CATTLE SELL IN CATALOG ORDER

LOCATION 2605 Auction Barn Street, Cameron, TX 76520

EPD INFORMATION

Please note that EPDs may change from the time the catalog is printed until the registration papers are transferred. EPDs Dated 5/4/23.

ANNOUNCEMENTS

Announcements at the sale by the owners, auctioneers, or sale management will take precedence over statements in the catalog.

TERMS & CONDITIONS

All cattle sell under the standard terms and conditions set out by the North American Limousin Foundation.

INSURANCE

Insurance will be available. Inquire at the clerk's desk sale day.

SETTLEMENT

Terms are cash or check. Purchasers must make settlement with Sale Management prior to taking possession of purchased animals. Any arrangements to the contrary between buyers and sellers are at the seller's risk and are without liability to the sale management.

WARNING

A livestock activity sponsor, a livestock owner, a livestock facility, a livestock auction market, or any employee thereof is not liable for an injury to or the death of a participant in livestock activities resulting from the inherent risks of livestock activities.

LUNCH

Complimentary lunch in the Milam County Livestock Exchange Cafe with a registered bidder number.

TRUCKING

Buyers who spend \$7500 or more are entitled to free nationwide delivery.

WILDER FAMILY LIMOUSIN

Since 1912, the Wilder family has been farming and ranching in Snook, Texas, just outside of Bryan/College Station. Until 1982, the Wilder family primarily relied on farming as their dominant business. Fourth generation partner, Jay Wilder, expanded the horizon of the family farm by showing and investing in Limousin cattle.

Wilder Family Limousin runs approximately 150 head of purebred and Lim-Flex cattle. They also run a large commercial cow operation in conjunction with the registered cattle. In the farming operation, they grow cotton, grain sorghum, wheat and soybeans. They focus on marketing show prospects, commercial and seedstock bulls and bred heifers for their fellow seedstock producers.

Jay, the fourth generation partner in the operation today, is a 1993 graduate of Texas A&M University. In 1994, he and Molly married. In 1996, the fifth generation, Jayce, and twin brother, Spencer, were born. Molly is a 1993 graduate of Texas A&M as well. Currently she teaches 2nd grade for Bryan ISD. When she retires she will become more hands on with the day-to-day operations.

Throughout Jayce and Spencer's show career they have been very successful. They have shown on the local (Brazos Co.), state (Fort Worth, San Antonio, Houston and Texas Limousin Field Day) and national levels (National Western and National Junior Limousin Shows & Congress). The brothers graduated from Texas A&M University and returned home to the farm and ranch.

Jay has been active with the Texas Limousin Association, serving on the board of directors for many years, including a term as the organization's president. He is currently a member of the NALF Board of Directors.

Former Champion, Current Matron

Selling Choice of 1/2 embryo interest in Lots 1A-1G.

This female originates from one of the most prestigious programs in the country that raises Limousin show females, Thomas & Son Farms. TASF Fallon 190F was a calf champion at the 2019 NWSS for Sara Sullivan. She is a female of added eye appeal, structural correctness and muscle shape in a very smooth, maternal design. TASF Fallon 190F is one of the best Lim-Flex females shown by Sara Sullivan in recent years. This young female is sure to produce future show heifers at the highest level with her genetic make-up and build.

**Selling Choice of 1/2 embryo
interest in Lots 1A-1G.**

Recently the top-selling donor at the Conley Cattle Fall Production Sale. This female created a lot of buzz with her flawless lines, natural shape and dimension. She is a daughter of E&B Confederate 507 and goes back to Conley S Sis Sandy 4350 who sold for one-half interest at \$25,000 for a \$50,000 valuation through the 2019 Conley Cattle Fall Production Sale. Conley Cattle recently exhibited the Grand Champion Pen of Three Bulls at the 2022 Cattlemen's Congress. Conley Sandy 7350 was the dam of two of those members, Conley Cornerstone and Conley Constitution, who were featured in the 2022 Conley Bull Sale. Here is a powerful donor female that offers unlimited genetic potential. Opportunity abounds for this female.

Prestigious Family

Selling Choice of 1/2 embryo interest in Lots 1A-1G.

Greenwood Pld Birch combines a notable pedigree, proven resume and eye-catching phenotype. This high-quality female has six registered progeny in CLA. Greenwood Pld Birch is sired by the popular AI sire CJSL Windfall 9072W whose influence has been seen across North America in multiple progressive breeding programs. Her dam is the storied HSF Tinkerbelle, the popular Carrousel's Nasdaq daughter out of the well-known NP Vidalia 164H. Few donor females ever reach the elevated status of this female. On paper, Greenwood Pld Birch presents above-average growth and maternal traits. From the ground up, this female is big-footed, stout in her bone work with added angularity to her skeletal design. She is genuine in her muscle shape and dimension with such a practical build.

**Selling Choice of 1/2 embryo
interest in Lots 1A-1G.**

We believe this red purebred female that we selected from Canada is truly special. This female is sired by the popular purebred AI sire LFLC Bank Account 701B. Her powerful dam is the daughter of the widely popular Cottage Lake Border Agent. Boss Lake Ms Molly 814F had an extremely successful Canadian show ring career for Boss Lake Genetics. She was extremely competitive in the Limousin division and claimed multiple supreme victories. Boss Lake Ms Molly 068H was campaigned by the Hennessy family of North Dakota. She attracted the attention of many when she competed in the 2021 National Junior Show. We think highly of this purebred red donor.

Smooth Made, Stout Featured

Selling Choice of 1/2 embryo interest in Lots 1A-1G.

PF Forever Princess 9055 is an Angus female to get excited about. Talk about an eye-catching, maternal, productively designed female. She is extended through her front one-third, clean in her lines, sound on the move and carries natural rib dimension. We feel she has all the right pieces to make nationally competitive show heifers. Her sire is the great PVF Blacklist 7077, who transmits standout phenotypes consistently. Her dam is the great Lazy H Bar Forever Lady 5001, the BR Midland daughter out of V A R Forever Lady 4304.

**Selling Choice of 1/2 embryo interest
in Lots 1A-1G.**

Her perfectly engineered skeleton and stunning maternal profile made her not only a “can’t miss me” female in the show ring but also the donor pen. Her dam, SBLX Xtra Special, was the past San Antonio Supreme Champion Overall Breeds. The DHVO Deuce x MAGS Manuela mating has produced some of the finest cattle to set foot on ground, and SBLX Xtra Special is no exception. This female is one of the highest valued young donors in the breed at \$106,000.

Stacked Pedigree

Selling Choice of 1/2 embryo interest in Lots 1A-1G.

This fancy patterned female caught our eye from the extremely competitive Thomas & Son Farms program in Maryland. She is a daughter of the well-known CJSL Dauntless 6257D, a son of MAGS Zodiac, out of the many-time Champion LLJB Absolute Style 3056A. This donor's dam did a lot of winning for Morgan Wise and was most notably selected Champion Junior Limousin Female at the inaugural Cattlemen's Congress. This female's pedigree is loaded with National Champions including her dam who was the Grand Champion Female at the 2020 NJLS&C.

**WILDER FAMILY
LIMOUSIN**

Elite Sexed Heifer Pregnancies

If you are looking to raise a show heifer or a donor quality female capable of highlighting your program, then take a look here. This selection of heifer pregnancies has as much genetic prowess as anything offered this spring sale season. The four donors and six sires represented in these pregnancies are without a doubt some of the most sought after genetics in the Limousin breed today.

WILDER'S SPRINGTIME *Spectacular*

**WILDER FAMILY
LIMOUSIN**

Heart

of the Herd

We named this section Heart Of The Herd for a reason. The Wilder family dug deep when assembling this set of females. The phrase “sell the ones you would rather keep” definitely applies here. The majority of these females are not only youthful, but they have spring-born calves at side that represent the breed’s most popular and proven genetics. Buy with confidence, these females have already proven the ability to produce at high levels.

WILDER FAMILY LIMOUSIN

Bulls

For those of you who have yet to purchase a new herd bull, here is your opportunity. Given the price being paid for bulls at sale barns across the country, now is the time to trade up. Take your old bull to town, cash a hefty check and re-invest in one of these two-year-old meat wagons. The herd bulls offered here have the combination of pedigree, EPDs and performance needed to make a measurable improvement in your next calf crop.

Docility & Calving Ease

"Docility and calving ease are the two number-one things for a commercial rancher. And the docility of the Lim-Flex is really great. But calving ease is top of the line. She has to be able to produce a calf without a lot of problems."

- Shane Whiting, Commercial Cow/Calf Producer

Feed Efficiency & Carcass Merit

"Using a Continental breed such as Limousin or Lim-Flex on a British-based cow herd gives you the best of both worlds – the maximum combination of a balance between gain, feed efficiency and carcass quality."

- Dr. Kee Jim, CEO of Feedlot Health Management Services

Improved Marbling

"Genomic testing, breeder focus and the heritability of carcass traits have enabled all of us as seedstock producers to make rapid genetic gain in carcass quality. In fact, the marbling EPD value in our breed reflects an improvement of 0.25 to 0.35 for both Limousin and Lim-Flex, making them very comparable to other Continental breeds."

- Dan Hunt, Commercial Cow/Calf Producer
