DIRECTIONS: From Ninepipes Lodge, go north 1.1 miles on
Hwy. 93. Take a left on Hwy. 212 and go 2.9 miles. Keep right
onto Dellwo Rd. (the Hwy. curves left). Go 3.1 miles and take a left
on Crow Dam Rd. The cattle will be displayed on your left
at Coleman Limousin Ranch pasture.

Dear Fellow Cattlemen,

All of us at Coleman Limousin Ranch welcome you to the Discovery Sale of 2023. Thank you very much for your interest, support and confidence in our program.

This fall will be our fourth Discovery Sale and once again we are proud to showcase our top females that have been responsible for producing breed-leading Limousin genetics.

We feel there is something for everyone at this sale. The offering is highlighted by the pick of our entire 2023 bull calf crop. Another highlight will be the pick of embryo heifer calves by COLE Beauty 276Z and COLE Genesis; COLE Beauty 276Z and Coleman Bravo; and COLE Miss X Rated 354A and Envision. We will also sell embryos from four of our proven donors. In addition, we are selling a select group of bred heifers.

The females in this sale are backed by generations of proven genetics. The bred heifers have been ultrasounded and are guaranteed bred. These bred heifers are as deep of a group as we have ever offered.

The cattle will be available for viewing at our ranch throughout the day on October 12. Dinner will be served at Ninepipe's Lodge at 6 p.m. and the video sale will start at 7 p.m. We will have videos of the females posted to our website, YouTube and Facebook.

October is a beautiful time of year here in the Mission Valley. Ninepipes Lodge is at the base of the majestic Mission Mountains. It is right on the way to Glacier National Park and Flathead Lake. Please join us for the sale and your own Montana vacation.

We hope this catalog's information will be helpful. Please give us a call if we can be of further help to you. If you are unable to attend the sale, please feel free to contact us at Coleman Limousin Ranch, Kiley McKinna or any of the sale staff. We look forward to having you with us October 12.

Sincerely,

Coleman Limousin Ranch

Larry and Anita

Trent and Melissa

Your Montana Adventure Begins Now

Not unlike the majestic Mission Mountains located here in Western Montana, when viewed as a group, this set of females has the ability to take your breath away. When we set out on this adventure three sales ago, our goal was to assemble a set of Limousin and Lim-Flex genetics that would not disappoint. We feel we have succeeded, but as we have learned over our many decades as a superior seedstock supplier, we know the true value of our efforts will only be known at the final drop of the gavel. We sincerely hope you join us for what has become known as one the most important Limousin sales of the year in one of our country's most beautiful places. Please don't hesitate to contact us should you have any questions regarding the offering or in planning your trip to this scenic venue.

FEATURED PICKS

PICK OF 2023 BULL CALVES

SELLING FULL POSSESSION AND 50% INTEREST.

Truly a special way to lead off the 2023 Discovery Sale! We have decided to offer the pick of our 2023 bull calves. That's right, the winning bidder will get their pick from our entire 2023 bull calf crop. We are confident that this year's group is the deepest set in Coleman Limousin history. Pick from calves sired by a diverse set of AI sires, herd bulls, donors and proven brood matrons. Don't pass up the opportunity to select your pick of our 2023 bulls that have the pedigree, phenotype and numerics to do big things not only for your operation but for the entire breed. Contact Coleman Limousin or Sale Management for further information on this unique opportunity.

FEATURED PICKS

COLE GENESIS 86G • Sire of Lot 2 picks

COLE BEAUTY 276Z • Dam of Lot 2 picks

Offering the pick of three flushmates that we think a lot of. COLE Beauty 276Z is the epitome of a donor. She is a descendant of the storied COLE Miss Katy May 9105W, who represents a long lineage of donors and maternal greatness. COLE Beauty 276Z has achieved her spot as one of the Limousin breeds all-time great donors with 103 total registered progeny at NALF. Her influence, not only in our program, but the entire Limousin breed, is rooted deep. COLE Genesis 86G was the \$40,000 high seller at the 2020 Coleman Limousin Bull Sale. This young sire has been regarded as one of the best-numbered purebred bulls in the breed. Genesis doesn't just transmit impressive numerics, he also breeds flawless phenotypes. Numerically, these calves present a low birth weight figure paired with good growth and top-of-the-breed marbling. Bid with confidence, these females do a lot right.

We promise it will not be easy picking a favorite out of these three flush sisters. This mating worked well, resulting in the type of female that will make you money for years to come. Their donor dam is COLE Beauty 276Z. Study this offering and you will quickly realize how influential this female is. COLE Beauty 276Z is one of the most prolific and influential females we have ever had in our program and these three daughters are a great example of that. Their sire, Coleman Bravo 6313, is an elite Angus AI sire that has sired numerous high-selling and high-averaging progeny across the country. These females are maternally made and would make a great addition to your cow herd.

FEATURED PICKS

COLE MISS XRATED 354A • Dam of Lot 4 picks

A unique opportunity to procure a full sibling to COLE Homerun 51H, the high-selling lot in our 2021 bull that commanded \$40,000. COLE Homerun 51H might be her latest achievement, but by no means her only achievement. Her impressive resume includes producing two other sons who are both notable AI sires and past sale highlights, COLE Cadillac 05C and COLE Genesis 86G. Put simply, she has not missed yet. You could write a book about her influence on not only our program but the Limousin breed. Their paternal influence, CELL Envision 7023E, has proven to transmit progeny that pairs big data with stand-out phenotypes. CELL Envision 7023E is deceased, but his legacy continues to live on through calves that have sorted to the top of many astute breeding programs across the country. On paper, these sisters have numbers worth studying. Take note of their breed-leading weaning weights and yearling weights. Don't miss out on your chance to own one of these remarkable individuals who will predictably advance your breeding program to new heights.

Selling Half Embryo Interest

What a way to lead off the elite production female division. This female is a full sibling to the Lot 2 choice lot as well as Lot 10. She is also a maternal sister to Lots 3A, 3B, 3C and 6. Her dam is COLE Beauty 276Z, a donor and descendant of the storied COLE MISS Katy May 9105W cow family. COLE Beauty 276Z has achieved her spot as one of the Limousin breed's greatest donors. Her influence across the Limousin breed is worth noting. Her sire, COLE Genesis 86G, was the \$40,000 high seller at the 2020 Coleman Limousin Bull Sale. He is regarded as one of the best-numbered purebred bulls in the breed. But Genesis doesn't just transmit impressive numerics, he also breeds flawless phenotypes. Numerically, she is highlighted with top-of-the-breed marbling and mainstream terminal index. This broody female has been a favorite of visitors this summer and fall due to her capacious center body, heavy bone and true cow power.

In our 2021 Discovery Sale, we offered a unique lot, choice of three flush bull calves sired by S A V Rainfall 6846 out of COLE Beauty 276Z. This lot was very popular and sold for \$36,000 to Wilder Family Limousin of Snook, Texas. COLE Beauty 235K is a full sibling to those bulls. Needless to say, this mating flat works. One look and you will want to add this Lim-Flex female to your herd. This feminine female has all the pieces to make a great cow—easy fleshing, deep ribbed and sound from the ground up. The genetics behind this female do all the taking needed.

Here is a daughter of the great COLE Miss Zone 5110C. Few females in the Limousin breed have achieved the status of 5110C. She's earned her reputation the old-fashioned way—through her progeny. This donor comes from the heart of the elite Coleman Limousin program, an operation rooted in exceptional cow families. COLE Miss Zone 5110C was recently valued at \$60,000. These are the type of genetics you can't go wrong with. She is the daughter of the popular AHCC Earning Power 900E. Have confidence this female's future progeny will be big-numbered, phenotypically correct and on the cutting edge of genetic advancement.

A stand-out sire group in our 2023 calf crop would be the COLE Homerun 51H calves. They're stout, growthy, and have a ton of look. This lot is your opportunity to purchase a full sibling to COLE Homerun 51H, the high-selling lot in our 2021 bull sale who attracted the masses and commanded \$40,000, selling to Linhart Limousin. COLE Homerun 51H might be 354A's latest achievement, but by no means her only achievement. Her impressive resume includes two other sons who are notable AI sires—COLE Cadillac 05C, and COLE Genesis 86G. Simply put, she has not missed yet. You could write a book about her influence on not only our program but the Limousin breed. Their paternal influence, CELL Envision 7023E, has proven to transmit progeny that pair big data with stand-out phenotypes. This female will raise the kind of bulls producers line up to buy!

Her donor dam, COLE Miss Production 104Y, was the top-selling mature cow in our 2021 Discovery Sale going to London Limousin Ranch. Few females in the Limousin breed have achieved the notoriety or status of 104Y. Phenotypically she is an eye-catching, maternal, productive female. She is clean in her lines, sound on the move, and carries the natural rib dimension and broodiness you've come to expect from Coleman Limousin. On paper, this female ranks in the top 10% for weaning weight, yearling weight and \$MTI as well as ranking in the top 20% for marbling and scrotal. This female has the phenotype, pedigree and numerics to stack the odds in your favor. If you're in search of a female backed by proven and highly marketable genetics that could steer your program to new heights, look no further.

Truly a unique opportunity to procure embryos from a donor from the very top of our program. Few females in the Limousin breed have achieved the notoriety or status of 104Y. On paper, this donor ranks in the top 1% for both the marbling and mainstream terminal index. This female has the phenotype, pedigree, and numerics to stack the odds in your favor. On the sire side, both Envision and Firestone have earned the reputation of being elite producers. If you're in search of highly marketable genetics that could steer your program to new heights, look no further.
