 Adam Zeltwanger (320) 760-5092 • Farm is located 10 miles south of Morris on US Hwy 59

We hope you can join us sale day. However, we know there will be some scheduling conflicts and distance limitations. In these cases, we have arranged for you to be able to participate in the sale on an absentee basis.

If possible, you can come by and evaluate the animals prior to sale day. If distance is a problem, we can also provide you with a DVD of all the cattle for home viewing. All of the lots in the sale will be available for viewing online prior to sale day at Superior Livestock as well.

Customers tell us that the video does a good job of showing conformation, structural correctness, and how the cattle travel, etc. Our sale book, with complete data on each animal, is very helpful. Please feel free to call us with questions.

**HERE'S HOW IT WORKS**

Please call Superior Productions at 800-431-4452 and pre-register for your buyer's number. A registration form needs to be filled out and returned to Superior Productions with a

signature. This registration form is also available on the website at [www.SuperiorLivestock.com](http://www.SuperiorLivestock.com) under the Register for a Buyer Number/Superior Productions tab where it can be printed, completed and either faxed or mailed in. Upon receipt of this information Superior will call you with a buyer's number and the bid line number that you will use on sale day to place bids over the phone.

The sale will be broadcast on the internet at [www.SuperiorLivestock.com](http://www.SuperiorLivestock.com). Simply go to the website and in the brown Production Auctions box on the Home page, click on the Wulf sale link. From there, users can view the Wulf video catalog and also bid online, provided they have registered. Regardless of internet connection, you will be able to view and listen to the same video feed as seen on the satellite. The bidding process is the same—follow the auction on the internet and call the bid line number to place your bids. Your computer must have Flash Media Player installed to view the auction.

Bidders making purchases via internet at [www.SuperiorClickToBid.com](http://www.SuperiorClickToBid.com) will be contacted by the ranch after the sale to settle payment and shipping arrangements.

**A Note From Morris Veterinary Center**

Welcome to the Wulf Cattle Opportunity Sale. This is a very exciting beef cattle program. Genetic improvement drives the program and animal health keeps it going forward.

Wulf Cattle has an open book approach to their herd's health and encourage Dr. Aaron Rokey, Dr. Jason Anderson and me to follow through on any questions or issues that may arise. We are available sale day and also by phone at (320) 589-4033 or email [morrisvet@fedtel.net](mailto:morrisvet@fedtel.net). Jerry, Casey, Eric and I encourage you to contact us if any problems surface with your purchased animals. Together we will find a solution.

Transporting and commingling are high risk times for sickness to occur. I encourage you to keep new animals isolated from your herd for 21 days. Make ration changes gradually and consult with your veterinarian on any needed vaccinations to acclimate Wulf Cattle animals to your herd.

To limit the health risks to your herd, Wulf Cattle has been testing the breeding stock extensively for Johnes. Minnesota has a TB Free status. Official health certificates will be issued for all animals sale day and sent with the transporter. Any animals needing additional tests to meet individual state requirements will be done as soon as possible after the sale.

To insure the health of those you purchase, sale animals have been vaccinated against IBV, BVD, PI3, BRSV, Lepto, Vibrio, Brucellosis and Clostridial diseases. The animals have been poured for control of internal and external parasites.

Yearling bulls have been scrotal measured. We encourage you to have a fertility test and breeding soundness exam done before turn out. Open females have had a reproductive rectal exam.

A purchase from Wulf Cattle begins a commitment by this operation to your herd improvement.

Dr. Gene Anderson

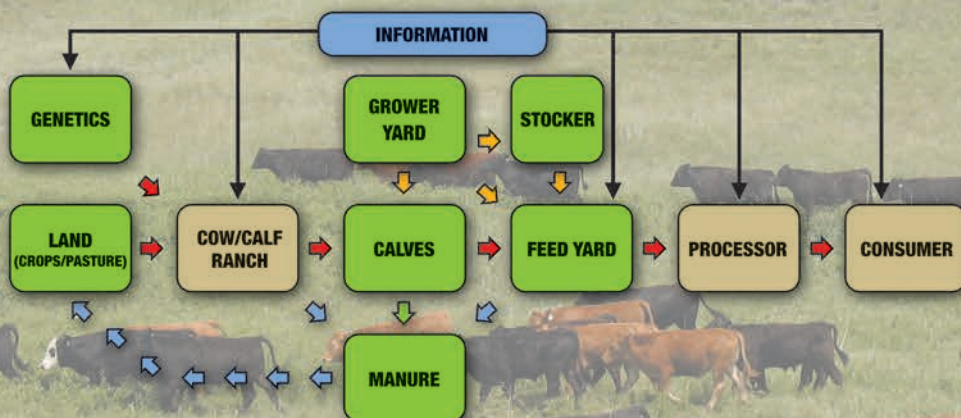

**Call Superior Productions at 800-431-4452 and pre-register for your buyer's number.**

**PURPOSE**

**Develop understanding while we supply and connect the food chain.**

**Creating Pull-Through Demand**

**Core Values:**

- INTEGRITY**
- STRONG WORK ETHIC**
- SPIRIT OF HUMILITY**
- CANDOR**
- KEEP IT SIMPLE**

## AMERICAN CATTLE SERVICES, INC.

24018 State Hwy 5 • Chattanooga, OK 73528  
Office: (580) 597-3006  
Email: acs@americancattleservices.com  
www.AmericanCattleServices.com

Much has been written about the historic cattle market. Anyone attending even the most ordinary commercial auction in the past year most likely left scratching their heads and wondering how this industry can work moving forward.

Here's how it works. Seedstock operations, like Wulf Cattle, with foundations firmly built from decades of experience in the commercial business, have invested mightily in genetics and infrastructure in an effort to create sustainable business models.

There's no substitute for experience and we can all agree, not all experiences are profitable. One unmitigated reality is the fact that a sustainable business model in the cattle business is reliant upon our responsibility to produce registered seedstock with the inherit genetics to be profitable from "gate to plate".

Few beef operations in America have made the financial commitment to research, genetic selection and marketing relationships as Wulf Cattle. More importantly, those commitments have never wavered.

The 2015 sale offering, once again, offers a diverse selection of proven Limousin, Lim-Flex and Angus genetics. As in past years, the Wulf Bull Selection Index is a comprehensive reference for bull buyers needing to match genetics, end point target and environment.

Wulf Cattle began their own cow herd expansion a couple of years ago. At the time, the decision was made to change the female portion of the sale to only an elite group of young heifers. This year's offering is truly elite. If you are considering adding genetically superior females to your operation, you will want to check out this outstanding group of heifers.

Join us Thursday evening, prior to the sale, for the "Crossbreeding: It Makes Us All More Money" pre-sale educational forum.

We encourage you to study the genetics as well as the diversity of the offering and plan to join us Friday, March 27. If any of us at ACS can be of assistance, please contact us at your convenience.

Sincerely,  
Ken Holloway

Cattle Friends,

Opportunity Sale time is always one of the best times of the year. It is always good to put our product, which we have worked all year to produce, on display for our customers. We get to see how our newest genetics stack up to proven lines. Most importantly we get to visit about how our cattle are performing out in the country and discuss what more we can do to make your program even more successful.

We have a great line up of bulls and heifers again this year. Our newest sires and donors have made huge genetic contributions to the offering. There will be fewer two year olds as we sold a lot more bulls through the summer and fall. We will have more fall and spring yearlings than ever before. Almost 400 Limousin, Lim-Flex, & Angus bulls will be on offer. There is a great selection of calving ease and performance bulls in both black and red. Plus we will once again sell a select set of herd building yearling heifers.

Spring can be a busy time of year, so if I can be of assistance with your bull buying needs, please give me a call. If you want to look at the offering before the sale or have any questions I would be glad to help. I look forward to seeing all of our friends and customers on March 27th, 2015.

Thanks,  
Casey Fanta  
Seedstock Manager

Dear Friends & Fellow Cattlemen,

As we enter a new year, it's always good to pause and look back. For those of us in the cattle business, 2014 will be one to remember. Following several years of drought and higher feed costs, we've been blessed with rain, replenishing feed supplies, and cattle markets have been the highest we have seen.

I believe our better market and lower feed cost are here for awhile. Having said that, we need to remember that markets do what markets do. Over the long haul, in a world of capitalism, the price of commodities is the average cost it takes to produce them.

The Wulf Cattle model has been and will continue to be a model that differentiates from the average. We do this by selling value added fed cattle that are designed with value added genetics. Buying and feeding Limousin-cross cattle allows us to capitalize on their inherent efficiency, while producing a very high quality carcass.

Passing value along the supply chain to ranchers that are utilizing Wulf Cattle genetics and then buying their feeders is how it works. We cannot say thank you enough to the many operations that have aligned themselves with us to make this happen! Together, we have built an elite, sustainable model that we believe will be here for generations to come. If you're interested in becoming a value added feeder cattle supplier for Wulf Cattle, give us a call, or better yet, pay us a visit. We are very interested in hearing about your operation and creating an opportunity that will add value to yours.

We extend a heartfelt thanks to all customers, cattlemen, and friends. It is our hope that you join us for our 27<sup>th</sup> annual Opportunity Sale at the farm in Morris, Minn. We are very pleased with this year's genetic offering. Be sure to come view the cattle, have supper with us and attend our annual seminar the evening of March 26. Sale begins 12 noon on March 27. If there is any way we can help with travel plans or accommodations, be sure to give us a call. Travel safely and we look forward to seeing you there.

Kind Regards,  
Jerry Wulf

Closing comments: **Jerry Wulf**

# 2015 Wulf Cattle Indexes

A method to simplify your bull selection and help you find the correct herd sires for your operation.

The indexes presented here can simplify your bull selection and help best match herd sires to your operation. Single-trait selection is not wise, rather, cattle with a balance of traits that match your production needs provide the greatest profit potential. Therefore, indexes were developed to combine traits of economic importance. Each index combines 19 different measurements grouped into six economically important categories.

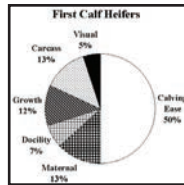

- Breeding first-calf heifers
- Producing calves for the mainstream market using terminal sires
- Producing calves for the mainstream market while keeping replacement heifers

**Calving Ease** = Birth Weight EPD, Calving Ease Direct EPD, Actual Birth Weight  
**Maternal** = Scrotal EPD, Milk EPD, Calving Ease Maternal EPD, Actual Scrotal  
**Docility** = Docility EPD  
**Growth** = Weaning Wt EPD, Yearling Wt EPD, Carcass Wt EPD, Act. WW, Act. YW  
**Carcass** = Ribeye EPD relative to Carcass Wt EPD, Yield Grade EPD, Marbling EPD, Ultrasound ribeye to YW, Ultrasound marbling (Muscling and marbling are given greater or lesser importance depending on the index - see individual index descriptions).  
**Visual** = Wulf's visual score

## First Calf Heifers

This index score sires according to their usefulness on first calf heifers. While calving ease is the major driver in this index, a balance among the other traits is required to score high.

The icons listed below appear directly adjacent to each sale lot to serve as a quick reference to the corresponding Wulf Cattle Index.

Calving Ease Sires

Keeping Replacements

Main Stream Sires

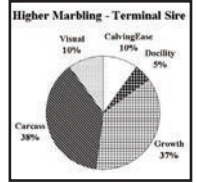

\* Indexes on all yearling bulls are based on EPDs only. They will be recalculated in March to include actual yearling data and visual scores. The updated indexes will be published on the Supplement Sheet and available one week prior to the sale at [www.WulfCattle.com](http://www.WulfCattle.com)

## Mainstream Markets—Terminal Sire

This index scores bulls for use s terminal sires to produce calves for the mainstream market. Their calves may be sold at weaning or retained in the foodlot and sold cash or on the grid. Growth traits are given the most emphasis in this index, followed by carcass traits that emphasize a balance between muscle and marbling.

\* Indexes on all yearling bulls are based on EPDs only. They will be recalculated in March to include actual yearling data and visual scores. The updated indexes will be published on the Supplement Sheet and available one week prior to the sale at [www.WulfCattle.com](http://www.WulfCattle.com)

## Mainstream Markets—Keeping Replacements

\* Indexes on all yearling bulls are based on EPDs only. They will be recalculated in March to include actual yearling data and visual scores. The updated indexes will be published on the Supplement Sheet and available one week prior to the sale at [www.WulfCattle.com](http://www.WulfCattle.com)

## Understanding the New Limousin EPDs

The Spring 2015 North American Limousin Foundation EPDs have greater predictability from the benefit of an international multi-breed genetic evaluation.

### What are the advantages of changing to a multi-breed genetic evaluation?

- The Limousin evaluations (EPDs) are directly comparable to Red Angus, Simmental, and Gelbvieh, among other breeds, making selection decisions easier for commercial producers.
- The carcass trait EPDs are more conservative, but consequently will be more accurate in the long run.
- A contemporary group realignment into larger groups contributes to higher accuracy EPDs.
- Embryo calves are no longer taken for account in the growth traits, but carcass data will be included.

### Comparison of Averages for 2013-14 Born Non-Parent Animals in NALF Herdbook.

- Homozygous polled and homozygous black. He was Lot 1 in our 2010 sale
- Out of the popular Nobel Prize, he has a balanced set of numbers
- He possesses a fault-free phenotype loaded with rib and muscle
- He has surpassed his sire, Nobel Prize, siring calves with more growth and performance and a little softer look
- Co-owned with Select Sires

- Homozygous Polled
- Flawlessly designed herdsire. Big bodied, easy moving, muscular bull to sire phenotypically correct cattle
- His dam, Wulf's Missive has raised several herdsires over the years: Wulf's Kenworth, Wulf's Success, Wulf's Xcellisior. She is a moderately framed, good doing female with a beautiful udder
- He ranks in the top of the breed for many traits, and is an outcross to most pedigrees, he is just what the breed needs today
- Co-owned with Symens Brothers Limousin, SD. **SEMEN \$40**

The bulls are grown from weaning to yearling with a projected average daily gain of 3+ pounds per day. The ration consists mainly of silage and alfalfa hay along with supplemental corn and protein. The yearling to two-year-olds are backed off the energy and protein and fed with a projected gain of 2 lbs. per day. The coming two-year-olds and fall yearlings have been running on large pastures with big draws and trees for protection this fall and winter, along with supplemental feed. All bulls have been semen tested. The scrotal measurement is given in cm. and adjusted to 365 days. There will be a supplement sheet provided sale day with adjusted yearling

weights, scrotal and carcass measurements on the yearling bulls. Since the standard guarantee of NALF does not address the guarantee of freezable semen, Wulf Cattle will guarantee the bulls to produce freezable semen by 18 mo. of age. All bulls were vaccinated for 7-way and IBR, BVD, PI-3, BRSV, Pasturella and Haemophilus, Vibrio and Lepto. They were also poured and given a magnet.

A supplement sheet will be available approximately one week prior to the sale. It can be found at [www.WulfCattle.com](http://www.WulfCattle.com). Visit [www.WulfCattle.com](http://www.WulfCattle.com) or [www.Superiorlive.com](http://www.Superiorlive.com) to view the videos of the sale cattle.

**Wulfs Xclusive 2458X • Sire of Lot 3**

- The true combination sire from the top of our offering.
- He is low birth with curve bending growth and exceptional maternal traits.
- Scanned a big 17" ribeye at NWSS while still recording great marbling.
- Loaded with eye appeal and correctness, he will be much talked about come sale day.
- Excellent choice for heifers
- F94L test results: 1 copy

Wulf Cattle wants to buy your Limousin or Limousin-cross feeder calves.

Talk to us about adding value to your cattle through natural or NHTC programs.

If you are interested, please contact:  
 Nate Knobloch: (Cell) (712) 330-9347 / nate.knobloch@wulfcattle.com  
 Jerry Wulf: (Cell) (320) 491-1390 / jerry.wulf@wulfcattle.com

Learn more at [www.WulfCattle.com](http://www.WulfCattle.com)

At Wulf Cattle, we were cattle feeders long before we earned a reputation as a premier Limousin seedstock breeder. Decades of cattle feeding experience led us to the value of efficiency and yield of Limousin.

As our Wulf Cattle registered Limousin operation grew, the primary source for our feeder calf supply was our commercial bull customers. We have sourced Limousin or Limousin-cross feeders from our bull customers for many years.

Wulf Cattle feeds and markets over 50,000 fed cattle with plans to increase our marketings each year. We are excited about the value of Limousin and are interested in buying your Limousin or Limousin-cross feeder calves. We are especially interested in calves that may qualify for our natural and NHTC programs.

Beef is our Business!

## 2015 Offering of Females • Tie Broke Heifers

Again this year, we are not offering any bred females in the sale, due to our continued expansion of Wulf Cattle. We always have bred females for sale private treaty and would be happy to visit with you if you need any females. The open yearling females are right out of the heart of our program, going back to many of the herd matrons. The young females are grown on a corn silage and ground alfalfa diet with supplemented protein. We raise the heifers with a projected ADG of two lbs. per day. We will supply the pelvic area measurement and yearling weight on the coming yearling heifers on a supplement sheet on sale day. All females were vaccinated for 7 way and for IBR, BVD, PI-3, BRSV, Pasturella, Haemophilus and poured with Ivomec.

## Spring Bull Retirement Program

### March 26-27, 2015

Get paid a premium to retire your herd sire! Make arrangements to bring your used herd bull to the farm near Morris, Minn. on March 26 from 3-6 p.m. and March 27 from 8-11 a.m. Wulfs have a certified scale at the farm. We will have an American Foods buyer there bidding top prices on your bulls. The bulls must meet all USDA withdrawals for any animal health products they have been given.

Wulf Cattle will add an additional premium to the value of the retired bull.

- 1-4 bulls = \$200 per bull
- 5-9 bulls = \$250 per bull
- 10+ bulls = \$300 per bull

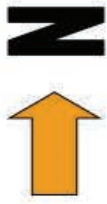

**American Foods will pay Wulf Cattle for your bulls. You will receive full value plus the premium to be used as sale credit at Wulf Cattle Opportunity Sale of 2015 on Friday, March 27.**

**Times: Thursday, March 26 3-6 p.m.  
Friday, March 27 8-11 a.m.**

*\*\*Call us starting March 23 for a bid estimate.*
