifer is calm, gentle, moderate in her frame and very appealing from the side profile. She is sired by the deceased sire PRBS Equinox 161Y, the son of LH U Haul 135U from the predictable donor MAGS Natasha. She is from a daughter of Sennett Predator 827U from a PBRS female, PBRS 347T. This first calf heifer represents so many positive traits and will be a great addition to any program.

 This 68% Lim-Flex first calf heifer is homozygous polled and homozygous black. She is sired by the MAGS Unloosen son PBRS 020X. He has been widely used in the P Bar S program where he has created some very well made and productive daughters such as this one. As you will see in the picture she is very feminine and has that cool show look to her. Her dam is a daughter of the once national reserve champion bull EF Main Stay 541M.

This black and polled 43% Lim-Flex heifer is sired by the \$35,000 valued sire AUTO Will Power 160X. He is the son of GAR Predestined from the elite Pinegar donor AUTO Rebeca 292S. Her dam is AUTO Mercedes 249Z the SAV Brilliance daughter from the now deceased MAGS Manuela. This young female is the best of the best and combines two of the top lines of cattle in our breed. She ranks in the top 4% of the breed for MB with a .51, top 10% for SMTI with a 66.57. She sells carrying the service to the breed popular A.I. sire MAGS Aviator.

Lot 26A - PBRS 6304D - Calved 10.03.16, 40% Lim-Flex, double black, double polled bull sired by PBRS Anchor 390A. BW: 66 lbs.

A.I. 12.8.15 to HUBB Bullet Proof; P.E. 12.30.15 to 2.1.16 to AUTO Lucky Strike

This 25% Lim-Flex first calf heifer will make a very nice replacement for any quality conscious cattleman. She is moderate in her frame score, broody in her appearance and very maternal in her look. She is a daughter of the purebred Angus sire SITZ Top Game 561X and from a daughter of EXLR Neo 614N on the bottom side of her pedigree. The intention in creating this female was to create a calving easy female that offers low birth, high growth, milk and marbling and we feel we have done just that. She ranks in the top 5% of the breed for MK with a .48, 10% for SMTI with a 67.07 and top 15% for REA with a .73.

Lot37A - PBRS 6249D - Calved 09.12.16, 34% Lim-Flex, double polled, double black bull sired by HUBB Bullet Proof. BW: 74 lbs.

A.I. 12.9.15 to PBRS Bunk House; P.E. 12.30.15 to 2.1.16 to AUTO Lucky Strike

This first calf heifer has been created with a purpose. She is a result of the blending of the best in purebred Angus with the best in lower percentage Lim-Flex cattle. P Bar S Ranch decided instead of creating more purebred Angus they should add more power and muscle to a calf crop and create cattle with a little more bone and substance to them and PBRS Best Game 4145B is just that. She is a daughter of SITZ Top Game 561X and from a Lim-Flex daughter of the once reserve national champion bull EF Main Stay 541M. We appreciate that she ranks in the top 3% of the breed in REA with a .91, top 10% for MB with a .46, SMTI with a 64.21 and MK with a 34. She also ranks in the top 15% for BW with a -0.8.

Lot 28A - PBRS 6228D - Calved 09.03.16, 32.5% Lim-Flex, homozygous polled and double black heifer sired by PBRS Bunk House. BW: 68 lbs.

These two full siblings are sale features and some of the finest ever created and to carry the PBRS tattoo and brand. They are daughters of the big numbered and prominent Angus sire EXAR Classen 1422B. He is the big league purebred Angus son of Dameron First Class from the famed Express Ranches donor EXAR Princess. Their dam is WLR Rendezvous 050R, the leading PBRS purebred donor that has created so much for them. She is a daughter of one of the heaviest muscled and most powerful purebred bulls of the breed GPFf Blaque Rulon and from the once elite Wies donor KEHG Juliet 10H. This mating has proven time and time again for P Bar S and her daughters have been very well accepted in the breed. We can talk for days on how well these two heifers are made and perfectly designed but instead we would ask that you attend the sale and see for yourself. We welcome all inquiries and are excited to show you the fruits of our labor.

PBRS Wagon Wheel 994W is the partnership donor with P Bar S and Double A Limousin and proven daughter of GAR Predestined form WLR Rendezvous 050R. P Bar S Carbon Copy 54C is sired by the huge numbered Lim-Flex sire LH U Haul 135U. She ranks in the top 2% of the breed in MB with a .66 and SMTI with a 74.78.

Lot 33 // PBRS Carbon Copy 54C ET

MAGS Xyloid Daughters

These eight daughters of MAGS Xyloid featured here are a big part of this annual P Bar S Ranch Proof of Progress Sale. MAGS Xyloid made his presence known when he was named the All American Futurity Supreme Champion bull for Magness Land & Cattle Co. and Edwards Land & Cattle Co. He now makes his home full time at Edwards Land & Cattle Co. where his progeny have continued to make some of the breed's top show cattle and have topped sales across the land. P Bar S Ranch made their decision to influence their program in creating quality genetics. P Bar S Ranch wanted to incorporate the heavy muscled, big footed and heavy boned MAGS Xyloid and blend with their purebred Angus females and lower percentage Lim-Flex females. Take a close look her and see for yourself of how well these 8 daughters have grown and look now as first calf bred heifers. Take a close look at the scan data of these MAGS Xyloid daughters and this will give you a strong perspective on what these females are going to be like in production.

This 50% Lim-Flex heifer is homozygous polled and homozygous black and one of the features of the entire sale. As you have seen here in her picture she is very clean in her lines and very appealing in her profile. We so admire her femininity and the kind of front end and sharpness she has in her front end. Take a look here at her depth in her fore rib and the amount of depth and capacity she has. She is long and level out of her hooks to pens and stands big footed and structurally sound. She is epitome of greatness and one of the finest in this sale offering. She is sired by the now deceased multiple trait leading sire JCL Lodestar and from a Lonely Valley purebred Angus female on the bottom side.

When P Bar S Ranch was trying to decide what to mate one of their consistent producing Angus females to, there was only one sire they felt would work and that was JCL Lodestar 27L. Some of the finest females created at P Bar S have been JCL Lodestar 27L females that are from purebred Angus. This female represents that statement very well and we invite you to come take a look. She ranks in the top 10% of the breed in BW with a -1.2 and MB with a .38, top 15% for SMTI with at 61.66. She also ranks in the top 20% for CED with an 11.

Here is a sale feature and one that will make you smile when you see her on sale day. She absolutely perfect from every way you might take a look. From the side angle she is feminine fronted, smooth in her neck and shoulder junction and then very level and complete in her lines. We admire her structure, substance of bone and very fluid in her movement. From behind her she has more than plenty of thickness down her top line and in her hindquarter. She is sired by MAGS Acapulco the highly syndicated bull and son of Connealy Consensus from the elite purebred donor, EXLR Luvly 821M. Her dam is a daughter of LH Rodemaster 338R from the same cow family as that of the national champion bull DHVO Deuce 132R.

This 43% Lim-Flex first calf heifer is a daughter of ELCX Turning Point 641Z, the top selling lot and purchase for P Bar S in the 2014 Edwards Land & Cattle Co. sale. PBRS Caviar 564C is from a purebred Angus female and daughter of Buford Blackbird 271Z. This female to date has been very easy to maintain her condition and we feel once she is in production she maintain that same status.

MAGS Zamindar Daughters

These three heifers represent a division of P Bar S Ranch extensive herd. They are sired by the now deceased MAGS Zamindar. He was a once top seller at \$25,000 and a son of BOHI Top Dollar 7144T, the leading son of AUTO Dollar General 122R from the national champion female Carrousel's Pina Colada. P Bar S Ranch wanted to use a purebred and heavily muscled bull on a select group of purebred Angus females and you will see below the results of that project. They are very uniform in their look, moderate in their frame and very easy in their condition. Take a close look at these three homozygous polled 50% Lim-Flex heifers.

This first calf heifer is a purebred Angus female. She is sired by the big numbered and powerful Angus sire from Buford Ranches, Buford Oklahoma X239. She is from LBAF Shawnee 602, a daughter of Twin Valley Precision E161 from a daughter of SAV 8180 Traveler 004. She stands upright and very prominent in her stance. We admire her length of body and unique and desirable design.

Lot 61 // P Bar S Shawnee 563

LIMOUSIN TODAY PROFIT TOMORROW

What is a Lim-Flex®?

Limousin are the ideal complement to British-based cattle. With Lim-Flex® hybrids, there are genetic options to fit every need, from fullblood and purebred Limousin for a “full-shot” of muscle and efficiency, to Lim-Flex hybrids for a “blended-shot” of Limousin with added marbling and maternal from Angus (black or red). With Lim-Flex, breeders can offer a just-right shot of Limousin to meet the needs of any crossbreeding program.

Lim-Flex stands for Limousin with muscle and efficiency, along with flexibility — the most significant strength of this powerful genetic blend:

- Flexible seedstock for simple, easily managed crossbreeding;
- Flexible market progeny that consistently hit dressing percent, yield and quality grade targets;

- Flexible females adapted for efficiency across a wide range of environments.

FLEX stands for Limousin Efficiency Cross — the beef industry’s answer to profitable system-wide production of case ready products. NALF’s UltraMate Xbreeding System outlines how to use Limousin and Lim-Flex seedstock on different types of commercial cows to hit end-product and maternal targets.

Registered Lim-Flex are backed by documented pedigrees, EPDs, and genomic data provided by the North American Limousin Foundation.

LIM-FLEX 
Limousin x Angus Hybrid

Limousin and Lim-Flex® (Limousin x Angus hybrid) deliver to your bottom line.

P BARS Thanks You

Elgin, wife Jolene
and daughters Taylor
& Tenley Elmore

With 22+ years of being in the Limousin seedstock cattle business, P Bar S Ranch (or as we refer to it "THE Little Ranch with Big Genetics"), takes a lot of pride in being a top source for predictable genetics.

We have enjoyed propagating and developing superior performance seed stock for the most quality conscious commercial and purebred seed stock over the years. They all carry and proudly represent the PBR prefix and of course sell fully guaranteed to your liking. We strive to produce cattle that are easy to maintain, above average in their EPD's and very sound in their structure. If we can answer any questions in regards to our cattle or program, please don't hesitate to call. It is our honor that you would inquire.

Be sure to log on to our new website at www.pbarsranch.com

Taylor showing her P Bar S heifer.

PBRS Cisco 514C is a 50% Lim-Flex herd sire prospect that is homozygous polled and homozygous black. He just happens to be a maternal brother to PBRS Milestone, the \$30,000 syndicated sire and a paternal sibling is the \$20,000 valued donor owned with Owen Cattle Co., Hornbeak, TN. This beef bull is sired by PBRS 024X, the once PBRS senior herd sire and son of DHVO Deuce from the predictable purebred Angus donor Oak Hill Miss Wix 72S. He ranks in the top 4% of the breed for MB with a .53, top 5% in \$MTI with a 68.2 and SC with a 1.22.
