

# SIGNATURE SERIES

*sale* 5.0

[ FRIDAY, SEPTEMBER 13, 2024 ]  
WILLIAMSBURG LODGE, WILLIAMSBURG, VA

A man in a blue military uniform with a bicorne hat sits atop a blue carriage. Two horses, one dark brown and one chestnut with a white blaze, are harnessed to the carriage. The scene is set outdoors with trees and a building in the background.

# SIGNATURE SERIES

*sale* 5.0

[ FRIDAY, SEPTEMBER 13, 2024 ]

3:00 P.M. | ATTEND LIVE AT THE WILLIAMSBURG LODGE | WILLIAMSBURG, VA

OR ONLINE AT LIVEAUCTIONS.TV

**SALE LOCATION** Williamsburg Lodge, 310 S. England St., Williamsburg, VA 23185 | 757.220.7976

**AUCTIONEER** Ryan Dorran, 403.507.6483

**SALE DAY** Randall Ratliff.....Wagyu365.....615.330.2735.....Randy@wagyu365.com

**PHONES** Kiley McKinna.....Wagyu365 .....402.350.3447.....Kiley@wagyu365.com

P.J. Budler .....Wagyu365.....682.597.0380.....PJ@wagyu365.com

**WATCH LIVE & BID** Online bidding provided in partnership with LiveAuctions.TV.  
Join us to watch the sale or bid online. Please create your account and obtain credentials prior to auction date.

**SALE ORDER & SUPPLEMENTAL INFORMATION** Sale order is catalog order! Any additional information or corrections to the sale catalog will be available online at [www.wagyu365.com](http://www.wagyu365.com) prior to the sale.

**GENERAL SALE TERMS** **TERMS AND CONDITIONS** ... Cattle will sell under the standard terms and conditions. All consignors in the Signature Series 5.0 Wagyu Sale sell their lots 100% fully guaranteed. Any announcements from the sale podium will take precedence over the printed sale catalog.

**EMBRYO GUARANTEE** ... Any embryos sold as stated and are not guaranteed on conception. All embryo lots will have statements regarding each with their descriptions.

**DESCRIPTIONS AND FOOTNOTES** ... Each consignor wrote the descriptions that pertained to their lot or lots. Wagyu365 does not take any responsibility, in regards, to the guarantee of what was written. Any adjustments or corrections will be made at the time of the sale.

**REGISTRATIONS, TRANSFERS AND EMBRYO TRANSFERS** ... Within 60 days of the date of the sale, the cattle sold will be transferred (registrations) to the new owners through the offices of the American Wagyu Association. The fee is paid for by the seller. It is up to each buyer to research or ask questions direct to the sellers on any specific export information needed for their desired destination.

**PAYMENT** ... All lots must be paid for immediately within seven days following the conclusion of the Signature Series 5.0 Wagyu Sale unless prior payment arrangements have been made with any representative of Wagyu365. Buyers are welcome to pay by credit card. If so, you will be charged a 3% fee on the total sum of your purchase.

**DELIVERY** ... Buyers are responsible for any shipping cost pertaining to embryo purchases and transportation of the live cattle. Wagyu365 buyers and sellers will work together to make this the easiest and most efficient process possible.

**LIVESTOCK MORTALITY INSURANCE** ... Any representative of the Wagyu365 team can assist any buyer with insurance regarding their purchases.

**GENETIC CONDITIONS** ... Log onto [www.wagyu.org](http://www.wagyu.org), and go to Digital Beef Sign In link and results of the genetic testing will be found on the lot selling. It is the buyer's responsibility to check any information on the lots selling listed on the Wagyu digital beef website before purchasing.

# [ BUYING FROM HOME ]

## LiveAuctions.TV

If you have any questions in signing up for the sale, please contact representative Erick Schmidt, 830.263.0166 or email [Erick@liveauctions.tv](mailto:Erick@liveauctions.tv).

### ONLINE BIDDING

#### 1. CREATE AN ACCOUNT

Click “Register to Bid” on the top right corner of LiveAuctions.tv.

Fill out the required information to bid online.

Agree to the terms of service and finish with the “register” button.

#### 2. REGISTER FOR A BUYER NUMBER

From the home page or the “all auctions” page, choose the sale of interest.

Once selected, click the “request a buyer number” button.

Verify your email address with the email verification link. To verify your mobile number, click “send token”. Follow the steps to authorize your mobile device and click “submit.”

#### 3. BID SUCCESSFULLY

You will only have to complete the two-step verification process one time. After that, you will be able to immediately request a buyer number on any auction without verification. If you’re a winning bidder, your lots will appear in your cart on the bottom of your screen. You will be contacted by the ranch or sale manager for your payment and shipping plans.

### ONLINE BUYER INFORMATION

If you are an ONLINE WINNING BIDDER, please follow these closeout steps:

- 1.) You will receive a buyer invoice via email with payment options & instructions.
- 2.) Once you receive your invoice (check your spam), please send in your preferred method of payment, and contact Abby Hinton with any questions at 919.618.8098, [abby@wagyu365.com](mailto:abby@wagyu365.com)
- 3.) Once received, a member our Wagyu365 team will contact you if needed for payment assistance (applies to credit card or QuickBooks payment links)
- 4.) Once paid for, a purchase release will be sent to both buyers and sellers. All buyers are responsible for working with sellers directly to set up trucking arrangements. All buyers will work with sellers and storage facilities directly on shipping and transfers of genetics.

*Auction money and proceeds will be conducted under Randall O. Ratliff dba R&R Marketing, P.O. Box 60097, Nashville, TN 37206. Bond # 7901027402 (U.S. Department of Agriculture, Grain Inspection, Packers and Stockyards Administration Packers and Stockyards Program.*

### FOR ALL BUYERS

#### PAYMENT INFORMATION FOR ALL BUYERS

- CASH
- CREDIT CARD (3% fee will be added) - please call Abby at 919.618.8098 to run your card information or request a quickbooks invoice to enter your information manually
- CHECK PAYMENT - please send with a tracking # to our Nashville office, PO Box 60097 Nashville, TN 37206
- BANK WIRE - wiring instructions will be available at the check out desk, or if you are an online buyer, these instructions will be sent with your invoice.

#### IN PERSON BUYER INFORMATION

If you are a WINNING BIDDER, please follow these closeout steps:

- 1.) Visit the clerking table to get a printed copy of your invoice and receive all payment options and instructions. You cannot load out or set up trucking until you have been provided a copy of this invoice.
- 2.) Payment options—please let our clerking table know how you plan to pay for your purchase.
- 3.) Once paid for, a purchase release will be sent to both buyers and sellers. All buyers are responsible for working with sellers directly to set up trucking arrangements. All buyers will work with sellers and storage facilities directly on shipping and transfers of genetics.

MS Sanjirou 925F is a rare gem of the breed and she is selling as the lot 1 feature of the sale! She is as good as she is rare. Her

sire is the amazing carcass trait bull, Sanjiro 3. Sanjiro 3 is a Michifuki son of the legendary Suzutani, making him a brother to Shigesigetani and Sanjirou. Sanjiro 3 had the distinction of being the number 1 ranked IMF proven sire on the inaugural EPD listing. He has passed that quality on to Sanjirou 925F, as she is a top 5 percent IMF female. Her maternal line descends through the Kage, the great son of Reiko, to Hisako. Hisako is an 068 daughter of the Kanetani cow from World K's. The Kage daughter, Hisako 3-17 was a top selling lot in the Muddy Flats dispersal (\$52,000). The Hisako maternal line has a great performance record but has been very difficult to find and acquire. 925F is a fantastic genetic investment opportunity. To top it off, she is in calf to CHR Shigesigetani 5 who was the number 2 proven sire for IMF in that same inaugural EPD run. This one is special!

This open United daughter is a product of the internationally proven Chisahime maternal line. The Chisahimes have proven to be an elite transmitting maternal line from the JVP imports with great success in the US and Australia. L508 packs a very deep and powerful pedigree starting with her sire, United. United has taken the world by storm with his tremendous growth and strong carcass traits. Behind United is another international superstar, Mayura L10, who has proven himself to be a great all-around performer. The pedigree of this heifer develops further with breed-leading sires such as Sanjirou, Kitaguni Jr., Kikuyasu 400, and Yasukane. This heifer is as good as it gets!

217 is United sired out of a L10 dam. Her maternal line is the perfect cross between Kenjiro X CHR MS Sanjiro X Yasufuku Jr. This stellar mating has produced progeny ranking in the top 1% of the breed. She brings exceptional growth, low Gestation Length, and carcass traits. She ranks in the top 10% of all indexes. Full ownership of this outstanding female offers unmatched genetic potential and performance excellence for any breeding program.

LMR MS Mayura 0544H has been a spectacular donor and her mating to Arubial United has made some great ones. These embryos will be full siblings to the lot 3 heifer. Other full siblings to this mating are already making their mark in the Santos Patronos program. They include the great 214, as well as 216, 224, and 228. You can buy with confidence because we have seen that this combination will make good ones!

V005 is 100 PERCENT TAKEDA BREED FOUNDATION  
GENETIC FEMALE

The sire stack over this maternal mating has never been seen at  
 auction nor does it exist anywhere else outside the Grasslands  
 herd—the ultra rare stack of TF146/TF147/TF148 Over

Hikokoura 1/10. There are only 2 females outside of Japan with this sire stack and Grasslands owns and bred both of the females. T3 herself is a  
 large robust cow and will be the cornerstone of many breedings within our program .

### MRS HIENSOS AKEMI 71K

CONSIGNOR MAPLE ROW STOCK FARM/ NEW YORK WAGYU, CLARENCE, NY

USA REG NO. FB88213  
 DOB 09.25.2022

HORNED COLOR BLACK FULLBLOOD

Meet Akemi, a young, stout, healthy Wagyu heifer with exceptional genetic lineage. If you are looking to produce phenomenal calves for your beef program, then look no further. Akemi has "tried and true" bloodlines and is 71% Tajima. Akemi's sire, Maverick, full sibling to renowned Elizabeth (IYKYK), descends from the legendary marbling great, Itoshigenami and Otanashii, a product of World K's Michifuku and Fujiko. Maverick produces fullblood and crossbred animals with tremendous marbling. Her maternal pedigree is known for having long loins and large ribeyes, and traces back to World K's Shigeshigetani and Sanjirou.

Akemi is selling open and has never been flushed, aspirated or bred. She comes from a Johnes-free herd that is certified by the New York Cattle Health Assurance Program; is vaccinated against respiratory diseases (BVD, PI3, RSV, Lepto x5, Hardjo Bacterin), pink eye and clostridia x8; and is dewormed. Testing results show her to be FREE of the following genetic recessives and diseases: IARS, B3, CHS, F11, F13, Johnes, and BVD-PI. Pick up in Clarence, NY within two weeks of sale date, or boarding available.

Located at Vermont Wagyu for transportation.

Wyndford Itoguni has been an extremely popular sire used internationally for the last few years. Itoguni has attracted lots of attention because of his tremendous marbling and ribeye size. Here is an early daughter of Itoguni that comes from a fabulous branch of the Chisahime maternal line. The Chisahime line makes great carcasses and has proven itself as breed leading on an international level. This heifer looks like a great one. Her sire stack is amazing as it reads Itoguni x TF148 x Kitaguni Jr. x Yasufuku Jr. x Michifuku x JVP 400 x Chisahime. This lot has everything it takes to be a great genetic investment. Her pedigree is impeccable and her genomic EBVs show that she is elite level with her marbling and ribeye size. This is a good one!

 DOB **03.02.2020**    **HORNED**    **COLOR BLACK**    **FULLBLOOD**

Located in Australia at a Total Livestock Genetics donor center export facility for embryo production. Embryos are exportable, next flush date available is October 3rd.

R0066 is at the elite level! That is no surprise when you consider her full pedigree and the fact that she is a Mayura Ito-shigenami JNR directly from the Mayura herd! R0066 is a well-rounded heifer, with a solid hind quarter. Her maternal sire Herald produces very stylish quality females. Herald has now produced 189 carcasses with an Ave MS 8.6, EMA 85cm, HSCW 424kg, 27mths, 279 DOF. Her grand-dam YANFC0019 produced 6 carcasses over her lifetime with an average of MS 7.66, EMA 100, HSCW 451kg, 30mths, 264 DOF. Top 1% MS, FTi and F1Ti, top 5% SRI. R0066 has already proven herself through her elite offspring (she is the dam of the number 1 recessive free \$BFI female in the breed) and presents herself to be a great investment opportunity!

Selling 50% interest, no possession.

Homare 718B is a piece of red Wagyu history that is on offer today! 718B is a terrific opportunity to jump into red genetics with the very best genetics imprinted into her DNA.

Her sire, Big Al, is an absolute legend because of his fantastic

and reliable transmitting pattern. Big Al is a Dai 10 son of one of the greatest foundation cows, Akiko. The maternal side of 718B is equally good.

It is built on the breed-leading Homares. The Homares have proven their value over and over again in many different herds across the country. The dam of 718B is UKB MS L30E, who is a double bred Homare and is the product of combining the truly proven superstar sires of the breed including Shigemaru, Hikari, Judo, and Namimaru.

718B is breed history and royalty in one package. Dual registered with AAA.

A pedigree packed with top Red Wagyu genetics. Julianne is a granddaughter of Kalanga Red Star, 702 Homare and Shigemaru. She also has FAC Big Al, WSI Umamaru, and Hakari in her background. With this impressive lineage she should be a great addition to your herd. HB Big Al 502 is a must have foundation bull known for making exceptional females. He is believed to pass on some of the best marbling genetics amongst the reds. Big Al was the first bull born outside of Japan in January of 1995. He is known for making incredible females with growth, strength, maternal traits, and longevity. Kalanga Red Star is an outstanding bull within the global red wagyu breed. He has massive frame with much eye-appealing muscle definition. A daughter of Red Star won the Inaugural Champion Wagyu of the Houston Livestock Show and later sold for a record price of \$44,000. He is a sire that marbles well. Hikari has a fantastic legacy that precedes him! Umamaru is a transformational sire, has sired many show champions, improves carcass texture and composition and is considered by many to be the top Akaushi sire ever born in North America!

BLACK ANGUS RECIPIENT, ID 640 (4 YEAR OLD COW)

A pregnancy from this mating is a rare combination of sires. Rueshaw 430, timeless and highly sought after, is the sire of the heifer pregnancy. Bald Ridge Henshin is the maternal grandsire. Henshin semen was imported from Australia, so he has not seen heavy use in the US, but his Uspring are excellent, making this Rueshaw x Henshin combination a special genetic package. The maternal line of the dam is the Homare line which was imported through the JVP group. The Homares are a great transmitting line that have stood the test of time over several decades of Akaushi breeding in the US. Powering the pedigree behind Henshin on the maternal line are foundation sires like Shigemaru, Big Al, Hikari, and Judo. The resulting heifer will be a great foundation female to build a herd on. Sire and dam are Dual Registered with AAA.

LOT 16 ... #W KIKUTSURU DOI 918 26K ET

26K is a Black Wagyu Bull out of CHR Kikutsuru Doi 624a (sire) and CHR Ms Sanjiro 918f (dam). This Bull is a double line bred Kitaguni Jr. offspring. TF146 Kikutsuru Doi (FB3615) is the first of two sons from sire Tanifuku Doi that is available outside of Japan (his brother is Kimifuku 3). This bull comes from the best Tajima sire in Japan and dam Kikutsuru, the famous "Hyogo Cow" from Japan's Hyogo Prefecture. The dam is out of Sanjiro 3 and Kitaguni Jr. Sanjiro 3 (FB2900) is a full brother to the original Sanjiro and the highest-ranking carcass and marbling bull in the entire Wagyu breed, according to the 2017 National Wagyu Sire Summary. Like the original Sanjiro, this bull was sired by Michifuku and born to dam Suzutani. World K's Kitaguni JR (FB2422) is the son of Kitaguni 7-8, whose name is highly esteemed in Japanese pedigrees. He is also the grandson of Dai 7 Itozakura, and his dam is Nakayuki J13943. (SEE EPD GRAPH)

This Bull has some of the best marbling genetics in the industry. This one of many premium Bulls available from Goldstar Wagyu Cattle. Bull will be available for pick-up at the ranch located near Quitman, TX.

**RAB 80K**

CONSIGNOR WAGYU FARMS, CENTER TX

USA REG NO. FB86846  
 DOB 04.13.2022

HORNED COLOR BLACK FULLBLOOD

80K is a grandson of the great Sanjiro 3 through his son, Sanjiro 5. Sanjiro 5 is a son of the high selling Kage daughter, Hisako 3-17 at the Muddy Flats Dispersal. The dam of 80K is a rare daughter in the US of the great Westholme bred bull, Hiramichi Tsuru. He is a star performer from the popular Westholme Hatsuhi maternal line. The maternal line of 80K is the superb Okutanis from World K's breeding. 80K boasts an outstanding of a sire stack of Michifuku x Fukukane 402E x Haruki II x Okutani. 80K is a real jewel and will be a great breeding piece to influence your herd for years to come!

 WFI ANTICIPATED  
 PRINCE 21L

Prince is an aptly named young bull with royal breeding building his powerful foundation. His two closest sires are stars of two of the great Australian breeders, Arubial and Sumo. Anticipated and F154 are stacked on top of the Chisahime maternal line which is internationally recognized for consistent, reliable production excelling in marbling and ribeye size. Prince will most certainly follow in these footsteps with his highly reliable, deep genetic base of sires like Kikuhana, 4P, Michifuku, JVP 400, and Yasukane. Prince will be a great herd-building bull!

LOT 20 ...  
WFI JAMES BOND  
24L

James Bond 24L is a young Bond son that brings the goods to the table. His sire, Arubial Bond, lights up the international charts for exceptional carcass traits. Bond is stacked on a Michifuku daughter, who in turn is a daughter of TF151 x CF504 combination. Behind that is generations of Lone Mountain and Blue Rock breeding. This bull combines breed history and performance in one package, making him a great herd sire prospect!

### Glycol Embryos

Wow! These embryos can never be made again! They are a true staple of breed history. The dam Marunami is the original import cow that had the stamp of approval for breed improvement in Kumamoto Japan before her export! Marunami is the legendary dam of Tamamaru and Red Emperor, making any resulting calves maternal siblings to these legendary bulls! Big Al was the first bull born outside of Japan in January of 1995. Big Al is the legendary Dai 10 Mitsumaru 76 son of Akiko and is highly proven with elite EPDs. To this day Big Al has top 30% growth and maternal EPDs along with top 10% carcass EPD for Ribeye Area, Marbling, and Carcass Index! On top of his fantastic EPDs, he is known for making incredible females with growth, strength, maternal traits, and longevity. Big Al is considered by many to be the greatest Akaushi bull of all-time!

 GRADE 1    DOMESTIC    LOCATED AT VYTELLE, KS

Ashwood Park Virile is an Australian sire who has very little presence in North America. This is an excellent opportunity to acquire his semen and incorporate into your own breeding program. Virile is a sire with a proven track record, but even better is his highly desirable pedigree of Shigemaru x Hikari x Namiko. The Namiko maternal line has created some exceptional cattle and here is your chance to capitalize on those genetics. This donor, Akasakae, brings low risk and high reward to the genetic package. Her sire stack of proven bulls is incredibly solid with a pathway of Red Emperor x Umemaru x Judo. JVP Kunisakae is the foundation cow behind it all. There are many breeding directions you can go with the genetics in this lot! Sire and dam are Dual Registered with AAA.

This Hikari son is born out of the original import cow Kaedemaru. Umemaru is a transformational sire, he corrects many conformation inadequacies, has sired many show champions, improves carcass texture and composition and is considered by many to be the top Akaushi sire ever born in North America! His semen has become very rare, currently sells for \$4000/straw and is seldom available. He has a gran-diose reputation outside of the American Akaushi Association where he is known for being the sire or grandsire of many show champions and most of the top bulls in circulation today. The dam here is a great Rueshaw daughter, JC MS Rueshaw 190. She is a wonderful Homare cow that connects directly to the import Homare through proven, breed leading sires Hikari, Judo, and Namimaru. This pedigree speaks for itself! Sire and dam are Dual Registered with AAA.

MS Kitaguni 6301D is a true brood cow. She has a ton of progeny on the ground and is famously known as the dam of Wyndford Itoguni! She also topped the JDH Dispersal this spring at \$60,000. Her sire stack is the best you can find with proven foundation sires Kitaguni Jr. x TF148 Itoshigenami x Michifuku x 068! You can expect great things from a pedigree like that. 6301D traces back to the JVP import cow Kikuhana 298. She has transmitted excellent marbling to her progeny with her crowning jewel until now being her marbling sensation son, Itoguni. The next crown jewel is waiting to be born in these great embryo packages from 6301D. Capitalize on this opportunity!

The sire of these embryos is Mayura L10, simply known as L10. He has turned into a Mayura bred World Super-Sire. His progeny have dominated public sales in North America for several years with an L10 daughter (LMRFR0353) selling for \$100,000 and two L10 sons

(M6RFR073H & LMRFS1749) selling for over \$150,000 in 2022 (M6 Bull Sale & 2022 TWA Fall Harvest). MS Kitaguni 6301D is a true brood cow. She has a ton of progeny on the ground and is famously known as the dam of Wyndford Itoguni! She also topped the JDH Dispersal this spring at \$60,000. RAPID BAY AKIKO  
Reg# EAF 12

Hikari might be our favorite foundation sire. He has given the Akaushi breed some of the greatest carcass producing progeny to date. We will continue to rally around this bull and his elite sons such as WSI Umemaru, TWA Kajikari, Kotsukari, and Hearbrand H0518, along with his grandson Master Chef and his great-grandson Bald Ridge Henshin. Hikari's fantastic legacy and impact on the Akaushi breed is special.

The Akiko maternal line houses the premier carcass traits in the breed. Akiko herself is the dam of proven sires Big Al, Heart Brand Red Star, TWA Kotsukari, and Come and Take It! Sire and dam are Dual Registered with AAA.

SIRE USA REG NO. FB19526      HORNED      COLOR RED      FULLBLOOD  
 DAM USA REG NO. FB102253      HORNED      COLOR RED      FULLBLOOD

GRADE 1      EXPORT      EMBRYOS PURCHASED BY US BUYERS WILL BE SENT TO SEMEX USA IN MADISON, WI

The Wright Wagyu Master Chef offers an elite combination of carcass traits from his sire TWA Kijikari (Hikari x Ume), and top 1% of the breed for growth and maternal traits from the Shigemaru and Homare lines.. He is a leading Australian Akaushi sire with very limited semen available.

The dam of this lot is a daughter of GK Rueshamaru. He brings Rueshaw and Keademaru's carcass traits to this donor dam. Behind this is an impressive stack of Ashwood Park Virile x Judo x Shigemaru x Big Al x Tamamaru x Akiko! This donor dam features outcross sires Rueshaw and Judo, but is sure to imprint elite carcass ability from the Akiko maternal line. Sire and dam are Dual Registered with AAA.

## LOT 27 THREE FULLBLOOD IVF EMBRYOS

CONSIGNOR FIVE OAKS FARM, GRISWOLD, IA

SIRE USA REG NO. FB2907      HORNED      COLOR RED      FULLBLOOD  
 DAM USA REG NO. FB74970      HORNED      COLOR BLACK      FULLBLOOD

GRADE 1      DOMESTIC      LOCATED AT HAWKEYE, ADELE IA

World K's Shigeshigetani is a proven sire for improving carcass traits. He produces large ribeyes and has excellent marbling. His dam is the legendary Suzutani and his sire is Haruki II. Shigeshigetani carries the Kumanami strain, which is famous for its strong marbling genes. World K reported on 3,800 F1 Shigeshigetani sired carcasses that 90% graded 3 full grades above USDA prime. The remaining 10% graded Prime to Prime +, and these impressive results remain consistent a decade later. World K's Shigeshigetani tends to produce tall, long, thick cattle with pleasant dispositions.

Iowa Dream is well-named with the "dream" genetics she possesses and transmits to her offspring. Dream is making elite calves that sit at the very top of the breed. She is one of the outstanding daughters of Mayura L10 and maybe more importantly she traces directly to the amazing brood cows CF504 and Hikokura 1/10 who have both made major impacts on the breed. Calves resulting from these embryos will be in big demand.

## LOT 28 THREE FULLBLOOD IVF SEXED FEMALE EMBRYOS

CONSIGNOR TWIN OAKS WAGYU FARM, POWHATAN, VA

SIRE USA REG NO. FB86884      HORNED      COLOR BLACK      FULLBLOOD  
 DAM AUS REG NO. TNOF23U5L      HORNED      COLOR BLACK      FULLBLOOD

GRADE 1      DOMESTIC      LOCATED AT VTELLE, GAHANNA, OH

TNO JNR's Kate 5L is a very well balanced, up-and-coming heifer in our breeding program. She is sired by Mayura Itoshigenami JNR and her dam is a beautifully made cow that stems from the TBR program and is currently owned by Wilders. We flushed her using female sexed semen to our TNO Kimi Mojo 29K bull.

TNO 29K, is a new sire to look out for with having super high, top 1% EBVs for marbling, marbling fineness and SRI index along with top 5% for eye muscle area. He is well balanced for size and is sired by Australian sire Max Miku Mojo Q28 from Coates G113. His dam's sire is another Takeda high marbling sire, TF 813 Kimitofuku.

The mating predictor shows the heifer calves from this mating should fall into the top 10% for eye muscle, marbling and all (4) indexes with an 8% in-breeding coefficient.

These embryos are a terrific representation of some of the elite genetics of the world. Shogun 7704K is a young genomic star that sports a genetic combination of United x Shigeshigetani. He promises outstanding growth and carcass traits and is in demand as a flush bull. The donor dam is even more special. She is a very rare daughter of the proven and deceased carcass phenom, Mayura Notorious. Notorious was stacked on another Australia star, F154, continuing the international flair of this pedigree.

There are no holes in this pedigree as the breeding continues down the maternal side with Itoshigenami x Itozuru Doi x Sanjirou x JVP 400 x JVP Yasutanisakura. Wow! All of this on top of the JVP import Yasufuji maternal line. These embryos are absolutely breed leading quality!

Here is another world-class genetic offering from a Mayura Notorious daughter. The donor dam stacks the best of the new, proven sires, Notorious, on top of a proven, classic pedigree built on Itozuru Doi, Sanjirou, JVP 400, and JVP Yasutanisakura. This is a solid and reliable of a maternal foundation that you will find stemming from Yasufuji. The embryo sire, Goldfinger, is a recently available bull from Australia. He is a Bond son on a Sumo F154 daughter. Goldfinger inherited the very best traits from each of his parents. He got the huge carcass impact of Bond and wonderful growth traits from his dam. He is the best of both worlds. The Goldfinger x Notorious cross should be exceptional!

Gatekeeper has an astoundingly balanced GEBV panel of \$494 BFI, \$352 SRI, +3.7 MS, +9.6 EMA, +27 CW, +0.61 MF (March 1 2024)! Gatekeeper combines huge EMA (Ribeye) and great growth curve from birthweight through to heavy carcasses with breed leading Marble Score! Large ribeye area and high marble score are the two main profit determining factors in any Wagyu branded beef program. Gatekeeper is the perfect bull to increase profitability in your herd. Not to mention his pedigree combines breed leading carcass proven sires; Sumo Michifuku F154, Mayura Itoshigenami JNR, World K's Yasufuku Jr, and Itozuru Doi TF151! Gatekeeper traces directly to the elite transmitting cows Benlee Hikohime Z0444 and Benlee Hikohime V2058! These are proven matriarch's that have produced numerous elite proven sires.

The genetics in this embryo package are the finest you can find anywhere in the world. The sire, Gatekeeper, has an amazing pedigree and is now being proven to be great at transmitting superior marbling traits to his progeny. He traces back to the Hikokuras as does the dam of the embryos, making this a Hikokura pedigree on the top and bottom and infusing generations of elite performance. The donor dam is a fantastic daughter of Notorious built on daughters of Shigeshigetani and Itozuru Doi. The greatness continues back to the great brood cow at CHR, CHR Kikuhanaime! These embryos are the stuff to build a complete breeding program around!

## LOT 35 FOUR FULLBLOOD CONVENTIONAL EMBRYOS

CONSIGNOR WAGYU FARMS, CENTER, TX

SIRE USA REG NO. FB60630    HORNED    COLOR BLACK    FULLBLOOD  
 DAM USA REG NO. FB19621    HORNED    COLOR BLACK    FULLBLOOD

GRADE 1    DOMESTIC    LOCATED AT HOOFSTOCK GENETICS

This attractive embryo lot is sired by N4431, a son of Mayura Itoshigenami JNR, who

is now producing outstanding carcasses of his own. N4431

offers a genetic outcross as his maternal line stems from the Westholme breeding program. The maternal line is the ever-popular World K's Okutanis. The donor dam is a daughter of one of the most highly regarded bulls of the breed, Michifuku. The rest of the maternal line offers a bit of a genetic twist with the little used Fukukane 402E. Breeders missed out on him as he has made some tremendous carcasses. Behind that is the wonderful growth bull, Haruki II, who was overlooked as early breeders chased high marble scores. Here is an opportunity to put your own stamp on the Okutani line!

Mayura Itoshigenami JNR shot the Wagyu into the future with his amazing carcass attributes. The embryo sire of this lot is a proven son of JNR. N7245 comes from the Hatsuhi cow family which is one of the very best maternal lines from the Westholme program. He has a unique pedigree of JNR x Hiramichi Tsuru x Shikikan, which are genetics unavailable in the US. The donor dam is a daughter of Kitaguni 07K. 07K is backed by the well-know Hikohime 3/2. The maternal side of the pedigree is pretty special. Her dam is Kitafuku 05K who was a prolific donor for Crescent Harbor Ranch. 05K is a JVP 068 daughter that transmits great carcasses that she inherited from her deep pedigree that features Kitaguni Jr., JVP 400, and Yasukane. These genetics will score big!

CONSIGNOR **NORDIK WAGYU, QUEBEC, CANADA**

SIRE USA REG NO. FB45043      HORNED      COLOR RED      FULLBLOOD  
 DAM USA REG NO. FB76475      HORNED      COLOR BLACK      FULLBLOOD

GRADE 1      EXPORTABLE TO CAN-USA-AUS      LOCATED AT BOVITEQ CITY, ST-HYACINTHE, QC

The sire of these embryos is Mayura L10, simply known as L10. He has turned into a Mayura bred World Super-Sire. His progeny have dominated public sales in North America for several years with an L10 daughter (LMRFR0353) selling for \$100,000 and two L10 sons (M6RFR073H & LMRFS1749) selling for over \$150,000 in 2022 (M6 Bull Sale & 2022 TWA Fall Harvest). You will see L10 progeny at the top of every major sale. The donor dam is a fabulously bred cow from the LMR herd. She shows an eye-catching pedigree from the very influential Kikuchisa 19E cow, who is a JVP 400 daughter of the great Chishahime.

The dam, 0325H, puts together a string of breed immortals – Itoshigenami x Kitaguni Jr. x Yasufuku Jr. x Michifuku x JVP 400. There is not a thing to change in this pedigree and it is topped off with the highly proven, international phenom, L10. These are serious genetics!

## LOT 38 TWO FULLBLOOD IVF EMBRYOS

CONSIGNOR ST. ANNS CATTLE, CARLILSE, PA

SIRE USA REG NO. FB26292    HORNED    COLOR BLACK    FULLBLOOD  
 DAM USA REG NO. FB97489    HORNED    COLOR BLACK    FULLBLOOD  
 GRADE 1    DOMESTIC    LOCATION AT VTELLE, NY

Triple Crown Steak Challenge super star CRCC 122B "Larry". Larry produced the 2021 Grand Champion, the 2022 and 2023 Reserve Grand Champions, this to three different dams each of the three years. In addition, each year his carcasses were rigorously tested by three different state of the art Meat Science Laboratories and Sensory Food Critic Panels. Truly an unprecedented feat in the lab and on the plate. One straw of Larry's closely held genetics sold for \$2,200 at the recent May

18th Ft. Worth Big Texas sale. A perfect maternal cross of the Hikokura maternal line to the Kimifuku sire, famous for his Marbel Finess, balanced with TF Itoshigefuji. The maternal profile is topped with World K sire Kitiguni Jr. who is becoming more famous for his top marbling qualities.

If that isn't enough on the bottom side is VT Maxi Queen with a (Aug run 1) SRI of 345 and BFI 387. She is well balanced with an impressive 9.3 EMA, top 5% and top 10% in Carcass and Maternal. This dynamic recessive free combination of unprecedented US and International carcass performance on top of powerful Australian EBVs creates a one-of-a-kind opportunity in the Wagyu breed for you today.

## LOT 39 FOUR FULLBLOOD IVF EMBRYOS

CONSIGNOR TALLY WINDHAM WAGYU RANCH, CLYDE, TX

SIRE USA REG NO. FB42653    HORNED    COLOR BLACK    FULLBLOOD  
 DAM USA REG NO. FB13117    HORNED    COLOR BLACK    FULLBLOOD

GRADE 1    DOMESTIC    LOCATED AT PREMIER REPRODUCTIVE SERVICES, WEATHERFORD, TX

Low risk and high performance probability are the two main keys to breeding success and profitability. These embryos are that kind of investment! This Okutani offering pairs the highly proven Michifuku 154, with Marie, an outstanding daughter of TF148 Itoshigenami. Marie traces to Okutani via super sires Itoshigenami x Michifuku x Haruki I x Okutani. Marie is a full sister to Maverick, a bull who is making great carcasses. She is also a full sister to Elizabeth, FB13775, whose embryos sold for over \$10,000 per embryo at the 2019 Australia Elite Sale. These embryos are a high reliability investment in fantastic genetics.

Michifuku F154 has extremely superb EBVs' for both marble score and carcass weight. And, with all three indexes in the top 1%, it makes him not only sought after but one of the best bulls around. He is 67% Tajima and 23% Itozakura and 4% Shimane. He was born in 2010 so his stats are beyond proven. This bull is a trait leader for both marble score and carcass weight.

## LOT 40 FOUR FULLBLOOD IVF EMBRYOS

CONSIGNOR TALLY WINDHAM WAGYU RANCH, CLYDE, TX

SIRE USA REG NO. FB2907      HORNED      COLOR BLACK      FULLBLOOD  
 DAM USA REG NO. FB17466      HORNED      COLOR BLACK      FULLBLOOD

GRADE 1      DOMESTIC      LOCATED AT PREMIER REPRODUCTIVE SERVICES, WEATHERFORD, TX

Low risk and high performance probability are the two main keys to breeding success and profitability. These embryos are that kind of investment! This Okutani offering pairs the highly proven Suzutani son, Shigeshigetani, with Kikokage 29A. Shigeshigetani si a famous sire that si believed to have a high degree of propensity to transmit his characteristics to offspring. He is bred from some of the most famous and highly regarded genetics exported from Japan, and has been well proven. He is 75% Tajima line. The Kumanami family is known for its extremely potent marbling genes, and is perhaps the primary reason that Shigeshigetani's dam, Suzutani, is generally regarded as the best carcass female to have left Japan. These embryos are a high reliability investment in fantastic genetics.

Kikokage 29A si a super mix of bloodlines: 32% Tajima, 26% Kedaka, 35% Shemane, 9% Okahama. She is very closely related to the original Japanese genetics. Her 6<sup>h</sup> dam, Yuriko-1 si one of the very few cows which exported from Japan to the USA. These embryos are a high reliability investment in fantastic genetics. Expect superior next generation results and propel your breeding program to the next level of performance!

Samurai is a son of Mayura L10 with extreme, breed-leading genomics for marbling! His genomics marbling score and marbling fineness place him at the top of the charts for those traits. Samurai has excellent balance of traits with good growth to go along with the carcass traits. He descends from the highly respected and proven Chisahime maternal line. Samurai's sire stack solidifies his genetic values for carcass traits with proven carcass trait leaders such as TF148 Itoshigenami, Michifuku 1604, Takazakura and JVP 068. You can be certain that you will enhance carcass performance with Samurai.

AUS REG NO. INFF23UL7673  
 DOB 04.23.2023 DEHORNED COLOR BLACK FULLBLOOD

DOMESTIC LOCATED AT HAWKEYE, ADELE, IA

Here is a great opportunity to tap into Notorious genetics through a recessive-free son that is from a breed-leading maternal line. Notrious Hikokura has a unique pedigree of proven bulls that you won't find stacked together like this. He is Notorious x Haruki II x TF 151 x TF148 x the legendary Hikokura 1/10 cow.

This bull boasts an extremely well-balanced breeding profile with great growth and maternals to complement super carcass traits, too. His maternal line has made some high profile sons and daughters and it should be expected he will pass on that superior performance to his progeny. There is tremendous power in this bloodline!
