What a special lot to lead the 2023 Solid Gold Limousin Sale! Greenwood Zoom Bloom 704K combines a notable pedigree and eye-catching phenotype. This bred female is consigned by the prestigious Greenwood Cattle. She is sired by TREF Hardcore 204H, the \$51,000 top seller from the 2021 Treftz Limousin Bull Sale. His influence has been seen across North America in multiple progressive breeding programs. Her dam is the storied Greenwood Pld Zoom Bloom, the popular Wulfs Revolver daughter out of the well-known Greenwood Pld Talkindirty. Few donors ever reach the elevated status of this female's mother. On paper, Greenwood Zoom Bloom 704K presents above-average growth and maternal traits as well as breed-leading carcass traits ranking in the top 10% for Carcass Weight, Ribeye Area, and Marbling. From the ground up this female is big-footed, stout in her bone work with added angularity to her skeletal design. She is genuine in her muscle shape and dimension with a practical build. Don't miss this female. We think that she has a bright future ahead of her no matter what your plans include.

Study this high-quality heifer, she is smooth and elegant in her design, tremendous on her feet and legs, and full of ample muscle shape. The added dimension she offers is impressive when coupled with her flawless structure and attractive angles. She is a daughter of SSTO Guns N Roses 9408G, one of the most popular sires in the U.S., and for good reason. He is a son of the National Western Stock Show Grand Champion Bull TASF Crown Royal 960C and Riverstone Charmed 50C. RPY Paynes Lilah 9L is out of a seven-year-old COLE Architect 08A daughter who goes back to HSF Ultimate Passion. Do not sleep on the opportunity to own this individual. ### Retaining one successful flush at the buyer's convenience.

This stylish heifer has endless potential in the show ring and adding value to any herd. She grabs your attention with her eye appeal and presence. She has an attractive front end that is carried through with her bold design, excellent hair coat and of course ample amount of Limousin hip. She is sired by RPY Paynes Dillinger 43D, the 2018 CWA Grand Champion Bull. Her donor dam is the highly productive RPY Paynes Bailey 30B. On paper, this female offers tremendous growth, ranking in the top 10% for WW and top 5% for YW. This sweetheart is the complete package and would work great for any junior looking for a heifer to hang purple banners. She already has a winning record as Calf Champion at the Manitoba Ag Ex and Reserve Calf Champion at the Black Gold Jackpot. Once she is done in the show ring, Lucy should follow in her dam's footsteps and produce excellent offspring.

Pinnacle View dug deep and brought a special open heifer to us for their first consignment in the Solid Gold Sale. Lady Gaga 28L will have you singing in the streets when you see her. She is beautifully extended through her front one-third and long-bodied, with a great hip structure that sets down on a perfect foot. The Rush calves made a huge impression on their herd this year with their style and eye appeal, and we think this one will have a very exciting future as well. She comes from a cow that is quickly making her way into our donor pen with the line of progeny she is leaving us. Her 2022 daughter has been retained in our replacement pen and has already had a very successful show career. Be sure to stop by the stall at Farmfair and Agribition to see this beauty in person.

Double B Cattle Co. brought us the best of their 2023 bull pen. This herd sire prospect is an absolute eye-catcher. Stout featured, long-bodied, wide-based and is truly impressive when set into motion. He is sired by the proven 777 Cattle Hawkins who effectively transmits structural soundness and confirmation. His dam is a beautiful patterned HUNT Credentials 37C daughter that we purchased from B-Bar. On paper, DBCC The Last Warrior 28L has a moderate Birth Weight figure and ranks in the top 35% for Weaning Weight and top 25% for Yearling Weight. This combination of presence and numbers projects him to be the type of herd bull that produces well-balanced, stout calves year in and year out. We feel this young March calf has a lot of promise and believe he will sire calves that perform and females that are productive and consistent! Consistency isn't a fluke. Greenwood Pld Birch combines a notable pedigree, proven resume and eye-catching phenotype. This donor was a sale feature in last year's Solid Gold Sale from the heart of the prestigious Greenwood Limousin herd. Greenwood Pld Birch is sired by the popular A.I. sire CJSL Windfall 9072W, whose influence has been seen across North America in multiple progressive breeding programs. Her dam is the storied HSF Tinkerbell, the popular Carrousel's Nasdaq daughter out of the well-known NP Vidalia 164H. On paper, Greenwood Pld Birch presents above-average growth and maternal traits. From the ground up this female is big-footed and stout in her bone work with added angularity to her skeletal design. Don't miss the opportunity to flush this incredible female.

An intriguing opportunity to purchase embryos out of B BAR/VLE Sammy 6J. This female is a daughter of Miss TMF Shameless, a female who needs little introduction to Canadian Limousin breeders. Notably, nine flush brothers averaged \$9,800 in the 2021 B-Bar Bull and Female Sale. Another flush sister topped the 2021 Solid Gold Sale at \$22,000. She will catch your eye because of her unrivaled amount of substance with genuine body shape and dimension and flawless structural build. We are offering three embryos out of Diamond C Kingsman 5K, the \$20,500 high-selling yearling at Diamond C Ranch, this young sire has a proven pedigree paired with an elite numerical tabulation.
