## ONLINE BIDDING AVAILABLE:

## INSURANCE:

Insurance available sale day. Inquire at clerk's desk.

## ANNOUNCEMENTS:

Announcements made sale day by the owners, auctioneer or sale management take precedence over statements in the sale catalog.

## EPD INFORMATION:

EPDs and performance information are in accordance with their respective breed associations. EPDs current as of 2/13/23

## TRUCKING:

Free delivery to central points in SD and surrounding states.  
Will house bulls for free until delivery or no later than April 15.

## REGISTRATIONS:

The Angus and Sim-Angus bulls are selling as commercial. They can be registered at buyer's request and at cost to the buyer.

## TERMS:

Cattle sell under the standard sale terms and conditions of their respective breed association. Payment may be made by cash or check due sale day.

Cattle Friends,

Welcome to our 2nd Pride Of The Prairie Production Sale at our ranch near Willow Lake, South Dakota. On March 9 we will offer a set of bulls we are extremely proud of, and ones we think can make a lasting impact in your herd. Whether you are talking about our Limousin, Lim-Flex, Sim-Angus or Angus bulls, our goals are the same, to produce a functional, stout set of yearling and 2-year-old bulls that will flat go out and work. We put heavy emphasis on selecting good footed, sound females that have the growth potential desired by today's cattle industry. Our program is truly built around our females and their ability to raise bulls that meet the needs of today's astute cattlemen.

What a time to be in the cattle industry! With feeder calves approaching all time highs it is more important than ever to capitalize on the free gift that is hybrid-vigor! The added potential gains one can capture by simply crossbreeding these muscle-packed Limousin bulls into your cow herd are worth more now than ever! Reach out to any one of us to discuss which bulls might benefit you the best.

Take note the Angus and Sim-Angus bulls sell as commercial bulls. However, should the buyer wish to have the bulls registered, we would be happy to do so at the cost of the buyer. Also, we are offering free delivery to central points in South Dakota and adjoining states. On cattle that sell to other states, we will work with buyers to arrange delivery at the most reasonable cost possible. We will also feed and care for your bull purchase(s) for free until delivery or April 15, whichever comes first.

Again, we are excited to present this offering to both our established customers as well as our new acquaintances and anxiously await the opportunity to visit with each of you in person March 9. Feel free to contact any of us at the ranch, or our trusted sale team, with any questions you may have.

We look forward to seeing you March 9.

Sincerely,

*The Edleman Family*

EDLE Klondike 204K was the lead bull in our Division IV Reserve pen of bulls this past January at the 2023 National Western Stock Show. He combines a notable pedigree, balanced EPD profile and eye-catching phenotype. EDLE Klondike 204K should sire fast-growing calves, indicated by a 205-day weight of 757 lbs.!! His sire, MAGS Firestone 218F, was the 2019 NWSS Grand Champion Limousin bull, who is siring standout progeny across the country. Firestone progeny have tremendous base width, center capacity and muscle expression. Wulfs Gold Foil 9469G was our selection from the 2020 Wulf Cattle Opportunity Sale. This female has since become one of the highlight females in our donor pen. Numerically this herd sire prospect ranks in the top 10% for weaning weight and top 20% for yearling weight, also take note of his large ribeye figure. EDLE Klondike 204K has everything stacked in his favor!

Here's one that promises to catch your attention sale day! His sire, MAGS Firestone 218F, was the 2019 NWSS Grand Champion Limousin bull, who is siring standout progeny across the country. His dam has been a lead donor in our program for the past few years. Wulfs Ablaze 3012A was the top-selling female at the 2014 Wulf Cattle Opportunity Sale. This high-quality S A V Final Answer 0035 daughter has done an exceptional job as a breeding piece in our program. Phenotypically this herd sire prospect is smooth patterned, long-bodied, wide-based and impressive when set into motion. Don't miss out on your chance to own this remarkable individual that will predictably advance your breeding program to new heights.

This herd sire prospect has been a standout since birth—he is an absolute eye-catcher being stout featured, long-bodied and wide-based. His sire, TASF Crown Royal 960C, was the Champion Limousin Bull at the 2017 National Western Stock Show and has sired many championship progeny, as well as cattle with real word values. His young dam is a front pasture type of female we purchased from Wulf Cattle and one we are excited about her future in our herd. On paper, EDLE Kodiak 203K has exceptional growth, ranking in the top 1% for weaning weight and top 4% for yearling weight. Also, take note of this individual's natural thickness ranking in the top 5% for ribeye area. This homozygous polled, homozygous black Lim-Flex is going to do big things for the winning bidder. Make that be you.

%Rank	30	25	20	10	10	10	10	55	30	85	20	40	2	2

This herd sire's pedigree does all the talking. He is sired by the popular Wulfs Gallagher 7056G, a top-selling bull at the 2020 Wulf Cattle Opportunity sale. His dam, Wulfs Unique 8217U, is one of the most prolific donors in the world-renowned Wulf Cattle program. This female's resume has 135 progeny registered in NALF, with multiple high-profile sons such as Wulfs Claim K817C and Wulfs Billy the Kid K234B. The total sum of her offspring would easily break a million dollars. Numerically, he has an EPD profile highlighted by his growth and carcass figures. Aside from his numerical advantages, phenotypically he is heavily structured, big-bodied and level topped with extra muscle expression while being free moving off both ends of his skeleton.

This bull is an absolute stand-out. He is heavily muscled, rugged designed, big-bodied and sound on the move. He is sired by the popular Wulfs Fifty T80F, the 2019 Reserve Canadian National Champion evaluated at \$62,000. Fifty's first calf crop is nothing short of exceptional—many of his progeny are sale highlights across the nation. His donor dam is our proven S A V Final Answer 0035 daughter, Wulfs Ablaze 3012A. On paper, he ranks in the top 45% for weaning weight, top 60% for yearling weight, top 20% for scrotal circumference, top 3% for yield grade, top 15% for ribeye area and top 1% for fat thickness. EDLE Kash 211K is a herd sire prospect that projects to sire fast-growing, slick headed, sound-made calves with plenty of muscle.

If you came looking for a homozygous polled, homozygous black feature bull that could be considered heifer safe then EDLE Karl 202K is the herd sire prospect for you. Visually, he's smooth-shouldered, level-hipped and good-footed. Take a look at his negative birth weight EPD which ranks in the top 15% of the breed. His sire is the popular AI sire CJSL Dauntless 6257D, whose progeny have dominated the Limousin show circuit. CJSL Dauntless 6257D is a son of the one and only LLJB Absolute Style 3056A. This female had a wildly successful show career, most notably being named the 2014 Grand Champion Female at the North American International Livestock Exposition in the MOE National Limousin Show. Bid with confidence.

Here's one that comes to us in an extra-heavy muscled package and carries that traditional Limousin look that made the breed popular. Visually, this own son of the high profile AI sire MAGS Cable is thick-ended, wide-topped and structurally correct. His dam has been a lead donor in our program for the past few years. Wulfs Ablaze 3012A was the top-selling female at the 2014 Wulf Cattle Opportunity Sale. This high-quality S A V Final Answer 0035 daughter has done an exceptional job as a breeding piece in our program. Make no mistake he is the real deal. Be sure to have this outstanding individual on your shortlist.

This herd sire prospect is an absolute eye-catcher. He is smooth-patterned, long-bodied, wide-based and is impressive when in motion. He is sired by the extensively used AI Angus sire SITZ Commerce 670F, who has had great success in many reputable Angus programs. His dam, Vermilion Lass 4478, is a female we think highly of as she is a stand-out daughter of Vermilion X-Factor X12. Don't miss out on your chance to own this remarkable individual that will predictably advance your breeding program.

Wulfs Gold Foil 9469G is a female we think highly of. Procured from the heart of the elite Wulf Cattle program, this female is one to get excited about. Talk about an eye-catching, maternal, productively designed female. She is extended through her front one-third, clean in her lines, sound on the move and carries plenty of natural rib dimension. Her sire is Wulfs Devlin K684D, who transmits standout phenotypes consistently. Numerically, this donor ranks in the top 10% of the breed for both weaning weight and yearling weight. Also take note that she has breed-leading ribeye area that ranks in the top 3% of the breed. Here is a unique genetic opportunity to conventionally flush Wulfs Gold Foil 9469G to the bull of your choice. We think a lot of this female and are excited about her future in the industry.

Selling the right to one conventional flush to the bull of the buyer's choice.  
Guaranteeing 6 embryos with a maximum of 10.

These three embryos are maternal siblings to multiple lots in this offering (Lots 2, 9, 12, 13, 21 & 22). These cattle do all the talking needed—they are thick made, wide-based and smooth patterned with extra center capacity—best of all they're consistent. It was an easy decision to mate this exceptional donor to the numerically elite purebred COLE Genesis 86G. The result will be highly marketable Lim-Flex seedstock that have been accepted by some of the most reputable programs in the Midwest. Don't miss out on this unique opportunity for great Lim-Flex genetics.
