- RUNL Stetson 850S • VL Apollo 324A

Angus Sires Represented:

- KCF Bennett Absolute • Schiefelbein Regis 3473
- Styles Cash R400

Cattleman,

It is our pleasure to present this herd building set of females for our 2nd Annual Fall Online Female Sale. We have selected bred heifers from the top of both our registered and commercial programs to help grow our customer's herds.

The Limousin and Lim-Flex heifers are direct from our replacement groups. They are daughters of some of the most predominant sires in our program. Many are from our ET program and produced from some of the top donor females in the Limousin breed. The EPDs and performance of these heifers will be a welcome addition to any breeding herd.

Our Angus offering is also right from the top of our own replacements. There are several that were produced in our ET program and all are sired by well-known AI sires that are proven across the country. These females are bred for maternal excellence and the ability to bring home a big calf with a minimum of inputs.

The commercial females selling were raised in our program at Sandy Ridge Ranch in Atkinson, NE. They were grown and developed just like the rest of our breeding females. They were AI bred at Sandy Ridge this spring and then moved to Morris, MN where they were exposed to bulls while on grass through the summer. They are now running on cornstalks with only protein tubs for additional supplement. We are excited to offer this exceptional group to our commercial customers to grow their herds or as replacements. They are bred to produce calves that we will be eager to buy to feed out in our program. The cattle are selling in the condition that we would keep them ourselves and will arrive at your operation ready to go to work for you, just as they would for us.

This concept for an Online Female Sale was developed to fill the needs of our customers. We have always had requests to offer groups of bred females and this creates a format to make these genetics available. There will be no auction site. **The offering will be sold by C.K.Sonny Booth via live online auction on November 24th at 6:00PM CST.** Cattle will sell in catalog order. All bidding will take place online at DV Auctions or by phone bid.

As always, the cattle will sell with the Wulf Cattle guarantee – if you have an issue with your purchase, we will make it right. If you have any questions about the sale format or the cattle offering, please contact me direct at 320-288-6128 or by email at casey.fanta@wulfcattle.com.

DVAuction
Broadcasting Real-Time Auctions

**Watch & bid online for
FREE at DV Auction**

**Can't make the sale? Bid from home with
DV Auction's "real-time" internet bidding service!
Buying online is as easy as 1, 2, 3...**

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Take advantage of an outstanding offering of red and black Limousin influenced bred commercial heifers.

283 Value Added Commercial Heifers

The heifers are specifically mated to produce the calves that we want back to feed in our system. The red heifers are Red Angus and Red Angus x Limousin, many sired by our AI sires – Wulfs Zane, Wulfs Zander and LFLC Zest. They are AI bred to Wulfs Xcellisior X252X, who is quite possibly the most popular calving ease, red Limousin bull available, or pasture bred to select, easy calving red purebred Limousin herdsires. The black heifers are Angus x Limousin, many sired by Wulfs Warbonnet, Wulfs Yankee and RUNL Stetson, and have been AI bred to the proven calving ease Lim-Flex sire, Wulfs Yosemite F912Y. They were then pasture bred to a performance bred set of black Lim-Flex herdsires.

All of the heifers are located at the farm in Morris, Minn., and can be viewed prior to the sale.

283 Value Added Commercial Heifers

☐ Heifers were re-preg checked in late October and poured with Ivemectin and given their first shot of Guardian.

☐ We will work with the buyers to insure the most economical delivery possible from Morris, Minn.

☐ Heifers will sell in groups of up to 10. The winning bidder will have the option of “rolling” the next 3 lots within a group to fill a load.
