- 11:30 a.m. Complimentary Lunch Served
- 1:00 p.m. SCHOTT CELEBRATION
BULL SALE BEGINS**

**Your call is always welcome.
Stay tuned to our website for
additional sale information!**

Dear Progressive Cattlemen

Welcome to you all. We are hosting our bull sale March 9, 2021 and our cow dispersal is planned for November 6 of 2021, with our final bull sale being March of 2022—all at Mobridge Livestock Auction in Mobridge, South Dakota. At our dispersal in 2016 we had kept our heifer calves, first-calf heifers, 9-14-year-old cows and as a result, we had an outstanding set of bulls and replacements.

I can personally say I have enjoyed working hard for YOU to help make YOUR cow herd better! To our customers, whether it was the purchase of 1 or 10 bulls annually, I want to say "thank you"; for allowing us to work for you, improving your herd. Success in the beef industry is largely determined by the end result, the quality of the carcass and the cost of production. The Limousin cattle have proven to be one of the most efficient in feed conversion. Schott Limousin is celebrating carcass data that far exceeds the industry averages in quality and yield grades.

Our focus on carcass' didn't just begin a few years ago. It started years ago in our pole barn with a reefer truck of hanging beef and then on to SDSU and their 2020 program where they asked us to donate steers to their carcass evaluation program. Those years our steers were the only ones to show a profit, and were also very acceptable from a tenderness, juiciness and flavor standpoint.

The most recent example is the continued genetic improvement we have made over the past several decades. We analyzed the phenomenal carcass performance of all of our Limousin and Lim-Flex calves the past couple of years: 18% graded Prime compared to the rest of the beef industry at 4.3% Prime. In our next group of calves, 70% fell into the Choice grade with 69% being industry average. The overall carcass quality of our calves was impressive, resulting in 88% Choice and Prime with a high percentage of Yield Grade 1, compared to a 73.3% Choice and Prime industry average.

The Limousin breed has covered most of the bases and has an exciting future, and now Schott Limousin has shown that we have covered all the bases, from docility and efficiency, to performance, and finally to quality and yield grades.

God has blessed our family in so many ways! Not always by our time frame, but His. But His timing and our patience has resulted in blessing beyond words. What a way to close the gate to 39 years of working with you PEOPLE!

As I reflect on all of this I begin to ask myself, how do we celebrate all of this? In reality, Schott Limousin has been celebrating every year for 39 years working with you to provide you with herd bulls to help improve your annual calf crop. Being thankful that we can still celebrate the fact that we can live in a country to have the freedom to choose our own opportunities and practice our faith. We thank God for these freedoms and ask for many more generations to come!

Through the years I was challenged to put together education seminars, to GIVE BACK, not just to our customers but to the community and beef industry. Those seminars were held here at the ranch, Eagle Butte, and of course Mobridge auditoriums including Agri-Talk and speakers from all across the U.S. A 4-county award, a state award, and finally a national booster award for promoting Limousin and beef, are still deeply appreciated but the feedback from these events was "humbling" and the true reward!

To all of our customers who have become more than customers... but friends, and with all of this new carcass data, what better way to celebrate the end of our "Bull Sale Trail" than by sharing our blessings with you in such a phenomenal way with the sale dispersal and final bull sale! I'm grateful for something my dad taught me that has contributed not only to our success in the beef industry, but also in life. Work hard, give your word, and keep it. What joy and peace there has been in sharing it with you in word and deed.

Respectfully,
Jim and Priscilla and our HARDWORKING FAMILY...
Jared, Lisa, Jaxson and Joshua
Jason
Vickie and Jason Dowdy

SYES BACKWOODS 75B • SIRE OF LOT 1

This herd sire prospect is an absolute standout in this offering and a clear choice to lead off our 2021 Bull Sale! He is stout featured, long bodied, wide based and truly impressive when set into motion. He is sired by SYES Backwoods 75B our herd sire that we purchased by from Symens Brothers Limousin. SYES Backwood 75B is a Wulfs Xclusive 2458X son that has proven to sire nice patterned, heavily muscled progeny. His dam is CHTT 3616D, a SCHT American Tuff 9319A daughter, is a highly productive 4-year-old. On paper he carries a well balanced EPD profile. Add this polled sire to your bull pen to create highly marketable calves and elite replacements.

Study this attractive made double polled, herd sire prospect that combines rib and muscle to the highest degree. Visually SCHT Hemi 1291H is moderate made, big bodied, stout featured, easy fleshing and sound. He is sired by CHTT Equal Chance 9722E, who has sired numerous bulls in this offering. His dam, SCHT 8691D, is a 4-year-old WASY Against Time 625A daughter. He is a herd sire prospect that projects to sire sound made calves with plenty of muscle.

CHTT BLACK BEAR 6471 B • PATERNAL GRANDSIRE OF LOT 4

45

This guy has an eye catching phenotype! Heavily muscled, thick topped, deep bodied and functionally correct. He is yet another high quality CHTT Event Center 2717E, and shares many of the same qualities as his half brothers. His dam, CHTT 1628 D, is a highly productive Bar JZ Lawman 479X daughter. Take note of his impressive 775-lb. 205-day-weight Don't miss this heard sire prospect that will add the pounds and dollars to any operation.

46

If you came looking for an athletic, great footed, black-hided, homozygous polled, heavily muscled feature bull that could be considered heifer safe, then CHTT Hill Top 1213H is the herd sire prospect for you. He is sired by SYES Backwoods 75B, making him a half brother to the lead bull in the offering, Lot 1. His dam, CHTT 6213Z, is a highly productive 8-year-old SYES Xception 219X daughter. Don't miss this double polled, double black purebred.

7

If heavy weight calves trip your trigger take a look at this double polled, double black, big middled, rugged designed, high growth herd sire prospect. He posted a 205-day- weight of 685 lbs. This performance will be transmitted to his calves when you study his 63 weaning weight EPD. He is yet another impressive CHTT Event Center 2717E son. His dam, CHTT 9511, is a SYES All Powerful 924A daughter. Bid with confidence, this herd sire prospect does a lot right.

8

This black-hided heifer safe herd sire prospect has an alluring phenotype. He is stout featured, wide based, and has extra muscle expression and performance. His sire is SYES Backwoods 75B, a Wulfs Xclusive 2458X son that transmits a nice pattern to his progeny. He was mothered by an excellent young Bar JZ Lawman 479X daughter. On paper he ranks in the top 25% for calving-ease and top for 15% birth weight. Don't miss him March 9. CHTT Hybrid 1279H could be utilized in a variety of different programs.

9

This bull is an absolute stand out. Heavily muscled, ruggedly designed, big bodied and sound on the move. Sired by CHTT Equal Chance 9722E, who has the heavily used RUNL Stetson 8502 in his pedigree. His dam, CHTT 9529C, is a highly productive daughter of ELMW Schott's Pillar 127P. This one would be a great addition to your herd bull arsenal.

10

Here is the heifer safe herd sire that you have been scouting for. A 17 for calving-ease direct, a -3.5 birth weight which ranks him in the top 1%, and an impressive 11 calving-ease maternal with ranks in the top 25%—all without giving up a muscular, long backed, deep bodied phenotype. His sire, SYES Backwoods, has made his mark on this offering siring low birth, calving-ease progeny that don't sacrifice performance and growth. Bid with confidence.

Rugged phenotype with capacity, growth and extra muscle expression. Study this bull's well balanced numerics. A son of CHTT Famous 830F, his dam is another highly productive SYES Xample 367X daughter. This double polled 85% bull is going to do big things for the winning bidder. Make that be you.

A Testament to 39 Years of Quality Service

"I've had it with these bulls. I'm going to sell them all and start over."

"These are the words that started our search for the bull that inhabits our vision and dreams. We began our search for the genetics that would cause the buyers to remember our calves. Something we could be proud to produce. Our search was for genetics that could consistently wean calves over 700 pounds with a gentle attitude and that don't require an over-used calf puller. Our search for our dream bull took us to Schott Limousin Ranch where we met honest people with a vision and a passion like ours. Their genuine desire and vision to push for better cattle has caused them to produce quality cattle. They are truthful people that are determined to stand behind their product and their word. For nearly a decade we have driven more than 850 miles, one way, to purchase Schott bulls. These bulls have changed our herd genetics and set us on a more sure course. Our experience with Jim, Priscilla and Jared has been pleasurable. We have found them to be welcoming and honest people we have built a warm friendship with. Schott Limousin genetics have allowed us to move forward toward our goal of producing better cattle."

Jim and Donna Johnson - Ronan, MT

"We've been using Limousin bulls in our commercial herd for more than 25 years, and are always looking for the best available genetics. Last year, three Schott Limousin bulls found their way to our place in southern Idaho. We couldn't be more pleased with them. More impressive than the cattle, though, are the people at Schott Limousin Ranch. Jim Schott is as salt-of-the earth as they come. We have been treated like royalty and old friends since we first met Jim, and I know he treats all of his customers and friends with the same warmth and respect."

Paul Marchant - Oakley, ID

"I've had the privilege of buying bulls from the Schott family for 20 years. That said, all the bulls I have bought from them over the years and I mean all of them—I can say with confidence that I've never had a disposition problem, never had a bull melt on me, never had any foot issues and most importantly calving-ease has been a non-issue. To take it one step further, the people behind Schott Limousin Ranch—what we could write down doesn't do justice for Jim and his family. Without a shadow of a doubt, customer service is #1 at Schott Limousin Ranch. With each purchase, dealing with Jim himself and his guarantee, his word and his handshake are as good as GOLD! I've never had to have Jim replace a bull throughout the 20 years. Simply put, the dedication Jim and his family have to raising exceptional cattle and the cattle industry itself is outstanding. Jim doesn't treat you like a customer, he treats you like family!"

Scott Dockter, Dockter Limousin - Medina, ND

"It's hard to put into words how you have treated us over the years. Our family as a whole, has been doing business with you for 30 years, and figure there have been 245-250 of your bulls reach the Schrempp Ranch. In all that time, not one bull has needed to be replaced. We have always appreciated the gentle disposition of your bulls and the way that transferred over to the cows we kept as replacements. The cows have proven to be good, gentle mothers. We knew we could trust the performance EPDs. We rarely have to assist heifers when your bulls are used. The quality of our calves will stand with any in the state. On a personal level, you have always stood proudly by your bulls, and more importantly, by your word. A handshake was as good as a contract. We always knew we could count on you as a friend. I remember you showing up after the surprise October blizzard, horse in tow, to provide help to any that needed it. Your are truly a kind and generous person, and it has been a privilege knowing you and doing business with you."

The Dean Schrempp family - Lantry, SD

"We have been using Schott bulls for around 15 years. The bulls always have a lot of length and a good hip with a lot of natural thickness. The disposition has been excellent as wild animals are a thing of the past with the Limousin breed. We keep heifers back every year and given their calving-ease, the heifers do it on their own. No pulling calves on the cows or the heifers. We have noticed the longevity on these cows. Good feet and udders. Still producing at 14+ years old. The Schott guarantee is one of the best around. A few years ago we had a couple 2-year-olds that didn't test at turn out. Jim had some good bulls left to pick from. He made us a great deal on the two bulls we needed. Everyone will guarantee a yearling, but I don't know of anyone that will help with a 2-year-old. Working with the Schott family over the years has been great. Like Jim says, its about the people and a handshake and one's word still hold value. Hard to find these days."

Les and Curtis Ryckman - Pollock, SD

"I have purchased several bulls from Jim throughout the years. The bulls have always excelled in terms of calving-ease, longevity and muscle. There's little question, these are good honest bulls from a trustworthy family."

Todd Ellwein Family - Fredrick, SD

"At our farm we enjoy the disposition, calving-ease, and maternal traits that come with the bulls we have purchased from Jim. We are lucky to have as many bulls as we have from Jim over the years to improve our herd and the relationship we have with him. He in one-of-a-kind. Thank you Jim."

The Davis family - Page, ND

"I have used Jim's bulls for the past 13 years, purchasing 17 bulls over the years. Most of them had a very good disposition. Jim always stood behind them if I had trouble. The females I saved were good, easy-to-handle and good milkers. I harvested loads of fats at the Dem Kota Ranch Beef Plant in Aberdeen this year. They graded 83% Choice and weighed 1,550 lbs. It's been nice doing business with Jim."

Lee Kindelspire, Forbes, ND

14

This guy brings the power, thickness, and muscle expression. Sired by RUNL Alliance 272A, a Wulfs Warbonnet 6254W son we purchased from Running Creek Ranch. He has done a great job transmitting muscle and functionality to his calves. His dam, CHTT 3524C, is a highly productive CHTT Black Cloud 6389A daughter. Numerically he ranks in the top 35% for birth weight and the top 25% for yield grade. If you are searching for a bull that will add growth, carcass merit and numerous other industry relevant traits, look no further than CHTT Homestead 1252H.

15

Heifer safe herd sire prospect! If you like good footed, long bodied, deep sided, functionally correct cattle that are double polled and double black, then watch for this exceptional son of CHTT Eye Opener 5722E. His mother is another hard working Bar JZ Lawman 479X daughter. On paper, he ranks in the top 15% for calving-ease direct, top 1% for birth weight, top 10% for calving-ease maternal and top 25% for marbling. Bid with confidence on this calving-ease bull of the highest quality.

We hosted our first Limousin bull sale in 1983. Schott Limousin forged and maintains the reputation for producing rugged, easy doing, deep bodied, bulls that easily cover rough terrain and can withstand South Dakota winters. Our customers compliment us for the good disposition of our bulls, a trait we've always emphasized.

Calves sired by Schott Limousin and Lim-Flex genetics continue to prove their value, providing carcass quality, yield, tenderness and taste in the same package.

We are proud of the continued genetic improvement we have made over the years. We analyzed the phenomenal carcass performance of all of our Limousin and Lim-Flex calves the past couple of years. Our carcass data far exceeds the industry averages.

Quality Grade	Yield Grade
Prime—18%	1—13%
Choice—70%	2—32%
Select—11%	3—32%

* 88% graded Choice and Prime with 77% posting a Yield Grade of at 3.0 or higher. That far exceeds the 70% Choice and Prime and 30% Yield Grade 3 or higher used as par in industry value-added grids.

Limousin are known for lean muscle and carcass yield, but they and crossbreds can also beat the industry averages for Quality Grade. Schott Limousin Ranch as well as our bull customers have been working to create better beef for nearly four decades.

Bulls have not received creep feed.

**A PERSON'S WORD AND HANDSHAKE
STILL MEAN EVERYTHING.**

PEOPLE

Schott Limousin priorities for selling bulls for 39 years:

- 1. People
- 2. Beef Industry
- 3. Quality Beef
- 4. Limousin Breed
- 5. Money

Thank You

We are humbled and appreciative of your long-standing support. Because of you, the PEOPLE, our journey in the seedstock business has been fulfilling on all levels. Its been a wonderful ride.
