TERMS AND CONDITIONS:

Bidding—This is an internet only, live auction meaning there will be no options for in person bidding. The auction will be broadcast live on DVAuctions. **We ask that you register to bid at least 24 hours before the sale.** Buyers will receive invoices following the sale that will be payable upon bull delivery/pick-up or April 15, whichever comes first.

Phone Bidding—If for any reason you are uncomfortable with bidding online or have trouble getting online, please contact Kevin or Stratton or a member of the marketing team to arrange for phone bidding options.

Sight Unseen Guarantee—If you're unable to attend the preview day and can't find another time to view the sale offering in person, contact Kevin or Stratton or a member of our marketing team. We will assist you in making a purchase decision and if you aren't satisfied with your purchase after you see him/her in-person, you don't own the animal.

Free Wintering until April 15. We will be happy to feed and house the bulls/heifers until April 15. After that date, buyers will be charged \$3.50 per head/day per bull/heifer.

Delivery—We offer free delivery within a 250-mile radius of Kersey, Colorado. We will work with customers outside that radius to help coordinate affordable delivery options.

Announcements—Announcements made sale day by the owners, auctioneer or sale management take precedence over printed material in the catalog or other printed material associated with the sale.

Breeding Guarantee—All of our bulls have passed a fertility soundness exam unless indicated on the sale block. All bulls are guaranteed breeding sound.

We offer a first-breeding season guarantee for all bulls selling for \$4,000 or more. If a bull does not complete the first full breeding season, Ochsner Limousin will share in 50% of the difference between purchase price and salvage value. This credit will be applied towards a bull of equal or greater value if one is available, or will be provided as a sale credit in next year's sale. The first breeding season will be defined as 90 days after turnout. The buyer is responsible for notifying the seller immediately when injury occurs and is required to have the injured bull diagnosed by a licensed veterinarian. To qualify for this credit, buyer must notify seller and provide veterinarian's diagnosis prior to selling the bull. All claims must be made prior to September 1, 2024.

Feed Program—The bulls have been developed on a ration formulated by Kelcey Swyers of Grassland Nutrition consisting of grass hay, alfalfa hay, corn silage, cracked corn and dried distillers with a target of 3.0 ADG.

Herd Health—Veterinarian: Dr. Mike Mathis (970) 396-9091

Birth: Inforce 3 and Ultrabac CD

Branding: Bovi-shield Gold One Shot, Vision 7 with Spur, Inforce 3

Pre-Weaning: Bovi-shield Gold One Shot, Vision 7 with Spur

Weaning: Bovi-shield Gold 5, Dectomax Injectable, FerAppease

Pre-Sale: Ivermectin Pour-on

General Guarantee—All cattle sell under the standard North American Limousin Foundation guarantee.

Registration and Updated EPDs—all cattle are registered with the North American Limousin Foundation. All EPDs are the most current at the time of printing conducted by IGS and NALF. Please note that EPDs may change from the time the sale catalog is printed until registration papers are transferred. EPDs in this catalog are current as of 2/29/24.

Supplement Sheet—A supplement sheet with updates/changes to the printed catalog will be available on DVAuctions.com, Ochsnercattle.com and on the Ochsner Limousin Facebook page prior to the sale.

Welcome to the Pasture to Plate Performance Sale! This inaugural event can best be summarized in three words: **Passion, Product, and Promise.**

My parents A.I.'d their Angus cows to Limousin bulls for the first time in 1972. In 1976, I started my own herd with the purchase of four half-blood Limousin cows and bought my first 75% Limousin female at the 1977 National Western Stock Show. That sparked a life-long **passion** for the Limousin breed and the seedstock business - a **passion** that continues to drive me nearly five decades later!

The road that has led us to this day has included a few curves and detours together with some memorable mountain top experiences. Through it all, we've maintained our focus on producing sound, balanced, performance-oriented cattle that work in the pasture, and all the way to the plate!

The **product** we are offering for your appraisal reflects our breeding philosophy and business focus over the past several decades. As a cooperator herd for Wulf Cattle, we have spent the past 16 years producing seedstock to be marketed through the annual Wulf Opportunity sale. We've also invested 25 years building a direct-to-consumer beef business centered around the needs and preferences of end consumers. Those experiences have resulted in a balanced breeding approach and a focus on producing the kind of cattle that are functional and profitable throughout the entire beef value chain.

We don't believe in chasing fads, targeting extremes or "painting by numbers." However, we do believe in capitalizing on all the tools at our disposal, and combining those tools with a stockman's eye, to create cattle that excel - both in terms of genetic value and phenotypic look. By studying the EPDs in this catalog, you will find that we're serious about producing breed-leading, performance-oriented cattle backed by the collection of accurate phenotypic data and genetic testing. Walking through the cattle, I hope you'll recognize the emphasis we've placed on structural correctness, docility, and attractive phenotypes.

In Ecclesiastes, we are told, "there is a time for everything and a season for every activity under heaven." We believe circumstances have aligned that make this the right time to host our inaugural sale. So, on March 28, we're going to live into the **promise** we believe God has for our future. More importantly, our **promise** to you is that we will work tirelessly to deliver the genetic product, accurate data and personalized customer service that will improve your profitability and success in the cattle business!

Thanks in advance for giving us the opportunity to earn your business and trust! Please call if we can assist you in any way.

Sincerely,
Kevin Ochsner

OLIM Laredo 367L made lots of friends as a member of the Grand Champion Limousin Pen at the 2024 National Western...and for good reason. This long bodied, wide based, muscular 84% Limousin bull combines power with a stunning profile—accentuated by his strong top, long neck, and exceptionally smooth shoulder. He offers double digit calving ease while charting in the top 35% for weaning and yearling growth, top 20% for milk and the top 2% for REA. His sire is a grandson of our 2015 National Champion female, AUTO Amerie 228A. His maternal half-brother, OLIM Keystone, was the lead bull in our 2023 NWSS Champion Lim-Flex Pen, and his dam ranks in the top 20% in terms of stayability boasting an average calving interval of 373 days on four calves. Predictability comes standard in this exciting herd sire prospect!

Retaining 1/3 Semen Interest

You'll drive the wheels off your pickup before finding a high percentage, homozygous polled Envision grandson that is more sound, smooth patterned and phenotypically attractive than OLIM Latigo 320L. Loose skeletoned, deep bodied, square hipped, big footed and soft in his pasterns, this 84% bull is out of one of the most balanced, complete females in our herd. His phenotypic attributes are further enhanced by a balanced EPD profile with WW, ADG, YW, SC, DOC, and REA EPDs all in the top 25% or better of the breed. Use him to add dimension, bone, and power to a set of Lim-Flex females or put him on a set of purebred females to improve structure, phenotype, and fertility—the options are limitless!

The third member of the 2024 NWSS Grand Champion Limousin Pen, OLIM Linchpin 337L is a homozygous polled 78% son of the proven performance leader, Wulfs Gameboy C911G. Boasting an adjusted 205 day weight of 730 lbs., Linchpin combines his double digit CED EPD with weaning and yearling growth EPDs in the top 15 and 20% of the breed respectively and a docility EPD within the top 5% of the breed.

OLIM Lucchese's combined phenotype and genetic values earned him a trip to Denver to be on display with our Champion Limousin pen. This homozygous black, homozygous polled Lim-Flex bull charts weaning and yearling growth EPDs in the top 10% of the breed and \$MTI EPDs in the top 25% of the breed. He also shares the same great granddam as OLIM Laredo and OLIM Keystone. Heavy boned, big footed and soggy made, this bull offers the performance, phenotype and style to satisfy the most discriminating stockman.

OLIM Kilimanjaro 03K offers performance at its peak! He charts an impressive EPD profile with WW, ADG, YW, CW, MARB and \$MTI all in the top 1% of the breed while maintaining REA in the top 20% and Docility in the top 2%. Plus, as his picture indicates, he offers an eye-popping phenotype! The DB Iconic sons are admired for their genuine performance coupled with their stunning eye appeal and have been topping Angus sales all across the country. His dam, CNOC Gemini, is an Envision daughter and a maternal half-sister to the performance leading Wulfs Gameboy that was also raised in our program. Homozygous polled and homozygous black, here is a herd bull prospect destined to be a breed changer!

Don't miss this age-advantaged, 18-month-old, homozygous black, homozygous polled Lim-Flex bull. Smooth shouldered, deep bodied and square hipped, his sire, CJSL Creed 5042C, is a proven heifer bull known to add marbling to cattle. His dam is one of the most correct, moderate framed, easy fleshing cows in our herd. With a CED of 14 and a -1.4 BW EPD he should be a heifer bull that will sire both useful feeder calves and a great set of replacement heifers!

Cow families matter at Ochsner Limousin and this bull stems from one of the best. His dam is a half-sister to Wulfs Gameboy tracing his lineage to MAGS Dealing Magic, a cornerstone of our Lim-Flex program. Anyone who breeds cattle can appreciate how challenging it is to combine the pattern, profile, structural soundness and docility with a balanced set of EPDs resulting in WW, YW, MARB and \$MTI EPDs all in the top 20% of the breed.

If this bull would have had brothers, we would have been exhibiting a Lim-Flex pen at the NWSS as well, this year! Sired by the sale topping CELL History Maker and out of an own daughter of AUTO Amerie 228A, the female Caitlyn won Denver with in 2015, OLIM Land Baron 383L is bred to be good! He boasts a 741 lb. adjusted weaning weight and a 365 day adjusted weight of 1416 lbs.—the largest in the sale! Big skeletoned, big boned, loose structured, sound and stout all put together in a double homozygous package.

OLIM Lonesome Dove 390L is another high percentage (84%) son of OLIM Jackpot, making him a half brother to two members of our Champion Denver pen. Don't let his scurs cause you to overlook the true performance and power this long bodied, thick made bull brings to the table along with his top 15% WW EPD and top 2% REA EPD.

OLIM Lumberjack 379L is sired by the performance leading Wulfs Edge 5045E and out of one of the best uddered, most complete, and productive red cows in our herd. With a REA EPD in the top 35% of the breed, marbling in the top 10% and \$MTI in the top 15%, here is a true carcass bull from the original Carcass Breed!

Selling Choice and Privilege

LOT 26

If Ashlyn was still young enough to be a Junior, we would not be offering these females for sale! Both heifers are halter broke and ready for a successful summer show season. After that, these are the type of females anyone would be proud to have in their donor pen. To that end, Ochsner Limousin is selling full possession of these heifers, but will be retaining 50% embryo interest following their show career.

Selling full possession and 50% embryo interest.

OLIM Latte 373L strikes a stunning profile. Long necked, feminine fronted and level designed, Latte catches your eye with her femininity and style and commands your attention based on her overall width, dimension, and substance. Put her in motion, and this big boned heifer moves comfortably off both ends and offers the kind of power rarely found in such stylish, feminine females. Sired by ROMN Floyd Mudhenky 101F, and out of a first-calf Aviator daughter that Ashlyn campaigned successfully, Latte has the pedigree and phenotype to go on and raise the next great purebred herd sire. Halter broke and ready for Jr. Nationals, this heifer is one you can build a fun summer AND a long-term breeding program around!

Selling full possession and 50% embryo interest.

You'll get noticed when you lead this fancy red heifer into a show ring! OLIM Libby 413L is as smooth shouldered and angular designed as they come. Additionally, she's strong topped, square hiped and has that natural sweeping rib shape that screams "brood cow!" Sired by the performance-oriented Wulf's Holliday 4841H and out of a beautiful Aviator cow that traces her lineage back to a female Ashlyn purchased from Etherton Farms, this homozygous polled heifer combines phenotype and performance in a dark red package. As a 77% female, she is one generation away from making a beautifully patterned, great numbered purebred calf, or, breed her to your favorite Red Angus bull for a show-stopping Lim-Flex that could show at both the Limousin and Red Angus Junior Nationals!

WATCH & BID ONLINE FOR FREE AT DVAUCTION.COM

Buying online is as easy as 1, 2, 3 ...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction—a DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases!
After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding. Be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

PROXY BIDDING: If you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles?

During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at 402.474.5557.
