11:30 a.m. Complimentary Lunch Served

1:00 p.m. **SCHOTT BULL SALE**

**Your call is always welcome.
Stay tuned to our website for
additional sale information!**

Greetings,

Another great year of living off the land in our great state of South Dakota recently ended. In all of my 77 years that I remember, the past year was the most unusual. With regard to the agricultural aspect of it, we were dry until late August. Then, the timely rains started coming, along with the right temperatures and beautiful sun. The grass didn't just grow, it popped. The weaning weights were a concern because of the extreme heat and no moisture. The great cow herd genetics took advantage of the late September grass that sprung up and we were pleased with the great weaning weights considering the tough early growing conditions.

I am certain the most difficult trait for us in the Limousin breed to improve upon to the degree Schott Limousin has improved is the grading. The cow herd is crucial in all traits, but genetics play the biggest part in grading.

After dispersing our 3-8 year old cows in 2016, we primarily kept our own home raised bulls for herd sires. For the three years of 2017/2018/2019 we did not AI any cows. With all that said, pay close attention to all traits from BW to carcass data provided.

To reinforce the incredible genetics we are offering in this year's sale, we have the data from the 2019 and 2020 kill cattle from our herd where 18% graded Prime and 70% graded Choice, which is attributed largely to our cow herd and home-raised herd sires.

For years we have proven to you the great disposition of our cow herd through the bulls you have purchased. And you continue to tell us so. All the while decreasing birth weight and increasing weaning weight. Now with buyers paying closer attention to how your cattle kill, and having this incredible carcass data to back it up, we are confident in the genetics in our herd and its contribution to those grades....ALL TO HELP YOUR PROFIT.

In this sale we are offering 15 calving-ease bulls that should work on heifers with phenomenal weaning weights and EPDs. Remember, this package of bulls and select replacement heifers are backed by magnificent genetics that cover all the areas essential to your profit for years to come. What more can we offer?

Thanks You All!! Hope to see you sale day.
Jim

What an exceptional way to lead off this impressive offering! CHTT Jack Pot 4121J combines a notable pedigree, a balanced EPD profile and an eye-catching phenotype. He is the son of popular AI sire CJSL Data Bank 6124D whose progeny are consistent and predictable. His dam is a 7-year-old daughter of ROMN Deadwood 147Z. On paper, he ranks in the top 15% for weaning weight, top 20% for yearling weight, top 30% for total maternal, top 40% for stayability, top 40% for docility, top 35% for carcass weight and top 45% for mainstream terminal index. Don't miss out on your chance to own this remarkable individual that will predictably advance your breeding program to new heights.

Lot 2

Herd ID: 8541

This powerfully built herd sire prospect has an alluring phenotype. He is stout featured, wide-based and brings added growth, muscle expression and performance. His sire is the popular Wulfs Eisenhower 3616E, the high seller at the 2019 Wulf Cattle Opportunity Sale. He has been siring heavily muscled, sound, docile progeny everywhere he has been used. His dam raised a top seller in our sale last spring and is a daughter of SYES All-Powerful 924A. Numerically he ranks in the top 10% for weaning weight, top 5% for yearling weight, top 3% scrotal, top 10% carcass weight, top 20% marbling and top 10% mainstream terminal index. CHTT Jr 9140J is the total package.

Herd ID: 3801

Here is the heifer safe herd sire you have been scouting for. His sire is a stout Red Angus bull we purchased. WEBR Cinch 748 is a son of PIE Cinch 4126. His dam is a young daughter of RUNL Amazon 382 A. On paper, he comes with a negative birth weight EPD and ranks in the top 2% for milk, top 20% for total maternal, top 10% for stayability, top 20% for yield grade, top 45% for ribeye area and top 30% for fat thickness. Add this double polled sire to your bullpen to create highly marketable calves and elite replacements.

Herd ID: 3616

This herd sire prospect is an absolute eye-catcher. Stout featured, long-bodied, wide-based and truly impressive when set into motion. He is sired by the high-performance CJSL Data Bank 6124D, the MAGS Anchor son who sires fast-growing progeny that present natural thickness and dimension. His dam raised a bull that sold well in our sale last spring. Numerically he ranks in the top 30% for both weaning weight and yearling weight. CHTT Jet Pack 4116J would be a great addition to your bull battery.

Herd ID: 9596

This bull is an absolute stand-out in the offering. Heavily muscled, ruggedly designed, big-bodied and sound on the move. He is sired by CHTT Eye Opener 5722E, a bull we raised, thought a lot of, and retained for in herd use. His dam goes back to the wildly popular RUNL Stetson 850S. On paper, he ranks in the top 30% for weaning weight, top 20% for yearling weight, top 5% for carcass weight and top 15% for both marbling and mainstream terminal index. He comes in a double black, double polled package, bid with confidence.

Herd ID: 7813

Study this attractive made double polled, herd sire prospect that combines rib and muscle to the highest degree. Visually CHTT Jupiter 8114J is moderate, big-bodied, stout featured, easy fleshing and sound. He is sired by Wulfs Garfield T937G, our purchase from the 2020 Wulf Cattle Opportunity Sale. On paper this herd sire prospect ranks in the top 10% for both weaning weight and yearling weight, top 15% scrotal, top 10% marbling and top 3% mainstream terminal index. This herd sire prospect has everything stacked in his favor, phenotypically, numerically and genetically.

This bull is the real deal. Heavily muscled, ruggedly designed, big-bodied and sound on the move. His sire is the popular Wulfs Eisenhower 3616E, the high seller at the 2019 Wulf Cattle Opportunity sale. He has been siring heavily muscled, sound and docile progeny everywhere he has been used. His dam is a daughter of Bar JZ Lawman 479X. On paper he ranks in the top 30% for both weaning weight and yearling weight, top 10% scrotal, top 10% carcass weight and top 40% for both marbling and mainstream terminal index. CHTT Jed 9124J is the total package.

If you like performance-oriented, sound structured, big-bodied, double polled, double black, cattle that have a combination of function and numbers, then study this amazing female. Phenotypically, CHTT 9108J is massively made—she's full in her fore rib, loaded with rib shape, pronounced in her stifle muscle and heavily structured. She is sired by RUNL Alliance 272A, who has a strong influence on this offering. On paper she has a well-balanced set of EPDs. Take note that she ranks in the top 3% for both yield grade and ribeye. Don't miss her. She is the kind to build programs around.

This female has all the pieces to be the next great foundation female in your program. Take a look at this black, polled, purebred that redefines the meaning of feminine. If you're looking for a big-footed, bold ribbed, level topped, square hipped female that's visually attractive then study this one. On paper she ranks in the top 20% for both weaning weight and yearling weight, top 15% scrotal, top 3% marbling and top 2% mainstream terminal index. CHTT 8152J could be utilized in a variety of different breeding scenarios.
