WELCOME

TO THE 2023 SPRING CREEK CATTLE COMPANY BULL AND FEMALE SALE

It is our honor for those of us at Spring Creeks Cattle Co. to invite you to our sixth Bull Sale, February 19, 2023, at 1:00 p.m. at the Fennimore Livestock Exchange in Fennimore, Wisconsin. The bull business is something we've been involved in for more than three decades. After all of these years, hundreds of bulls sold and many loyal and satisfied customers later, we have made the transition to showcase our entire program to everyone via the public auction venue.

We are fortunate in that we are located in a portion of Wisconsin with access to lush green pastures and an abundance of feed. The bulls selected for this sale are from the top genetics in their respective breeds and are products of our cows that efficiently convert Mother Nature's best into the best genetics the Limousin and Angus breeds have to offer. Please keep in mind, the bulls in this offering received no creep feed and the fall bulls were summered on grass with very little supplement. As such, rest assured these bulls are fit and ready to handle a substantial work load.

As in the past, we are offering a few incentives for purchasing your bull early in the bull buying season. Customers will have the option to pay 50% down sale day on any bull over \$3,000. We will gladly keep the bulls until April 1, 2023, or give you a \$50 discount for hauling them home the day of the sale. We continue to guarantee bulls as we have in the past.

At Spring Creeks Cattle Co. we have worked hard to earn the reputation of "Breed'n the Feed'n Kind!" The beef industry has been on a roller coaster for the past couple of calf crops. It has never been more important to invest in genetics that excel in all phases of production as efficiently as possible. The bulls we have presented for your appraisal will add value to your program and the industry. Buy with confidence and with the knowledge we are working hard to ensure your success in the Beef Business!

SINCERELY,
Bob Mitchell & Family
Spring Creeks Cattle Company

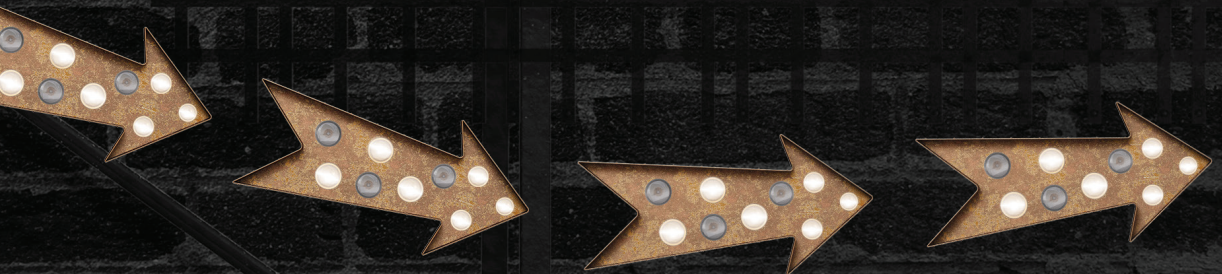

A FAMILY PROGRAM BUILT ON CUSTOMER TRUST

Spring Creeks Cattle Co is a third-generation operation located in the heart of southwest Wisconsin. Over the years of raising kids and cows our values that we initially founded the program on are still firmly intact – faith, family, beef industry fundamentals and customer relations.

To that end, one of the things we are most proud of is the relationships we've forged with our loyal customers base - many of which have been with us from the start and still trust us as their seedstock supplier of choice 3 generations later. We take the people side of the business very seriously and never take it for granted, that's why making sure customers are satisfied has always been a top priority at Spring Creeks Cattle Company.

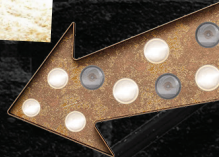

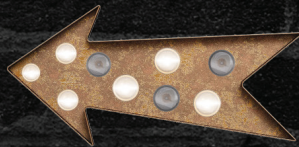

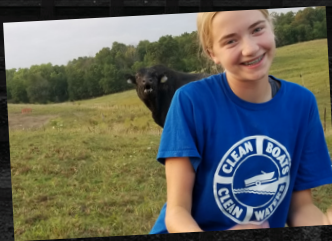

It's our wish that you can find something of value in this sale offering and look forward to working with both seedstock and commercial cattlemen alike. From our vantage point, at Spring Creeks we view each one of you as valued partners in the cattle business. Remember, you're not just investing in a bull or female but rather a family-oriented program built on years of TRUST.

LIMOUSIN & LIM-FLEX BULLS

We are proud to offer this outstanding set of Limousin & Lim-Flex bulls. Through our aggressive A.I. and embryo transfer program, we continually push the genetic envelope while using the same common-sense approach we know our commercial customers use. While fresh pedigrees and breed leading EPDs have value in the marketplace, they are of little importance if the bulls themselves are not packed with the convenience traits all true cattleman demand. We feel our program is on the right track, but you, our customers, are the measuring stick. Your feedback is not only welcomed, but appreciated, as we continue to fine tune our program into one capable of assuring our customers remain profitable based in part on the genetics, we supply them.

LOTS 1-26

LIMOUSIN
BULLS

LFLC BANK ACCOUNT 701B
MATERNAL GRAND SIRE

What an exceptional way to lead off this impressive offering! Spring Creeks Kareem combines a notable pedigree, an EPD profile worth studying and eye-catching phenotype. He is sired by the popular A.I sire Hunt Credentials. Credentials track record is nothing short of exceptional, many of his progeny will be sale highlights across the nation. His dam Spring Creeks Fancy is a well balanced female, she is a daughter of the ever-popular AI sire LFLC Bank Account. On paper, this herd sire ranks in the top 35% or better for weaning weight, yearling weight, total maternal, calving ease maternal, docility and mainstream terminal index. Aside from his numerical advantages, phenotypically he is heavily structured, long-bodied, level topped, with extra muscle expression and free moving off both ends of his skeleton. What's more, he is homozygous polled and could be utilized in a multitude of breeding program.

Spring Creeks Kevin Costner is the high growth, fresh pedigreed sire that you have been scouting for. Ranking in the top 15% or better for weaning, yearling, disposition, marbling, and mainstream terminal index. He is a power sire that doesn't give up a smooth made, muscular, long spiced, deep-bodied phenotype. His sire is the popular JBV Yellowstone 901G, this fresh pedigreed go-to high percentage sire was made the top seller's list at the 2021 Venner Sale when he was purchased by a syndicate group for more than \$20,000. Add this homozygous polled and black sire to your bull pen to

create highly sellable calves and elite replacements.

Here is a black-hided 75% Lim-Flex herd sire prospect with a flashy phenotype, who is heavy muscled, long-bodied, deep-sided, with extra dimension and bone. He is sired by WULFS Envoy and on paper Spring Creeks Kopperhead Road has a weaning, yearling, milk, and disposition figures that have him in the top 10% of the entire breed population. In the end, you will wish you had this tremendous herd sire in your possession and no one else's.

Here is a double homozygous, high percentage calving ease herd sire prospect that is ready to get the job done. This one has the bone, capacity, growth, scrotal development, and muscle expression that great cattlemen scout for. Sired by JBV Yellowstone 901G and very popular A.I sire known to excel in a balanced set of traits. Numerically take note of his birth weight which ranks in the top 25% plus, is paired ribeye area EPD that charts a top 10% ranking. No question this bull would be a solid addition to any herd bull arsenal. Bid with confidence.

ANGUS BULLS

We are equally excited about this group of stout, well-developed Angus bulls. Rest assured, these are not “left-overs” or “picked-throughs.” They are part of our comprehensive plan to provide a variety of genetic combinations. We developed all our bulls with longevity in mind and as such, are comfortable they will hold up under tough conditions while providing years of trouble-free service. Equally important, these bulls should sire the kind of calves that cause your neighbors to slow down as they drive by and your buyers to stand at attention when your sale day rolls around. As always, we welcome your questions and concerns and in the event a problem arises when you get your bulls home, we hope we will be the first call you make.

The opportunities for this Angus bull are simply endless - he's stout, athletic, and attractive. He combines a moderate birth weight all while ranking in the top 35% for his growth traits and is in the top 15% for both \$B and \$C. He is sired by the popular AI sire DB Iconic and out of one of our favorite Angus females on the place, Rose 1105, a beautiful patterned well-balanced female that does an outstanding job in production. This combination of presence and numbers project this herd sire to be the type of herd bull that will produce elite numbered, stout calves' year in and year out.

BRED & OPEN HEIFER FEMALES

Without a doubt, this is an impressive offering of bred females in conjunction with a couple highlight open heifers. They come from the heart of the Spring Creek's replacement herd and are no doubt the kind that will earn the moniker of front pasture females. Whether you are looking for stout-made females with an extra shot of maternal and marbling, these females are the type and kind to be foundation building blocks for the future. Bid with confidence, as the genetics backing this group of females are tried-and-true proven commodities.

Due February 27, 2023 to WULF Genius.

This granddaughter of CJSL Creed has the potential to be your next great foundation female in your breeding program. Visually, she's elegant fronted, deep sided and exceptional sound footed. On paper she charts an impressively well-balanced profile ranking in the top half of the breed for eight economically relevant traits. This one offers a ton of versatility, is bred to the WULF Genius and one that you won't want to miss.

This female has the pedigree to raise elite herd bulls. Her sire is one of our prominent program herd sires Spring Creeks Cutting Edge, he transmits a combination of exceptional structure, muscle and eye appeal. Her dam is and elite Angus female we purchased from the progressive Wulf Cattle program. What's more is she is carrying the sire to known calving ease and popular Wulf Genius A.I sire. Get to the front of the because this female is the total package.

CALVING EASE MEANS PROFIT

Calving-ease and calf vigor are traits upon which the cattle business was founded on in this country. Relative to growth, the Limousin and Angus breeds remain a calving-ease leader. Easy births not only allow cows the opportunity to breed back faster, but they also ultimately result in more pounds to sell at weaning. That said, we have made a concentrated effort to bring you a variety of bulls that excel in the beef industry's Number 1 profitability trait - calving-ease.

**REFERENCE
SIREs**

The importance of quality herd bulls, be it in a commercial or seedstock operation, cannot be stressed enough. Herd bull decisions made today influence your program, either positively or negatively, for years to come through daughters retained in the herd. At Spring Creeks Cattle Company, we have always believed in having the absolute best bull power available in the industry. As such, we have invested heavily over the years to ensure only the best sires walk behind our progressive AI program.
