Donna 439 is the Pathfinder Dam of Coleman Glacier 041, who has mesmerized visitors all over the the world when they visit the ranch and has been a visitor favorite from day one. 439, has a tremendous production record of BR 5/93, NR 5/107, and YR 5/106. We are currently using 5 different sons of 439 in our program. 439 has had many top selling females and herd sires here, and we feel this could be the best mating we have ever done her to. This is the freshest genetics available here, and a great opportunity to get ahead of the curve. At 9 years of age, 439 has perfect feet, perfect udder, and is as sound as you can make one. Very seldom do we sell embryos out of her, pay attention here. The sire of these embryos is Coleman Arrowhead 235. These embryos are the first to ever sell out of Arrowhead. Coleman Arrowhead 235 was the third top-selling bull of the 2023 Coleman Angus bull sale at \$125,000 to Voss Angus of Dexter, Iowa. Arrowhead is as impressive of Charlo son ever to be born at the ranch and is loaded with three-dimensional shape, tons of muscle, added depth of body, in a beautifully designed, bigger scaled package.

Coleman Arrowhead 235  
Sire of Embryos

Coleman Chloe 9275, his dam, was the record selling female of the 2021 Your Maternal Source Sale and sold for one-half interest for \$375,000 for a \$750,000 valuation to Voss Angus of Dexter, Iowa. Coleman Chloe 9275 is as good of three-year-old that is on the ranch and has a progeny production record of BR 2@90, WR 2@117, and YR 1@121. She is also a full sister to the record selling Coleman Triumph 9145 and an array of top selling full sisters. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.**

4086 sold for \$210,000 for ½ interest and was the top-selling female in our recent “Your Maternal Source Sale”. 4086 is the Dam of J Trademark 1037, a featured herd sire at Coleman Angus and Conley Cattle programs. Trademark has been one of the most sought-after young herd bulls this spring, with semen selling to many of the leading registered herds across the US. 4086 has a progeny record of 6 head/103 weaning, and a calving interval of 347 on 6 head. When you combine Calving Ease, Growth, Marbling, and \$ Values, she is the #1 cow in AHIR her age or older. “4086” did this the old-fashioned way, in the pasture and through her progeny. The now deceased Ingram Heisman 0566 was the \$265,000 top-selling bull of the 2022 Ingram sale going to Double Barrel Angus and Kern Cattle. He is an extreme numbered son of Confidence Plus back to the

Ingram Heisman 0566  
Sire of Embryos

\$300,000 record selling female at the National Finals sale in Las Vegas. This bull reads with exceptional growth, high carcass genetics and elite \$ values. His dam has a progeny production record of BR 1@94, UREA@102, and has 11 daughters in production with a nursing ratio of 103. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

Donna 5247 is a Model Angus Cow, and Pathfinder dam is as good as it gets and as consistent of a producer that has ever been produced in our program. 5247 has tremendous three-dimensional shape, volume, muscle, and mass. Combine this with a progeny production record of BR 4/94, NR 4/111, and YR 3/113, with a calving interval under 360 days. 5247's dam was also a Pathfinder, then back to Donna 386, and Donna J311 who started was the Matriarch that started the Donna cow family here. 5247, has had numerous top selling females and sons. In our recent Bull Sale in February, 5247 had 5 different sons that sold into leading Registered operations across the country. 5247 has also had progeny top numerous other sales across the the country. We have calves out of this mating this spring here, they are extremely good. Rock was the \$240,000 record selling bull in our 2022 female sale to Ingram Angus and Sandford Cattle. Demand for Rock is at an all-time high across the World right now. The cattleman's kind is a perfect way describe the early indicators on Coleman Rock 7200. Rock would currently be one of the heaviest used sires

Coleman Rock 7200  
Sire of Embryos

here at Coleman Angus. He sires cattle with extra three-dimensional shape with added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 10% for \$M. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.** Buyer has the option to take six embryos out of this mating and we will guarantee 2 pregnancies. These embryos are exportable to Canada. These embryos have been sexed for females, 90-95% accurate.

“975” has been a visitor favorite since she was a calf here. “975” has 2 calves BR 6/95, NR 2/106, and YR 1/109. “975” has a Glacier heifer calf at her side now, and she is exceptional, visitors here this summer have loved her. “975” is a flush sister to Triumph, she was our high selling female in our 2019 female sale to Jocko Valley in MT. We feel she has as much potential as any female we have had the opportunity to work with here. Big time mating here! “Glacier” has been a standout since he was born. Glacier’s first calves are on the ground, they are very impressive as babies. Glacier has the best feet I’ve ever seen on a bull before, extremely sound, and athletic, with a great herd bull look and presence. He’s the bull the industry has been looking for. Glacier’s flush sisters are calving this spring, and look impressive, perfect udders, great feet, stout, with a great look. We believe it all starts with the mother cow; Glaciers Pathfinder dam is the fourth consecutive generation to make it the donor pen here. “439” has ratios of BR 5/93, NR 5/107, and YR 5/106.

Coleman Glacier 041  
Sire of Embryos

439 has been a favorite of visitors here since she was a heifer calf, we’ve kept 4 different sons of her here that we are currently using, she would be as good as any female we’ve ever had the opportunity to work with here. “439” is also the Dam of Ace 989, who is doing a tremendous job for us also. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

## Online Auction Closes 3/27 | 7 PM (MST)

769 is one of our favorite females on the ranch. 769 was a feature in our 2022 Your Maternal Source Female sale, selling to Ingram Angus in TN. 769 has production records of BR 3/103, NR 3/104, YR 2/102, with a calving interval of 359 days on her first 4 calves. 769 has another exceptional South America heifer calf on her now. Her South America heifer calf sold for \$27,000 in our 2022 Your Maternal Source Female sale, and these embryos will be full sibs to that heifer. 769 is a flush sister to "Rock", and is a highly maternal, extremely efficient, beautiful uddered female here. This is the first time we have ever offered embryos out of her for sale. Also the first time we have ever offered embryos out of Palermo for sale here. Very excited for this mating. Palermo is a full brother to the \$180,000 top-selling bull at the 2021 Night at Remington Park Sale at the Cattleman's Congress in Oklahoma City, Oklahoma. He is a featured herd sire in the Sandford Ranches program and is by the two-time back-to-back champion at Palermo show in

South America  
Flush Brother to the Sire of Embryos

Argentina. His mother is one of the most talked about cows in the Southern Hemisphere, Rubeta Fontana 7567-T/E. Palermo is a big ribbed, stout made bull, with excellent structure and feet. We have been impressed with the South American genetics and pulled this outcross pedigree in to give us a little more diversity. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

“7181” is a Pathfinder female here, with a calving interval of 3/360, BR 3/98, NR 3/107, and YR 1/106. “7181” has been a visitor favorite since she was a calf here, extremely deep bodied, big hip, with a beautiful udder. “7181” is the kind of females that made “Charlo” famous. 7181 has been extremely productive here, her second calf was one of the featured “Summer” heifers last falls in our female sale and brought \$24,000. Her third calf was a \$21,000 feature in our recent female sale, and a visitor favorite all summer. We don’t sell many embryos out of this female, so pay attention here. “Trademark” is a bull we’re excited to add to our program. We’re excited to be working with Conley Angus on this elite herd-sire. Trademark was selected as the \$165,000 top selling bull of the Cattleman’s Cut Bull Sale. He is a low-birth weight calving ease bull, with double digit calving ease direct, with an outcross pedigree for our program. “Trademark” has caught the attention of cattlemen from all across the country. He has tremendous performance, added

J Trademark 1037  
Sire of Embryos

muscle shape, with unique combination of phenotype, and an incredible number package. We are excited to own Trademark’s dam. She was the record selling \$210,000 ½ interest female in our recent female sale to Jocko Valley in MT. She has a progeny record of 6 head/103 weaning, and a calving interval of 347 on 6 head. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.** Buyer has the option to take six embryos out of this mating and we will guarantee 2 pregnancies. Coleman Chloe 9275, a maternal sister, is the \$375,000 one-half interest, for a \$750,000 valuation, and the record selling female in the history of our program. "9275" is the dam of the Record Selling Flush in our 2022 Your Maternal Source Female Sale for \$80,000. Coleman Chloe 034, another maternal sister, was the \$150,000 one-half interest, for a \$300,000 valuation top selling bred heifer of our 2021 "Your Maternal Source Female Sale". Coleman Triumph 9145, a maternal brother to these embryos, was the \$225,000 one-half interest, top-selling lot of the 2020 Your Maternal Source Sale for a \$450,000 valuation. There's a long list of maternal siblings to these embryos that have sold very well here. Hummel Argentine and his full brothers were the most talked about bulls at the Cattleman's Congress in Oklahoma

Hummel Argentine  
Sire of Embryos

City, Oklahoma. His full brother South America was the \$180,000 one – half interest top selling lot of the Night at Remington Park in 2021. Argentine is an attractive bull that has tremendous eye appeal, balance, length, and a great foot. He has the ability to make outcross cattle that are fault free and are high quality. These are IVF embryos (Trans Ova), we are selling three in the mating and guaranteeing one pregnancy.

## Online Auction Closes 3/27 | 7 PM (MST)

“928” has production records of Br 2/95, NR 2/110. “928” was our high selling bred heifer in our 2020 female sale. Her Dam, “787” is a cow we refer to as the “Sleeping Giant” here, she has become very dominant, and a visitor favorite here. We are excited to be able to get “928” back here in the program, and immediately she entered into our Donor program. “928” was a visitor favorite all summer back in 2020, and we’re fortunate to be able to add her back to our program. First time we have ever offered embryos out of her for sale. When she calves, she will take an exceptional picture. “Glacier” has been a standout since he was born. Glacier’s first calves are on the ground, they are very impressive as babies. Glacier has the best feet I’ve ever seen on a bull before, extremely sound, and athletic, with a great herd bull look and presence. He’s the bull the industry has been looking for. Glacier’s flush sisters are calving this spring, and look impressive, perfect udders, great feet, stout, with a great look. We believe it all starts with the mother cow; Glaciers Pathfinder dam is the fourth consecutive generation to make it the donor pen here. “439”

Coleman Glacier 041  
Sire of Embryos

has ratios of BR 5/93, NR 5/107, and YR 5/106. 439 has been a favorite of visitors here since she was a heifer calf, we’ve kept 4 different sons of her here that we are currently using, she would be as good as any female we’ve ever had the opportunity to work with here. “439” is also the Dam of Ace 989, who is doing a tremendous job for us also. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.** Buyer has the option to take six embryos out of this mating and we will guarantee 2 pregnancies. These embryos are exportable to Canada.

## Online Auction Closes 3/27 | 7 PM (MST)

“7232” has production records of BR 3/96, NR 3/107, and YR 2/106. She has a tremendous herd bull on her now from our summer calving group. “7232” is throwing a tremendous amount of performance in her progeny, she has the power to change one! “7232” is extremely long, big hipped, with a beautiful udder. This Resource X Donna 714 cross has been one of the best we have ever made here. “7232” has the potential to make a big time “Herd Bull”. Big time mating here! This mating will be special. Right Time is known as one of the best female-making sires in the history of the breed. I really feel like this mating could be very special. There’s no guesswork here. When the daughters out of this mating come into production, watch out. Whoever buys these, please let me know how these turn out. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada. These embryos have been sexed for females, 90-95% accurate.

This Resource X Donna 714 cross has been one of the best we have ever made here. “7232” has the potential to make a big time “Herd Bull”. These embryos are sired by the now deceased “Banker” who is a bull we kept to use in our program, visitors have loved him here this summer. “Banker” is extremely impressive, exceptionally smooth, extremely sound on the move, stout, with about as much rib shape and depth as you can put in one. Banker’s flush sisters that calved here this summer are as impressive as anything we have ever calved here. We have plugged Banker in here extremely hard, Banker’s first calves are very impressive.

Coleman Banker 9215

Donna 1234 is an incredibly special female, she has BR 6/90, NR 6/104 and YR 5/102. 1234 is now 11 years old, tremendous longevity, we've got lots of daughters out of her in production here, they are working very well for us. Some of the very last embryos we will be selling out of her. "1234" is picture perfect to look at. She has a Charlo daughter that weaned her first calf, and she is impressive. Donna 1234 has a calving interval of 353 days on her first 3 calves. Big time mating here! Rock was the \$240,000 record selling bull in our 2022 female sale to Ingram Angus and Sandford Cattle. Demand for Rock is at an all-time high across the World right now. The cattleman's kind is a perfect way describe the early indicators on Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape

Coleman Rock 7200  
Sire of Embryos

with added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 10% for \$M. **These are IVF embryos (Trans Ova), we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada. These embryos have been sexed for females, 90-95% accurate.

**Semen Packages selling here by Coleman Resource 708. This will be the only sexed heifer to sell this spring on Resource 708. Selling in groups of (3), (15) straws Total. Semen is stored at World West Sire Services in Joliet, MT.**

Coleman Resource 708 is the newest addition to our herd sire battery. A bull that has proven himself the old fashion way and became a visitor favorite this summer by many. He has done a tremendous job in the Gaugler Angus Ranch program in Montana. His daughters at Gaugler have beautiful udders are easy fleshing with perfect structure and feet coupled with excellent calving easy, extra muscle shape, and wonderful maternal strengths. This bull exemplifies the days when a bull did it the old-fashioned way and were recognized by just their tattoo number, so we call him 708. He is a son of Resource 1441 and brings the best of the 707 lineages to the front of the pedigree. He is by a daughter of Coleman Manning 0299 and back to the \$93,000 record-selling Coleman Donna 005, who is a daughter of the outcross sire N Bar Shadow X4124 and the \$200,000 Coleman Donna 386.
