GENERAL SALE INFORMATION

SALE ORDER ...

Cattle sell in catalog order. Any additions and corrections to the sale catalog will be posted the evening prior to the sale at RRMktg.com and MCMarketing-Management.com.

ANNOUNCEMENTS ...

Announcements made sale day by the owners, auctioneer or sale management take precedence over statements in the sale catalog.

PAYMENT ...

All lots must be paid for at the time of the sale unless prior arrangements have been made. Buyers are welcome to pay by credit card. If so, you will be charged a 3% fee on the total sum of your purchase. Auction money and proceeds will be conducted under Randall O. Ratliff, DBA R & R Marketing, P.O. Box 60097, Nashville, TN 37206. Bond # 7901027402 (U.S. Department of Agriculture, Grain Inspection, Packers and Stockyards Administration Packers and Stockyards Program)

TRANSFERS ...

Consignors are responsible for registration and transfer of lots after settlement.

INSURANCE ...

Insurance will be available sale day.

TERMS AND CONDITIONS ...

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. Please note; The sale manager is an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor the sale consigners assume liability. Legal and/ or otherwise on any accidents that may occur.

Cattle sell in accordance with their respective breed associations.

WATCH & BID

DVAuction
Broadcasting Real-Time Auctions

Watch & bid online for FREE at DV Auction Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the “register” tab.
2. Apply for bidding approval by clicking on the “details” tab at least 24 hours prior to the auction—a DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases! After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding. Be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

PROXY BIDDING: If you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the “proxy bid” tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Here is an amazing opportunity to acquire a true cutting edge donor dam! She is sired by the world renowned WSI Umemaru who is a Hikari son of Kaedemaru! Umemaru is a proven carcass traits leader known for the amazing marbling he consistently transmits. LAG 1106D is linebred to Kaedemaru through both her sire WSI Umemaru & dam Kaedemaru 2. Kaedemaru 2 is Akaushi royalty in her own right being a Tamamaru daughter of original import Kaedemaru. She is also the dam of popular sires SOR Hastings, GK4 Rueshamaru, SOR MR Hiromitsu, and more! This donor dam represents a powerful line breeding of Dai 10 Mitsumaru 76 concentrating carcass traits making this donor dam an ideal female to build a breeding program around!

Lot 1A - LAG 1106K - Bull, AF272164, 11.09.22, Fullblood Akaushi. Sired by HeartBrand Phoenix 1398F (AF126083), 71 lbs.

A direct daughter of the legendary sire Big Al! Big Al was the first bull born outside of Japan in January of 1995. Big Al is the legendary Dai 10 Mitsumaru 76 son of Akiko and is highly proven with elite EPDs. To this day Big Al ranks among the best for growth & maternals, Ribeye Area, and Marbling! On top of his fantastic EPDs, he is known for making incredible females with growth, strength, maternal traits, and longevity. Big Al is considered by many to be the greatest Akaushi bull of all-time! He is stacked on Kaedemaru 2, who is Akaushi royalty in her own right being a Tamamaru daughter of original import Kaedemaru. She is also the dam of popular sires SOR Hastings, GK4 Rueshamaru, SOR MR Hiromitsu, and more! This donor dam represents a powerful line breeding of Dai 10 Mitsumaru 76 concentrating carcass traits making this donor dam an ideal female to build a breeding program around!

HEARTBRAND 1400F ET

Sired by original import Hikari, who has a fantastic legacy that precedes him! Hikari is known for his extreme balance of growth with high marbling and carcass traits. He is a son of Japanese legend, Dai 10 Mitsumaru 76 who also sired breed legends Big Al, Kaedemaru, and "the Elephant Cow" Heartbrand T0504E. Hikari is a leading proven sire of sons having produced elite bulls such as WSI Umemaru, TWA Kajikari, Kotsukari, and Heartbrand Hercules 2619A!

Don't miss the donor dam here either! She is a full sister to Heartbrand Phoenix. Phoenix is an up-and-coming LAG herd bull! He is a Big Al son with a very practical build and tremendous phenotype Not to mention he is a calving-ease specialist and as sure-footed as they come. His terminal bound calves should also express the marbling and tenderness we've come to expect from this breeding. His full sister will provide the same all-round excellence to build from. Take this rare opportunity to get into the Dai 9 Kobai 73 maternal line!

Stored at Trans Ova in Bryan, TX.

HEARTBRAND 1400F ET

Sired by the ultra-rare and valuable Rueshaw, who's semen when rarely sold sells for \$17,000+ per straw! In 1976 Rueshaw, (IMP JAP) was one of two of the very first Akaushi bulls ever to leave Japan. He was also the Japanese Red National Champion Bull in 1975. He originated from the Kumamoto Region which is the heart of the Japanese Akaushi breeding capital. Rueshaw was a bull imported ahead of his time. He represents a valuable outcross of genetics to the 1990s imports that doesn't sacrifice performance!

Don't miss the donor dam here either! She is a full sister to Heartbrand Phoenix. Phoenix is an up-and-coming LAG herd bull! He is a Big Al son with a very practical build and tremendous phenotype Not to mention he is a calving-ease specialist and as sure-footed as they come. We are excited to offer the public genetics on our next up and coming herd bull, Phoenix! This Big Al son is one who comes with a very practical build and nice look from the side. Plus this calving-ease specialist is as sure-footed as they come and we expect hi to translate not only his functional skeletons into his progeny, but his terminal bound calves should also express the marbling and tenderness we've come to expect from this breeding. Bid with confidence on the straws that could put your program at the top of the Akashi game.

Highlander can be considered an Akaushi breeding masterpiece. He is a double combination of two of the most genetically influential cows of the breed, Akiko and Marunami. They are featured on both sides of his pedigree! His sire, Come And Take It, is an H0518E son who has been a standout in his own right. H0518E is a Hikari son directly out of Marunami and was a superior performing bull for Heartbrand. The popularity and breeding value of Come And Take It is highlighted by his 241 registered progeny. Highlander's dam is the well-known Brook cow who is sired by breed legend Big Al. Brook's dam is the extremely popular, proven, brood cow Ringo who has 60 registered progeny. Ringo, in turn, is a Namimaru daughter of the original import cow, Marunami. Expect tremendous performance from Highlander progeny. With the focus on foundation genetics, his pedigree is one for the ages! Stored at Elgin Breeding Services in Elgin, TX.

Selling Fall Possession
 Here is an opportunity that doesn't come along often. The ability to utilize a proven red, Lim-Flex homozygous polled, outcross sire with huge numbers! This lot is brought to us by Glendenning J Bar J Ranch. Wulfs Emprize 2424E is sound, stout, deep-bodied, and absolutely took the breed by storm. He was one of the top-selling bulls from the 2019 Wulf Cattle Opportunity sale and anchor bull in the 2019 National Western Stock Show Champion Lim-Flex pen of bulls—it's easy to see why. Don't let this opportunity pass you by. This is an opportunity to invest in this elite A.I. sire. Don't miss this opportunity to invest in a proven breed changer!

Selling Choice of Two Designer Matings!

Designer flush guaranteeing a minimum of 5 embryos with a maximum of 10. Can be IVF or conventional. Buyer pays for semen and the flush cost.

Here is the opportunity to flush this high-quality young female that has been exhibited by Highland Stock Farm. She's a head-turner! Don't look past this female that has all the correct parts and pieces. She is ultra-feminine, level-topped, bold-sprung, and fundamentally correct. Here's a heifer that has everything stacked in her favor—flawless presence, a captivating future, and one heck of a proven pedigree this female was at the side of her dam, Highland Hope 11H, when they were awarded Champion Female honors at the 2022 Canadian Western Agribition. Highland Hope 3k is a head-turner that can get the job done phenotypically and genetically.

Selling Choice of Four Designer Matings!

Designer flush guaranteeing a minimum of 5 embryos with a maximum of 10. Can be IVF or conventional. Buyer pays for semen and the flush cost.

Greenwood Pld Birch combines a notable pedigree, proven resume, and eye-catching phenotype. This donor was raised by the prestigious Greenwood Limousin. Greenwood Pld Birch is sired by the popular AI sire CJSL Windfall 9072W, whose influence has been seen across North America in multiple progressive breeding programs. Her dam is the storied HSF Tinkerbelle, the popular Carrousel's Nasdaq daughter out of the well-known NP Vidalia 164H. Few donor females ever reach the elevated status of this female. From the ground up this female is big-footed, stout in her bone work with added angularity to her skeletal design. She is genuine in her muscle shape and dimension with a practical build. Don't miss this female paired with some of the hottest bulls in the breed.

Selling Choice of Three Designer Matings!

Designer flush guaranteeing a minimum of 5 embryos with a maximum of 10. Can be IVF or conventional. Buyer pays for semen and the flush cost.

Wulfs Hard Cider 0028H is an exceptional young female that was procured from the 2020 Night on the Town Sale. This female was consigned by Wulf Cattle, and was a highlight of the event, since then this 50% Lim-Flex has been an interracial part of the Misty Morning Limousin breeding foundation. It is with great excitement that we offer the right to flush this breed leading female to the bull of your choosing. Both of these elite genetic opportunities are sired by elite Red Angus bulls that both steam from the Bieber Laura 158W female, these genetics have a record of producing exceptional Lim-flex cattle such as the well-known Wulfs Emprize, Wulfs Eastern, Wulfs Envoy, and many other reputable individuals. There is proof of these very genetics outperforming all others in one of North America's most reputable programs, imagine how these same genetics will work for you!

Selling Choice of Three Designer Matings!

Designer flush guaranteeing a minimum of 5 embryos with a maximum of 10. Can be IVF or conventional. Buyer pays for semen and the flush cost.

KSLC Baellen 23B is a cow that has been a standout since birth. We love this Xcellsior X252X daughter for her thickness, capacity, and overall mass. Her dam, WULFS Zaellen 2006Z, has produced for us time and time again and has provided many quality offspring that continue to make their mark in our herd, showing the value of a predictable cow family. KSLC Baellen 23B passes on her docility, thickness, and performance to her offspring, making the mating possibilities endless. This can be seen with her Wulfs Emprize 2242K sired bull calf that was a feature lot in this year's Wulf Cattle Opportunity Sale. Don't miss out on this exciting opportunity!

Selling Choice of Three Designer Matings!

Designer flush guaranteeing a minimum of 5 embryos with a maximum of 10. Can be IVF or conventional. Buyer pays for semen and the flush cost.

Procured in the All Red Online Sale in 2020 from the Wulf Cattle, this outstanding red donor is a foundation female in the Misty Morning Limousin program. She was the top-selling lot in the event, this female was admired by many for her eye-catching pattern, maternal look, and solid numerical tabulation. Daughter of the well-known Wulfs Xcellsior X252X.

This 75% Lim-Flex has been such a valued member of our herd and are offering the opportunity to flush this female to three of the most popular red bulls, that are doing big things in the Limousin breed.

This female has a storied show ring career that spans more than three years. In the calf division, Boss Lake Ms Molly 814F was undefeated. In 2019, she racked up victories across western Canada, most notably a Top Five Supreme victory at Farmfair. The following year, she successfully transitioned into the pair division. A full sibling to Boss Lake Ms Molly 814F is Boss Lake Ms Molly 812F, who was selected the National Champion Female in 2019. Recently a full sister was named 4th Overall Female at the 2022 National Junior Show for the Sennett family. This female has accomplished a great deal and we feel this mating will be something special.

Stored at Davis-Rairdan Embryo at Crossfield, AB; exportable to U.S.

An intriguing opportunity to purchase embryos out of B BAR/VLE Sammy 6J. This female is a daughter of Miss TMF Shameless, a female that needs little introduction to Canadian Limousin breeders. Notably, 9 flush brothers averaged \$9,800 in the 2012 B Bar Bull and Female Sale. Another flush sister topped the 2021 Solid Gold Sale at \$22,000. She will catch our eye because of her unrivaled amount of substance with genuine body shape and dimension and flawless structural build. We are offering three embryos out of Dimond C Kingsman 5K, the \$20,500 high-selling yearling at Dimond C Ranch, this young sire has a proven pedigree paired with an elite numerical tabulation. Stored at Davis-Rairdan Embryo at Crossfield, AB.

Take a look at this offering! Davis Ranches has consigned IVF heifer embryos from the LVLS Jester x MAGS Yesteryears mating. These embryos will be 32.5% Lim-Flex, red and homozygous polled. LVLS Jester 776J is sired by HXC Allegiance 5502 and out of the great J6 Advance E501 female. He is an impressive bull that ranks in the 21st percentile for his yearling weight and in the 24th percentile for his weaning weight figure. He is long and powerful in his skeletal makeup, masculine in his design and dimensional from end to end. The donor female in this mating is MAGS Yesteryears, a daughter of LH U Haul 135U and out of the infamous WLR Ugly Betty 432U donor. This is quite a combination folks, you won't want to miss this unique opportunity!

MAGS Firestone 218F is sired by MAGS Apple Jack and out of MAGS Daystar, a MAGS Zodiac daughter. He was the 2019 National Western Stock Show Grand Champion Limousin bull who is siring standout progeny across the country. MAGS Firestone 218F transmits loose structure, depth of body, muscle expression and doability to his program. His dam is a beautifully patterned MAGS Zodiac daughter. The donor female in this mating is WR Ms Betty 9035, a daughter of WEBR Dr. Phil. WR Ms Betty 9035 is a top donor for J6 Farms. She is a past national champion female that continually produces some of the finest individuals in the breed and far beyond.

The purebred Limousin bull we have all been waiting for! 100% and Homo Polled, this elite herd sire is dark cherry red and phenotypically a stand out. Outcross to many mainline pedigrees, Boss Lake Redeye is backed one of the most winningest purebred cow families including two top five finishes at Junior Nationals and most currently Champion Jr Limousin Female at OKC. 207K is geared to make them stout, dimensional and functional all while keeping that look and unique style that the industry demands. He boasted a 37cm scrotal and froze high quality semen at only 12 months of age.

The donor female of these embryos is J6 Advance E501, a daughter of the foundation donor, JKC Berry Advance 36W. Unsurpassed is how many describe the pedigree behind the daughters of JKC Berry Advance 36W. J6 Advance E501 is sired by Six Mile Taurus 519A, a son of the great Six Mile Game Face 164Y. Six Mile Taurus 519A was the 2014 National Western Stock Show Champion bull.

Sire, Wulfs John Wayne H915J

Truly a sale feature, Wulfs John Wayne H915J intrigued B Bar Cattle, Andrew Ranches and Andrew Ranching as a unique breeding piece. Admire John Wayne for his athleticism. Structurally, he is flawless. From the ground up, he is massive footed with perfect toe conformation. When set in motion he covers his tracks effortlessly, taking an extended stride. His silhouette will catch your eye with his dimension, muscle expression, capacity and growth. His actual performance is truly impressive, weighing heavy at weaning and yearling, measuring a large scrotal circumference and scanning exceptionally well. He is sired by Wulfs Command K136C, a top selling bull in a previous Wulf Cattle Opportunity sale going to Pinnacle View Limousin then being named Reserve National Champion in 2017. His dam is a beautiful patterned Wulfs Warbonnet 6254W daughter. What's more, he is homozygous polled. Wulfs John Wayne H915J will have Domestic and CSS Semen collected by sale day for immediate use or exportation. Don't miss out on your chance to own the genetics behind this remarkable purebred. We look forward to seeing the impact he has on the entire breed.

Lenape Cattle Company has consigned three Fullblood conventional embryos from the Fanfan x GBBL Miss Pub 10F mating. The sire in this mating is Fanfan, a bull that ranks in the top four percent of the breed for his milk figure. He is sired by a bull from the French Limousin Society, 4038 Tarvis. Fanfan has sired multiple elite fullblood individuals that are seen at the heart of many fullblood pedigrees. GBBL Miss Pub 10F is a top donor for Lenape Cattle Company. She is a daughter of Orion and out of Fan-N Lady Punch 36B, a daughter of Punch. You'll want to consider adding these three Fullblood embryos to your lineup!

Here are three polled Fullblood conventional embryos from the TRAP Pub-A-Lu x Carvers Red Alert 263E mating. TRAP Pub-A-Lu 55C is one of the most influential Limousin bull's within the breed. He is recognized for his muscle mass, his heifer calving ease and being in the 10th percentile for his milk figure. His daughters are incredibly high in maternal value and overall productivity. TRAP Pub-A-Lu 55C is sired by Pub, the legendary bull with over half of his carcass numbers in the top three percent of the breed and out of CF Polled Lu Lu 186W. The impressive donor female in this embryo mating is Carver's Red Alert 263E, a female sired by FL Polled Touchable 311A and out of a ENGD Red Alert 0102X daughter, J Bar J JDEG Alert 1. This donor female has been a tried and true producer over the years for us and we so admire her maternal influence, her feminine yet powerful phenotype and her gentle demeanor. She is a female that ranks in the top four percent of the entire breed for her milk figure, which speaks for itself when it comes to maternal greatness. Folks, it's your choice on sale day, but we are fully confident these future calves will be total standouts that will be powerhouse individuals in production no matter where they land.

Lenape Cattle Company is offering three Fullblood conventional embryos from the Email x RJKF Fan-N-Dream 50E mating. Email is a legendary Fullblood sire out of Calin. The donor female in this mating is RJKF Fan-n Dream 50E, a direct daughter of Harvest Olympus. Harvest Olympus is at the beginning of many legendary bloodlines within the breed and he is recognized around the world for his incredible influence as a foundational sire. On paper, RJKF Fan-n Dream 50E ranks in the top 15% of the breed for her milk figure. When we think of completely stacked, recognizable pedigrees, this is one that immediately comes to mind every time. The genetic worth in these three IVF fullblood heifer embryos is immeasurable. Now is your chance to get some of the breed's most historic genetics working in your operation.

| | CF BO JANGLE 407A | FL PLD UTHRILL |
| | | TLSE AMERICAN IDOL |
| | | SVL POLLED JANGLE 114P |

Here are three polled Fullblood conventional embryos from the TRAP Pub-A-Lu 55C x Carvers Leah Ann 267E mating. TRAP Pub-A-Lu 55C is one of the most influential Limousin bull's within the breed. He is recognized for his muscle mass, his heifer calving ease and being in the 10th percentile for his milk figure. His daughters are incredibly high in maternal value and overall productivity. TRAP Pub-A-Lu 55C is sired by Pub, the legendary bull with over half of his carcass numbers in the top three percent of the breed and out of CF Polled Lu Lu 186W. The donor female in this mating is Carver's Lehann 267E, a female sired by FL Polled Touchable 311A and out of CF Bo Jangle 407A. This female ranks in the 15th percentile for her milk figure and she is homozygous polled. You won't want to miss this rare opportunity to acquire some unique genetics!

DR Kopertox 70K is a stunning Red Angus female sired by WEBR Maxed Out 627, the legendary Bieber Rollin Deep Y118 son. This female's dam is the one and only SLGN Stony's Tempest 778T donor. SLGN Stony's Tempest 778T is one of the Red Angus breed's finest donor females and she is a daughter of SLGN Regulator 503R. We admire this female's center dimension, her natural body shape and her incredible fault-free structure. We anticipate this female being a total showstopper of a female destined for the big leagues. Numerically, this female ranks in the 11th percentile for her weaning weight figure. You'll believe it when you get your eyes on her!

DR Kimberly Anne 74K is a female that continually impresses us on all levels. She has an overwhelming presence combined with beautiful symmetry, unmatched body dimension and a flawless structural design. She is sired by the great DAMAR Trump C512, a son of Red Soo Line Power Eye 161X. DAMAR Trump C512 is dominating nationwide by injecting such a desirable function, maternal power and real world doability. This female's dam is the prolific WR Ms Betty 9035 female, a top donor for J6 Farms. She is a past national champion female that continually produces some of the finest individuals in the breed and far beyond. DR Kimberly Anne 74K is striking from the profile, level in her hip, strong in her top and she combines structural soundness with such a unique and desirable build.

TC Approval 83K was a featured lot in the annual TC Reds Bull Sale. Approval is bringing a powerful new pedigree and an outstanding look to the Red Angus business and this tremendous son of BHR Approve 0149 is the kind that can change an industry. Out of a tremendous female, Approval is high growth and great in marbling, giving him a great combination of growth, carcass, and phenotype.

The dam of these embryos is DAMAR 3363 Cedar Quest A322, a daughter of HXC Conquest 4405P and out of a Red Brylor New Trend 22 daughter. This female is a total numbers giant- she ranks in the top two percent of the breed for milk and in the top 10% for her yearling weight figure and in the top 12% for her weaning weight figure. She is from the famous Cedar cow family that has been so valuable to the Badlands Genetic Plus program in North Dakota. She is smooth made, angular in her design and a total powerhouse of a female. She offers exceptional calving ease, style and marketability. Her real world performance, carcass traits and feed efficiency will bring forth added value from a herd bull generating standpoint. P Bar S Ranch selected this outstanding donor in the Cloud Nine Dispersal Sale.

KJHT Power Take Off is a son of Red Soo Line Power Eye 161X that acquired a national champion title just at nine months of age and continued the trend until he concluded his show career by becoming the National Champion Bull at the 2019 Fort Worth Stock Show. His dam, SRA Paintbucket is a phenomenal female born into the Picabo family of excellence. KJHT Power Take Off is packed full of natural shape and thickness and is huge through his center body. He not only has an impeccable look about him, he is a beef business bull that is influencing the industry with power and might.

4MC King of the Cowboys 706 is arguably one of the hottest AI sires in the business right now and is sired by PIE The Cowboy Kind 343. This bull's dam is 4MC Hvywt 5163, a daughter of LSF Saga 1040Y. 4MC King of the Cowboys 706 has taken the breed completely by storm siring cattle with added look and powerful dimension.

J6 Maxed Out 121G is a son of WEBR Maxed Out 627 and out of J6 Tempest B300. This young stud is making some serious headway producing outstanding offspring that keep breeders coming back to using him a second time around. J6 Farms won Champion Pen of Three at the 2022 OKC Cattleman's Congress Stock Show, along with offering sons that are sure to make an impact in this year's J6 Farms Bull Sale. Powerful, deep and soft bodied are great ways to describe these calves. Maxed Out 121B has taken the Red Angus breed by storm by producing offspring with an abundance of growth that max the scales with his top 1% WW and YW EPD. His first son sold through the 2022 J6 Farms Bull Sale for \$34,000, J6 Blazer 176J, to JD Folsom. His daughters are huge middled, thick made, high production females with style. Another bull sired by him sold this year in the Power Plus Bull sale Duff Red Warrior for \$55,000. We are excited about the future of these genetics.

The donor female of these embryos is J6 Advance E501, a daughter of the foundation donor, JKC Berry Advance 36W. Unsurpassed is how many describe the pedigree behind the daughters of JKC Berry Advance 36W. J6 Advance E501 is sired by Six Mile Taurus 519A, a son of the great Six Mile Game Face 164Y. Six Mile Taurus 519A was the 2014 National Western Stock Show Champion bull. These future calves are sure to be a major force to be reckoned with. You'll want to buy into these genetics and catapult your program to the next level.

Sullivan Farms and KLS Farms have consigned four IVF heifer embryos from the highly anticipated Red Northline Tucker x J6 Advance E501 mating. Red Line Tucker had a very successful run this past 2019-2020 show season being selected Division Champion at Denver and Grand Champion Bull at Fort Worth. He is sired by Red Northline Atlantic City and out of a CRSL Goldmaster X74 female, Red Northline Goldie 54B. Red Northline Tucker is an outcross pedigree with some tried and true Northline genetics. He has a great look with balance and style but is super impressive when viewed from behind with a big square hip and expressive top. There is big time performance in this bull but still only had a 78 lb birth weight.

KLS Farms is offering three Purebred IVF heifer embryos from the DUFF HD 2046 x PBRS Ruby Red 8214 mating. DUFF HD 2046 was the high-selling bull at the record-setting 2022 Power Plus Bull and Female Sale for \$150,000 for semen interest to Bar 64 Ranch. DUFF Cita 4060 15522, HD's dam, is just as unique. Quality and style run deep in this family tree, and many believe HD will have a lasting impact in the Red Angus breed and several others. PBRS Ruby Red 8214 is a daughter of the 2014 National Western Stock Show Champion Bull, Six Mile Taurus 519A and out of the infamous SLGN Stony's Tempest 778T. We could say a million things about this female, but what stands out most to us is her extreme volume, doability, stayability as a donor female and most importantly the potential profitability her offspring will bring to your program. PBRS Ruby Red 8214 is a full sister to the \$50,000 J6 Quick Draw bull that is now deceased. A female with such an incredibly elite look and a dark purple pedigree is worth having influence your program with her elite future offspring.
