

*LIMOUSIN*  
2019  
**Production Sale**

**FEBRUARY 25, 2019 • 1:00 p.m.**  
At the Ranch - Flintoft, Saskatchewan

Dear Friends,

Welcome to our 2019 production sale. Here at JYF we continue to focus on the Limousin breed. We plan each mating individually in the hope of creating a great one that will continue to improve the breed.

Once again mother nature and the markets threw us a curve ball. However, we are thankful that we are involved in a breed of cattle that will help us meet the challenges. The feed efficiency of Limousin cattle has helped us with the high costs of feed. As pounds of feed to pounds of gain becomes crucial the Limousin breed can be relied on as a source for profitability. As pounds of beef per carcass becomes a profit center that the beef industry continues to focus, the Limousin breed is positioned for the future.

We encourage you to contact us or our professional sales staff if you have any questions about the offering we are proud to present. We also invite you to be with us sale day so we can show you some JYF hospitality.

JYF

**Representatives**

Andy Rest, Limousin World.....406-670-5678

**EPD's**

EPDs are produced weekly so there will be some changes by sale time. The Canadian Limousin Assoc. website will have current numbers.

**Delivery**

\$100 credit will be given to bulls picked up sale day. We ask that you take your bulls as timely as you are able due to our shortage of feed. We will do our best to make sure your bull is delivered when required. Please indicate the appropriate delivery time so that we can make arrangements. We ask that all bulls that are left sale day be insured.

**Announcements**

Announcements at the sale by the owners or auctioneer will take precedence over statements in the sale catalog.

**JYF Aged Bulls**

*Our bulls are not pushed to maximize yearling data. Instead, they are managed to grow out over winter; and this year were fed a mix of 50% Kochia weed, 25% straw, 25% greenfeed on return to the yard. We topped off with 12# of a 15% lentil based pellet. We try to get the bulls ready for multiple years in the breeding pasture.*

*We have made every effort to provide you, our customer, with the best bull for your money. We calve on the range, in April and May. This provides a 2 year old bull that will cover more cows and save you money. We also have a fall program where we calve from Sept 1 to Oct 15. These bulls are basically big January yearlings and provide another age option.*

*No bulls are sold before the sale so you're picking from the entire calf crop. Due to their age, these bulls have gone through extra rounds of culling to ensure that they are as problem free as possible.*

*The JYF aged bulls are designed with you in mind. It is extremely important to us that you get the best bull to meet your requirements. We will assist in any way we can, including at the auction. If you are not totally satisfied with your selection, you will not own him.*

	Fall 2018 Limousin Breed Average EPDs							
	BW	WW	YW	Milk	SC	DOC	REA	MARB
EPDs	1.9	59	88	22	0.5	10	1.15	-0.50

## Management Rating

*We have been chute scoring docility at weaning since the system came out. We have found it useful, but that it did not adequately describe a bull's demeanor at sale time.*

*Bulls change as they get older and their testosterone levels increase. We see differences when working them to measure Yearling data, as well as sale preparation activities like picturing and video. In an effort to better describe a bull's disposition before they find out what they are made for; we have come up with the JYF Management Rating. We have scored them multiple times, on our own and talked about the scores together. We assure you that we have taken every opportunity along the way to weed out a potential problem bull. This rating is simply another way to differentiate one bull from another.*

1. *Petable without halter breaking*
2. *Easily handled no matter the situation*
3. *Easy going. Very easily halter broke*
4. *Quieter than average, but slightly restless and may be stubborn during processing*
5. *Typical temperament. Manageable but nervous and impatient. Exits chute briskly*
6. *Restless and always moving away in the pen*
7. *Easily managed with other cattle, not so easily alone.*
8. *Heads up with a big flight zone. Seems to be the first to run*
9. *May exhibit attack behavior when handled alone*
10. *Always very aggressive, pronounced attack behavior*

## Herd Health Program

**Prior to breeding** - All cows and bulls are vaccinated with modified-live vaccine for: IBR, BVD (types 1 &2) PI3, BRSV.

Calves are vaccinated with modified-live vaccine for: IBR, BVD (types 1&2) PI3, BRSV, 8 way clostridial, haemophilus, pasturellia.

Bulls, cows and calves are treated for internal and external parasites.

**Prior to weaning** – All calves vaccinated (boosted) with modified-live vaccines for: IBR, BVD (types 1&2) PI3, BRSV, 8 way clostridial, haemophilus, pasturellia.

Bulls, cows and calves treated with pour-on parasite control.

**Prior to Sale** - All bulls are semen tested and given the first treatment of Fusogard.

All cows are tested for John's disease. We have a zero tolerance policy for positive tests. These animals and their offspring are removed from the breeding herd to insure the the future health of your herd.

JYF Where Limousin Keep Getting Better

# JYF Heifers

Due to continuing shortage of feed, we are offering all of our 2017 fall born heifers for sale. These are the heifers that we would normally have retained in our program for breeding. We feel every female has the potential to raise a great one.

Here at JYF, cows have to work for us. Here are a couple of examples of cows that have gone to work for their new owner:

- JYF 530X for Wulf Cattle (62 progeny and counting)
- JYF Passion 443P for Tim Matthews (53 progeny and counting)

We are very proud of the females on offer and expect them all to make a significant contribution to the Limousin breed.

JYF Passion 443P

JYF 530X

## TERMS & CONDITIONS

**PARTIES OF GUARANTEE:** All guarantees are between the buyer and the seller.

**ROLE OF THE ASSOCIATION:** The Canadian Limousin Association shall not be responsible for any guarantees given by a seller of Limousin cattle.

**BULL BREEDING GUIDELINES:** All bulls offered for sale as breeding bulls, except calves at side, must be guaranteed breeders.

Should any bull fifteen months of age or over fail to prove a natural breeder after being used on cows known to be breeders and free of any venereal disease, the buyer shall report in writing to the seller and provide a report of a complete examination by a qualified veterinarian. This notification shall be provided to the seller no later than four (4) months following the date of purchase or six (6) months after the bull has reached fifteen (15) months of age, whichever is later. The buyer shall return the bull to the seller at the buyer's expense. The seller shall have the opportunity to have the bull examined by a veterinarian of his choice. In the instance of a fertility re-test by the seller the bull must weigh the same or more than his posted adjusted 365-day weight. If the bull falls short of this weight then he must be reconditioned to meet the weight and then be re-tested. The seller will then have 45 days to prove this bull a breeder. If this bull proves to be a satisfactory breeder the bull shall be returned to the buyer.

In the event the seller fails to prove the bull a satisfactory breeder the buyer has the option to either accept a replacement F.O.B. the seller's ranch or a refund of the actual purchase price. No incidental expenses such as feed, veterinary charges, interest, etc. will be charged by either party. In no event shall the seller be responsible for reimbursing more than the purchase price.

**FEMALE BREEDING GUIDELINES:** Females represented as being "pregnancy tested safe in calf" are considered breeders without further guarantee. Cows and heifers represented as "bred" are not guaranteed safe in calf; but these, as well as open heifers selling as individual lots, are guaranteed to be breeders.

In the event a female is claimed to be a non-breeder after having been bred naturally to a bull known to be a breeder and after having been examined by a qualified veterinarian, the matter must be reported in writing and the veterinarian's report should be provided normally no later than six (6) months after the sale date or prior to the heifer attaining eighteen (18) months of age. Assuming that the female is returned to the seller in adequate body condition, the seller shall have seventy (70) days following the date that the female was returned to the seller in

which to prove such female a breeder.

The seller may use any registered Limousin bull available to him/her, in which case the said female will be reclaimed by the purchaser at his/her expense.

Should the seller fail to prove the female a breeder, the buyer has the option to either accept a replacement F.O.B. to seller's ranch, or a refund of the actual purchase price. No incidental expenses such as feed, veterinary charges, interest, etc. will be charged by either party, and in no event shall the seller be responsible for reimbursing more than the purchase price. In the event the buyer of an "OPEN" heifer finds that she was in fact in calf on sale day, he/she may return the heifer to the seller and at his option receive a satisfactory replacement or a refund of the purchase price. In the event a female sold as being safe in calf does not calve to the published and/or announced breeding date(s), the buyer, after notifying the seller in writing, may return the female and receive an immediate full refund of the purchase price.

**EXCEPTION TO GUARANTEE:** No guarantee is given that a pregnant female will deliver a live calf, nor that she will carry the calf full term. In cases where the animal is subjected to any growth hormonal treatment, embryo transfer, or surgical reproduction technique after the sale, the guarantee shall be null and void.

**SUCKLING CALVES GUIDELINE:** No guarantee of any kind applies to suckling calves less than six (6) months of age sold with their dam.

**RIGHTS AND OBLIGATIONS:** The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase shall constitute a separate transaction and the rights and obligations of these two parties connected thereto are not covered by the terms and conditions of the sale.

**ARBITRATION:** In the event of a dispute, the purchaser and seller may ask the Canadian Limousin Association to arbitrate the matter. The Arbitration Board shall be conducted under the rules of arbitration wherein the purchaser and seller will each appoint one person to the Board and the Canadian Limousin Association will appoint a Chairman. Each party will have one vote, and the decision of the majority of the Board being binding on both the seller and the purchaser.

Expenses of the arbitration will be at the sole discretion of the Chairman. Under no circumstances will the seller be liable for more than the purchase price of the animal.
