Peterson's L7 Bar Limousin

Greetings from the Peterson families,

One would think after 60+ years in the cow business you would have seen or heard just about everything, but once in awhile something happens that makes you realize things happen that add a whole new dimension to life. Wendy has always said that if you want to hear God laugh, just tell him your plans!

We are seeing change happen on all fronts and at a rapid pace. These changes certainly bring challenges but they also bring new opportunities to challenge ourselves, our thinking and to look at things differently so not to miss an opportunity right in front of us. The more things change, the more we realize the values of our past are still the values of the future as it relates to the cow business here at the L7 Bar. First and foremost, that cow must be working for you-not the other way around. It's then up to the cow to raise a calf with as little help as possible. Once weaned the calf must gain fast and produce a product desired by the consumer.

"Efficiency" and "Sustainability" are two buzz words you can't go a day without hearing somewhere. We believe that the modern ranches and farms have no choice but to be efficient in order to be sustainable. That's why we've been sold on Limousin genetics since they first came to the U.S. Whether it's feed efficiency or maternal efficiency, Limousin lead the way! The Limousin & LimFlex cattle you see offered in this catalog represent our 50+ year commitment to breeding cattle with the goals of sustainability in mind. The cattle that ranchers produce must feed our families first by producing a desirable, profit-minded product and do their part to be the preferred protein source to feed an ever-growing world.

If you have any questions, feel free to contact Rod, Cade or any of the listed sale staff. Better yet, stop by the ranch prior to sale day!

We make delivery swings to central locations in South Dakota and surrounding states and will work with you to get your purchases to you as economically as possible. We offer a $50 per head discount for cattle picked up sale day. Volume discounts start with a 5% discount on five to nine head and 10% discount on 10 head or more. If you plan to use a bull A.I., please let us know so we can pull DNA on the dam to meet NALF regulations. The cattle are fully guaranteed – buy with confidence!

Thanks again for the interest in our program. We look forward to hosting you April 13!

One Family Committed Program

Directions to the ranch...

From Chamberlain Exit 265

- South 6 miles to 254th St., East on 254th St. for 1 mile then turn South for 1 mile, turn East on 255th St. for 2 1/4 miles, then head South down driveway.

From Pukwana Exit 272

- South 4.5 miles to 254th St., West on 254th St., 3 miles to 348th Ave., South 1 mile to 255th St., West 3/4 mile.

The cattle will be at the ranch south of Chamberlain. You are welcome to come and inspect the cattle anytime.

2021 Premier Exhibitor

How to analyze our performance information . . .

BW - weight of calf at birth

All the births were scored to calving ease with:

A - Unassisted
B - Some Help
C - Mechanical Pull
D - Caesarean
E - Abnormal Presentation

WW - weaning weight - This is the weaning weight of the cattle adjusted to 205 days of age. WW is a good indication of early growth of a calf and milking ability of the mother.

YW - yearling weight - This is the yearling weight of the animal adjusted to 365 days of age with at least 150 days between the actual weaning weight and the time of recording the actual yearling weight.

WDA - weight per day of age - This is a tool for you to use in your selection because rate of growth is heritable. However, WDA could have a direct relation to how hard the animals are fed, but it also gives you an idea about growth potential especially when compared to weaning and yearling weight.

SC - scrotal measurement - Measured in centimeters. By Doctor Erik Holum, scrotal measurements are actual, not adjusted.

Scan data on yearling bulls is adjusted to 365 days.

EPD'S were taken from NALF on March 1st, 2022.

	9	1.2	72	115	21	1.06	10	-0.34	29	0.82	0.08

There is a lot to love about this Homo Polled son of L7 Earned Run. He is stout featured, big ribbed, wide based, and thick made. He was moderate at birth and heavy at weaning and yearling. His mother is an excellent daughter of L7 All the Answers going back to one of Delaney's past show heifers now a pasture matron simply known as Agnus around here. Don't miss out on this fresh pedigreed herd sire prospect. Retaining 1/3 semen interest

Lot 2 — L7 1005J

	11	0.0	71	104	24	1.40	6	-0.29	44	0.97	0.37

A real Hot Dog herd sire prospect here in this Homo Polled Wulf's Emprize son. Numerically he is a masterpiece! He ranks in the top 20% or better for 8 traits, which includes top 15% for REA and ratioed at 136 for IMF. He was 78 pounds at birth and shot to over 800 at weaning and over 1400 at yearling. His Spaceship mother did an excellent job raising this stout, belly dragging, good structured rascal. Retaining 1/3 semen interest

When Memphis finished watching Tombstone a few years back, there was no doubt what he was going to name his bull when the letter "J" rolled around. I present… L7 Johnny Ringo. Sired by the lead carload bull for Krebs Ranch, KR Synergy, Johnny is a powerful, deep sided, high volumed, big footed, finely tuned machine. His 1446 yearling weight and 17 inch REA go to show that this Homo polled, Homo black performance bull has more to offer than just his good looks. Retaining 1/3 semen interest

• Terms and Conditions •

Terms: Cash - settlement immediately after the sale unless prior arrangements have been made.

Health: September - Cattle Master 4 (IBR-BVD-PI3-BRSV); 7 way Clostridium; Haemophilus Somnus. Heifers are all Brucellosis vaccinated. October - Three weeks later at weaning; Cattle Master 4, Haemophilus Somnus, Ivomec. April - Bulls are scrotal measured, semen tested, Brucellosis tested. Breeding age females have had Preg 9, Anthrax in spring.

(1) On all animals sold, health tests will be announced at the sale or printed in the sale catalog. It is understood that health papers reflect the condition of the animal at the time of the sale but carry no further guarantee as to the future health of the animal. (2) Buyers having special health requests or who wish to take cattle into states with specific or rigid health regulations should inquire specifically about the health tests required for entry into their state. (3) All females sold are considered to be calf-hood vaccinated for Brucellosis unless they are otherwise stated in the catalog or announced from the block. It is suggested that verification of vaccination be written on the health certificate.

Delivery: Free delivery to central locations in South Dakota and surrounding states.

Guarantee: All bulls are semen tested and are guaranteed to be breeders and settle cows. Scrotal measurements will be available sale day. All females one year of age are guaranteed breeders.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. It shall be the obligation of the seller to see that the animals are fed and cared for free of charge to the purchaser for at least 48 hours following the sale. It shall be the obligation of the purchaser to see that trucking of the animal and care of the animal past the first 48 hours following the sale are taken care of.

Multiple Herd Use: The North American Limousin Association new rules state: any bull used A.I. in more than one herd, must have the dam blood typed. If you are planning on using any bulls this way, please write on invoice sale day so we have the blood work on those cows on file. Lots 13, 29, 32, 34, 39, 46, 48, 49, 52, and 56 are not eligible for A.I. use. Dams were sold before blood typed.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. The L7 Bar Ranch will not be responsible for accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

Identification of Animals: (1) Each animal sold will have a readable tattoo corresponding to its registration paper. (2) Seller agrees to check all tattoos for accuracy prior to the sale. The buyer has the responsibility for rechecking the tattoos after taking possession and reporting any discrepancies to the seller immediately. (3) All animals to be sold will be identified by their official registration number, their tattoo and their registered name. If nicknames are used, they should be in addition to the other information. (4) The North American Limousin Foundation (NALF) board recommends that when any animal is sold, there is complete disclosure of any retained genetics in the form of pregnant recipients, frozen embryos or frozen semen.

Registration Certificates: (1) The seller of the animal will submit the original registration certificate with transfer information or an application for registration with transfer information on it so that a certificate can be produced by the Foundation and transferred to the new buyer. The seller must sign the back of the certificate on the application to authorize the transfer. (2) It is the responsibility of the seller to provide NALF with the buyer's complete name, address and membership number (if available) so that they can complete the transfer. It is important that the membership number be given if the buyer is already a member of NALF. (3) It is the seller's responsibility to provide the certificate or application, and transfer information to NALF within 60 days of sale, and pay transfer and registration fees.

Announcements: (1) Any change from the information that is printed in the catalog will be announced from the auction block. (2) All announcements made from the auction block take precedence over the printed catalog. (3) Catalogued lots not selling will be announced prior to the sale.

Mail Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to be present to place your bids, please feel free to contact the Peterson's.
