Welcome from PINNACLE VIEW LIMOUSIN

30 years! It seems like just yesterday we were purchasing our first Limousin heifers for the kids' 4H projects. It is crazy how fast time goes and how, from two little heifers, a now second generation Limousin seedstock operation is born.

We are so honored to be hosting you for what promises to be the BC Limousin event of the summer! It is our 30th Anniversary as Limousin breeders and we are celebrating with our first ever Anniversary Production Sale! These 30 lots are the result of the best genetics we have raised to date and we couldn't be more proud.

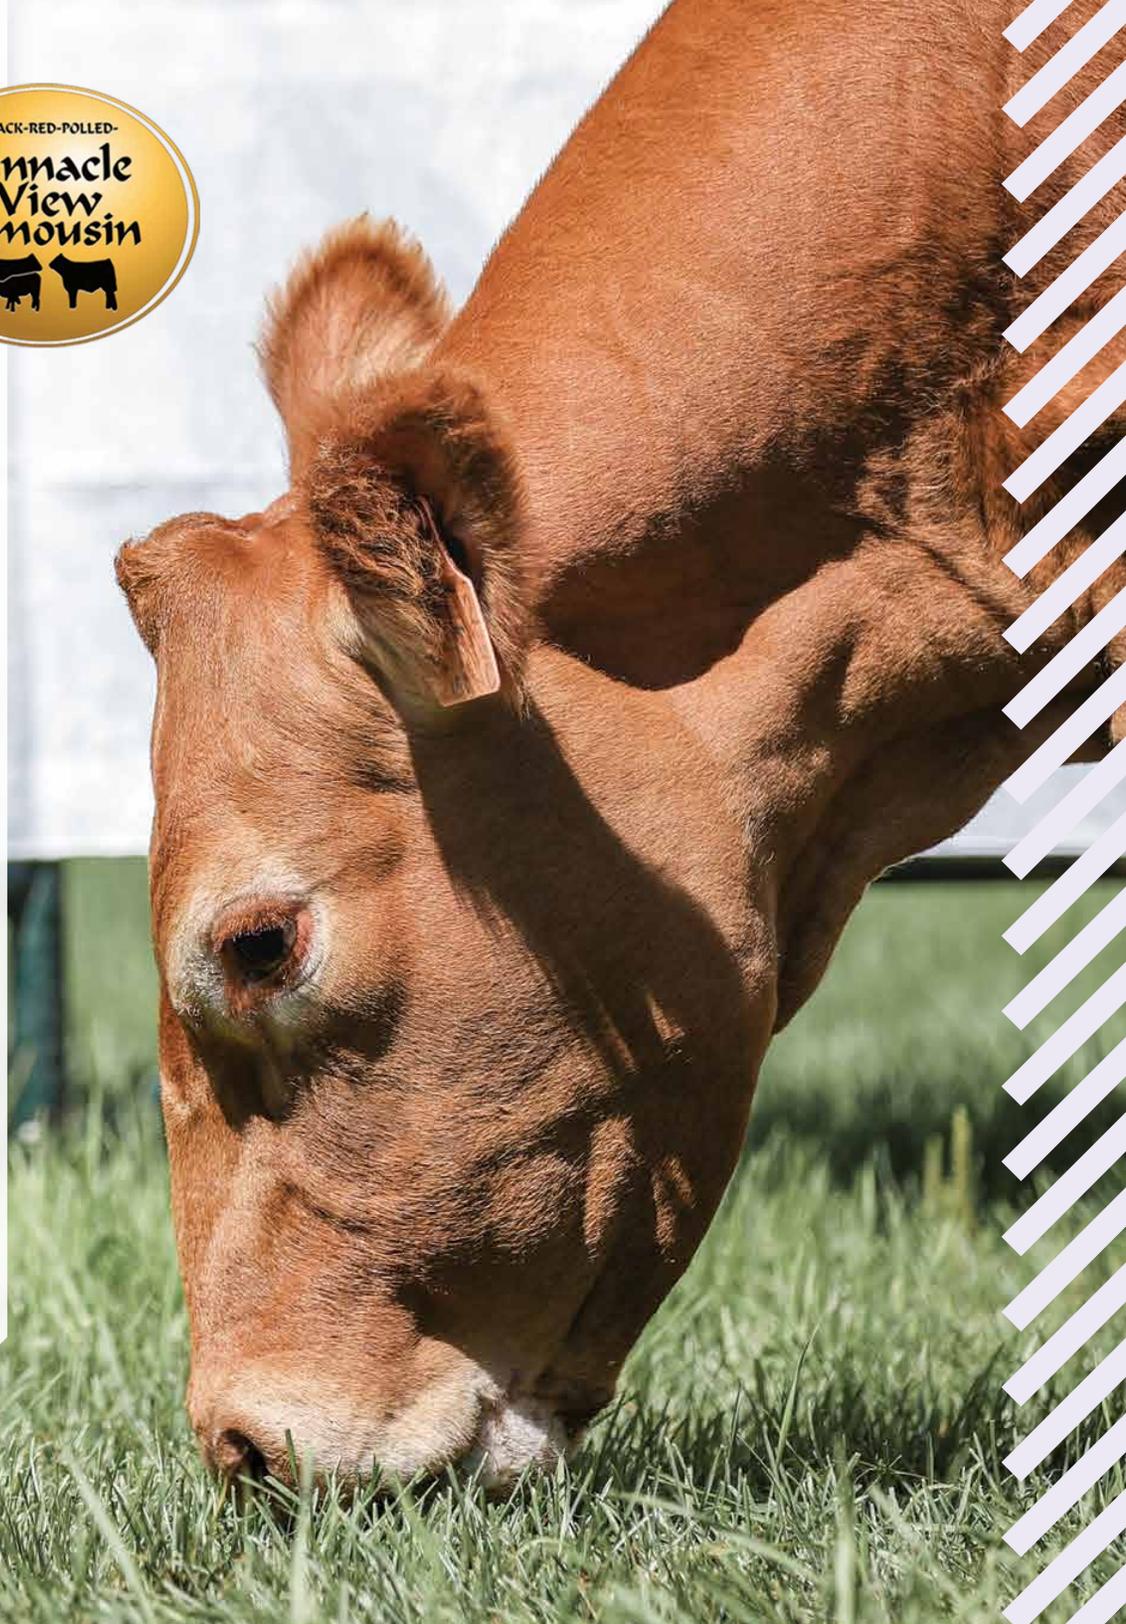

The sale cattle will be live on display, but the sale will be a video sale in the shop. Bidding will be available on site live, or online through DLMS.ca or BC Livestock's NextLot platform.

This will be a destination event fit for every cattleman! The day will include cattle displays, tours, guest speakers, dinner before the sale, and hospitality following the sale. The cattle displays will include bull calves that will be featured in the 2022 Continental Connection Bull Sale. So even if you aren't in the market for females, you will get a sneak peek at what to expect next April! There will also be a draw for the heifer calf or bull calf of your choice!

We invite you to come and stay for the weekend in your RV, or ask us about other local accommodations. We are working on some local tour options to other operations in the area as well as tourist attractions so please bring your whole family.

Sincerely,

- The Swaans & The Kishkans

Welcome from BOHRSON MARKETING SERVICES

September 11th is a recognition of achievement for the Limousin industry! Join us in Quesnel, BC to celebrate 30 years of Limousin involvement for Pinnacle View Limousin! The wonderful PVL hospitality is second to none and the ranch and beautiful surrounding area will definitely supply many lifelong memories.

The Swaan and Kishkan families has been involved in all aspects of the growth of Limousin across Canada and worldwide. Rob and Erin are both former CLA directors and have dedicated countless hours to providing leadership to the breed's membership. Erin also served as CLA president. Thank You!

In BC and across Canada PVL has shown, sold and supported shows and sales. In recent years their family has been very involved in the CJLA program.

Our 9-11 sale lineup is truly impressive, giving breeders a unique opportunity to start or enhance their herd with elite genetics based on years of careful selection and breeding. What a deep set of bred and fancy 2021 females! The choice lot opportunities warrant your appraisal as they have great potential. Both red and black genetics will certainly capture your attention and are backed by leading sires including Bentley, Sting, Cop Car, Endless Power and many more. Embryo opportunities and the calving ease semen lot of Wulfs Horton rounds out the exceptional sale lineup.

The Bohrson Marketing Services team would love to discuss the Pinnacle View Limousin 30th Anniversary Production Sale offering with you and will handle your inquiries in a professional manner.

Sincerely,

-The Bohrson Marketing Team

Flirt and Jailbait are the type that make you want to creep their Facebook profiles. This baby and her momma sell on choice and I honestly don't know which one I would take. This little cow as really outdone herself on this one and she's just the kind we love. She's beautifully uddered, works hard, keeps condition, rebreeds, and out produces herself. Can you really ask for more?

Exposed April 7/21 to June 24/21 to BBAR/Hawkeye Sting 47F. July 26/21 Preg checked at 90-100 days.

So full disclosure, I really didn't want to part with either of these females. If I could build my herd around one cow family it would be my 353X cow, so to offer up a direct daughter gets me in the feels. Oh, you want more? Ok, how about her heifer calf is out of CWA Supreme Champion bull – Greenwood Electric Impact! This heifer calf has me Jazzed all day long with her softness and depth of body. These two are going to have a lot of friends on sale day.

LOT 2A, MATERNAL SIB

We are very excited to see these B BAR/Hawkeye Sting daughters in production. This broody cherry red heifer is one to watch. She's a maternal sister to the Lot 2 RAE 9F cow and you can see the similarities in their type and kind. She is carrying a very profitable mating to the B BAR Bentley AI Service.

AI'd April 8/21 to B BAR Bentley 8D (Vet's Opinion - SAFE). Exposed April 15/21 to June 23/21 to Pinnacle's Hero 56H.

SERVICE SIRE

Our 66E cow is an up and comer in our herd that we are watching closely. She has produced some very nice females so far in this bred heifer and the Lot 26 heifer calf in this offering. This blonde babe is soft made, deep bodied, and wide topped. She carries what promises to be a very exciting mating to the B BAR Bentley bull.

Al'd April 8/21 to B BAR Bentley 8D (Vet's Opinion - SAFE).
Exposed April 15/21 to June 23/21 to Pinnacle's Hero 56H.

MATERNAL GRANDDAM

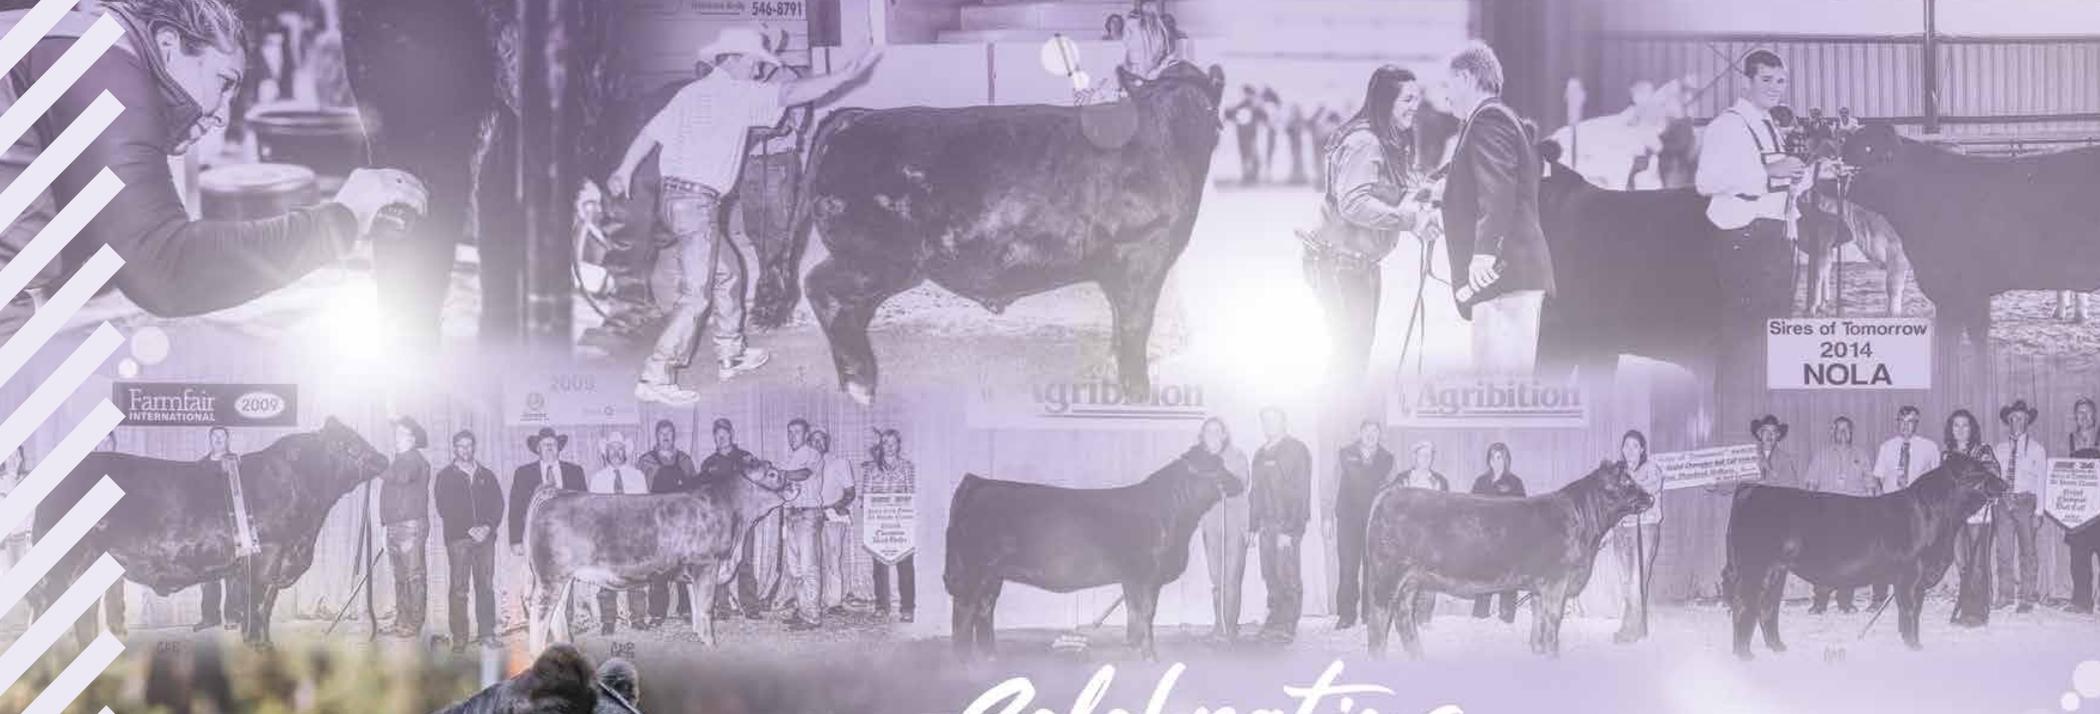

SIRE

There was no magic wand that made this flashy black female. She was the result of a planned mating to our calving ease specialist herd sire Cop Car, who is now working at Hawkeye Land and Cattle in Ontario. This moderate framed sweetheart is beautifully patterned with good bone and a nice solid foot. She goes back to one of our original donor cows Anchor B Phoebe, a powerhouse in her day. She sells safe to the black calving ease bull Wulfs Blackhawk N904B.

Al'd April 8/21 to Wulfs Blackhawk N903B.
Exposed April 15/21 to June 23/21 to Pinnacle's Hero 56H.

If Volkswagen made a cow, this would be it! She's small, but mighty. This heifer started her life 10 days early at a mere 44lbs! I could hardly believe my eyes when I found the little squirt, but she was strong and healthy and has grown into a moderate framed stout little calf. So if you are trying to moderate some BW, she's it!

So what do you do when you have a big time performance cow who always throws calves with just a hint too much BW? You breed them calving ease of course! Well, we managed to moderate the birthweight on this one, but that was about it. Everything about this heifer calf is power! She has enough top to serve Christmas dinner on, but maintains a correctness about her and beautiful front end. Pen favorite here folks.

Ok, confession, when I said if I had to choose one cow to build my herd around, I lied, there are two cows. The other one is our TMF Miss 2X cow and her daughter 33B. This cow family has been consistently cranking out the good ones since 2012. This little ET gem is the latest addition to the legacy and backed by Greenwood Fernando, you really can't go wrong. This could possibly be my favorite of the heifer calves, but I'll let you make that call.

LOT 10, MATERNAL SIB

Here is a young end of February heifer that comes from an "up and comer" in our herd. 66E is going to be the next big star if she keeps producing like this. Moderate, correct, soft made, stout, she checks all the boxes. This cherry red heifer calf could be a sleeper in the sale, so have a close look at her.

LOT 27: 4 EMBRYOS | LOT 28: 4 EMBRYOS

B BAR BENTLEY 8D ♂ WGL ARIZONA 8A

EMBRYOS STORED AT PINNACLE VIEW LIMOUSIN // CANADIAN QUALIFIED

SIRE OF EMBRYOS

WGL Arizona 8A is a cow we acquired from the Top Meadow dispersal and we couldn't be happier with her production record for us. She has earned her way closer to the Donor pen year after year and after laying down and having twin heifer calves for us, we decided this spring, it was time. She did not disappoint giving us 19 viable embryos...while nursing her twins! Her 2020 daughter 7H sells as a feature in the bred heifer division of the sale and her and her twins will be on display for you on sale day! This mating to B Bar Bentley will most certainly be a profitable one!

DAM OF EMBRYOS

Embryos are stored at PVL, but can be shipped anywhere. Canada qualified only.

JYF CHUNK 35C ♂ TMF MISS 2X

EMBRYOS STORED AT PINNACLE VIEW LIMOUSIN // CANADIAN QUALIFIED

SIRE OF EMBRYOS

Our Miss 2X cow needs no introduction. If you have followed our program in the last 10 years you will have seen many of her progeny show up in our herdbook. She has sons and daughters in production all over the country including 4 in our herd. We mated her with the Chunk bull to add some volume and muscle to her and it is proving to be a hit! We sold one of these embryo sibs in our 2020 Continental Connection bull sale, have another bull calf on the ground now, and still have several more in the tank to look forward to. Don't miss this opportunity to get your hands on some legendary Miss 2X genetics.

Wulfs Horton is a Hunts Credential's son we acquired from the 2021 Wulf Cattle Opportunity Sale. He's very strong numbered and ranks in the top 1% of the Limousin breed for MTI and 2% for Marbling. He offers all the good of his sire with added WW & YW plus a big boost in REA. He also has a beautiful phenotype with a smooth shoulder, level hip and a stout, flexible hindleg. We are very excited for this young "calving ease meets performance" herdsire and what he can add to our program.
