# SALE INFO

DEAR FRIENDS AND CATTLEMEN,

*There's a difference...*

Back in the 90's, the North American Limousin Foundation had a small promotional slide knife with the words on it "Keep the Best, Cut the Rest". Over years of use, those printed words would eventually wear away but the impact of that short, yet profound, statement would guide me for the next 40 years. As our herd was bred from the ground up, that mindset was intensely incorporated. The bar is set very high here at Treftz Limousin. Every purebred bull calf, with the exception of one, made the bull sale this year with an average actual weaning weight of 794 lbs on October 12 with an average birth date of March 6. The one that didn't make the cut was culled along with his dam after weaning.

That same process is at work in the heifer pen. Our biggest accolade and pride comes from our 100 head cow herd which is basically represented by a dozen cow families. With nearly every heifer having the quality to be retained, we come up with more rigid reasons to part with a female every year. Remember, a good cow eats the same amount as a bad cow so you might as well own the good one right away. She'll make up the difference with one calf. In addition to the purebred herd, are 75 commercial F1 baldies we "experiment" on or use for recipis.

Each year we DNA test a group of the front end bulls for the myostatin gene. Also known as the F94L gene, it determines muscling along with tenderness. Again this year, the group selected all carry 2 copies making them F94 L2. We are quite confident the vast majority of our purebred bulls are carrying both copies.

We are one of the very last "true" purebred breeders left in the continental US. Our adamant believe that purebred bulls are the only way to get true hybrid vigor on the predominant angus commercial cow herds across the country keeps bringing repeat and new customers to Wetonka, SD year after year. True testaments to what a TREF bull, or cow, will do to your operation are unmatched performance in your calves, adaptability and longevity of bulls, and a program that stands behind their cattle. Unfortunately, we can't say "You buy our bulls and we'll buy your calves". What we can say is, we'll provide you with the best bulls so your calves will sell themselves. Good bulls don't cost you, they pay you. I'm sure there will be cheaper bulls that sell this season, but mediocre produces more mediocre. Remember, there really is a difference.

Even if you're not in the market for a bull or from a different breed, come help us celebrate a year's worth of hard work and sacrifice and enjoy a day of fellowship, food, and fun with us!

*Sincerely,*

**THE TREFTZ FAMILY**

## SELLING 102 HEAD

- 40 Yearling Bulls
- 5 Fall Bulls
- 2 Two Year Old Bulls
- 5 Bred Cows
- 5 Fall Cow/Calf Pairs
- 6 Bred Heifers
- 14 Open Heifers
- 20 Open F1 Commercial Heifers

# THE CROP

The 18-month-old and two-year-old bulls are virgin bulls and will be fertility and trich tested prior to the sale. They have been on *Purina Accuration* and corn at a level of 25/75, free choice prairie hay, and a complete mineral program.

The yearling bulls are also on the same level of *Purina Accuration*, prairie hay, and mineral program. They were weaned in a small lot on October 12 and put back out to a small pasture on October 17 where they have been until shortly before sale day. No silage is used in any of the bull rations.

The bulls will be fertility tested and will have been vaccinated with Bovi-shield Gold FP5/VL5, anthrax and twice for pinkeye and foot rot prevention. Please let us know prior to delivery if there are required vaccinations for your area of the country that are important to you. We also pour the bulls monthly with different products to keep ahead of lice and rubbing issues. Several of the top end bulls have been tested for the F94L Myostatin gene and the results are added in the footnotes.

Many of the bulls have been tested for the Homo polled and Homo black genes with the results listed on the pedigree of each bull.

We will keep the yearling bulls free of charge until April 1. After a satisfactory fertility exam, we will deliver the bulls with no cost to you up to 150 miles. Beyond that, we will work with you in getting your bulls delivered to an agreed upon central point. Please bring your trailer the day of the sale if you are thinking about purchasing a two-year-old bull, fall bull or any of the females as we would like to move them as soon as possible right after the sale. We will deduct \$50 for each bull taken home sale day. A veterinarian will be on hand to issue health papers where needed. A supplement sheet will be available online and sale day with adjusted yearling weights, scrotal measurements, and ultrasound data. Be sure to go to our website [www.treftzlimousin.com](http://www.treftzlimousin.com) or [www.dvauction.com](http://www.dvauction.com) for updated pictures, videos and other data. Again this year, we are including a calving-ease score based on a combination of pedigree, EPDs, and calving history from sire and dam.

*E - Recommended for cows only*

*EE - Should work on cows or heifers*

*EEE - A good choice for breeding heifers*

# THE LIMOUSIN ADVANTAGE

## DID YOU KNOW?

Sometimes you reap a benefit without even knowing. Did you know Limousin cattle have a distinct gene called myostatin found in all fullblood Limousin cattle and likely in many purebreds with muscle expression? The myostatin gene is responsible for muscling and tenderness, yes, TENDERNESS in our beef. Studies performed indicate an improvement of up to 19% of the Primal Cuts of a beef carcass carrying two copies of the myostatin variant F94L. The data also cites better feed conversion rates. In our program, we use the F94L as a tool for our breeding program. Over the years, we've tested several bulls and all have carried both copies. We feel confident this gene is inherent in our herd. As you will note, some of our top lots will carry the test result for the myostatin. How should you use the data? If you want feeder calves that have increased thickness then you'll want to select genetics carrying two copies of the F94L, especially if your cow herd is British based.

## MORE FOR LESS!

In a time where prices for our cattle are struggling to stay above input costs, feed conversion and cattle that perform will always improve the bottom line. Over the last 35 years in the Limousin business, one of our main focuses is on performance with as little feed input as possible. Our efforts have paid off. In 2016, we were asked by our local Purina Company to participate in a feed trial using a product called *Accuration Starter CP HL* (in a pellet) fed free choice on our weaning bull calves. Already knowing Limousin is a very feed efficient breed, we were shocked with the results at the end of the 27 day trial. To the left are the results of 520 trials Purina conducted with several different breeds and Treftz Limousin on the bottom row. See the difference quality Limousin cattle will produce!

Category	520 Proofs	Treftz Proof
Start Weight	499 lbs	692 lbs
End Weight	575 lbs	821 lbs
Days on Feed	22	27
ADG	3.47	4.79
Feed Conversion	4.79 : 1	3.81 : 1
Accuration intake/Day	15.11 lbs	11.02 lbs

# YEARLING BULLS

Never in our 42 years of breeding Limousin have we had a bull that has given us the top tier calves as TREF Hardcore. Whether you're a purebred breeder wanting phenotype, pedigree, and EPDs or the commercial guy wanting performance, maternal, muscle, and disposition, he definitely fits the bill on both. This first pen of bulls is about as uniform and powerful as a group can be which makes it difficult to make a sale order. We are retaining one of his sons this year to eventually replace him and have waited for one to separate himself since birth but that hasn't happened. So we will let you help us decide.

The first son of our HP, HB, TREF Kansas bull that sold to Red Oak in Australia in 2023. Muscle, testicles, performance all in one masculine package. His dam, TREF Cassie 177C, is a prolific donor with 7 natural calves with a 114 avg weaning index and approaching \$70,000 in sales. His dam is a TREF Zeus daughter with a +40 milk EPD. Her 5 sons have averaged 820 lbs. on their Adj. WW and are always in pen 1. She is a prolific donor producing 27 grade A embryos in one IVF flush. His maternal brother, TREF Junk Yard Dog, sold for \$30,000 in 2022. 9 EPDs in the top 20%. Retaining 1/3 interest

# TESTIMONIALS

"WHAT I ADMIRE MOST ABOUT MR. GLENN TREFTZ IS HIS LOVE, ENTHUSIASM, AND COMMITMENT TO THE LIMOUSIN BREED. HE HAS NEVER STRAYED FROM THE CORE VALUES AND CHARACTERISTICS OF THE BREED, IN FACT I BELIEVE HE HAS IMPROVED ON THEM. AS HIS SLOGAN STATES "WHERE MUSCLE STILL MATTERS", WE APPRECIATE HIS COMMITMENT TO THE AUTHENTICITY OF THE BREED. MR. TREFTZ HAS GONE ABOVE AND BEYOND TO HELP MAKE LIMOUSIN WHAT IT IS TODAY. THE TREFTZ BULLS HAVE PROVEN THEMSELVES TIME AND TIME AGAIN HERE AT DIAMOND V RANCH. SOME OF OUR OLDEST BULLS WEAR TREFTZ'S BRAND AND THEY DIDN'T GET TO BE AN OLD BULL HERE BY CHANCE! FROM THEIR DISPOSITION TO THEIR HARDINESS, TREFTZ BULLS HAVE DEMONSTRATED THAT THEY HAVE WHAT IT TAKES TO NOT ONLY SURVIVE, BUT THRIVE HERE ON THE NORTH DAKOTA PRAIRIE."

JASON AND JACQUELINE JOCHIM  
DIAMOND V RANCH, SELFRIDGE, ND

IT'S BEEN ON MY MIND TO REACH OUT TO YOU AND JUST SAY...THANK YOU. I'VE ALWAYS APPRECIATED YOUR WILLINGNESS TO HELP ME AND THE GENEROSITY YOU SHARE IN MULTIPLE WAYS. YOU'RE A GOOD MAN, GLENN, AND IT'S BEEN A PLEASURE GETTING TO KNOW YOU THROUGH THE YEARS. YOUR GREAT CATTLE ARE JUST A MECHANISM IN WHICH OUR FRIENDSHIP OPERATES.

JOEL FEANSEER, SHY HAWK LIMOUSIN  
MARSHFIELD, WI

COMMITMENT AND QUALITY. TWO THINGS THAT ARE A NECESSITY IN THE CATTLE INDUSTRY. TREFTZ LIMOUSIN AMPLIFIES BOTH. GLENN'S COMMITMENT TO THE QUALITY IS REFLECTED IN EVERY ANIMAL HE RAISES AND SELLS. SOME THINGS COST AND SOME THINGS PAY. PAY YOURSELF BY INVESTING IN TREFTZ'S COMMITMENT TO QUALITY! CUSTOMER FOR LIFE. NONE BETTER!

DOUG HERLEY,  
BRITTON, SD

IF GLENN WAS A CONTESTANT ON THE GAME SHOW DEAL OR NO DEAL AND THE BANKER WOULD OFFER HIM ONE MILLION FOR ALL OF HIS STOCK, GLENN'S IMMEDIATE DECISION WOULD BE NO DEAL! PERHAPS HIS REASONING TO JUSTIFY THAT DECISION IS SELLING "THE FACTORY" OR HERD WOULD ELIMINATE THE OPPORTUNITY FOR HIS CUSTOMERS TO UTILIZE HIS YEARS OF DEVELOPING THE TREFTZ LIMOUSIN GENETICS TO IMPLEMENT INTO HIS BUYERS HEADS. GLENN'S COMPASSION AND STRONG WORK ETHICS HAVE ESTABLISHED HIGH STANDARDS TO SATISFY HIS CLIENTS (LIKE US) WITH BULLS THAT POSSESS EXCEPTIONAL EPD'S AND PERFORMANCE TRAITS TO MAKE US PRODUCERS MILLIONAIRES! NOT ONLY IS THAT A BIG DEAL BUT ALSO THE BEST DEAL BUYING TREFTZ LIMOUSIN BLOODLINES. CONSIDER IT AN INVESTMENT WITH LITTLE OR NO RISK!

LADIAN AND JOAN HETTICH  
SELBY, SD

WHEN YOU BUY FROM TREFTZ LIMOUSIN, NOT ONLY ARE YOU GETTING GREAT LIMOUSIN GENETICS, BUT OUTSTANDING CUSTOMER SERVICE. YOU'RE MORE THAN A BIDDING NUMBER. AFTER PURCHASING BULLS FROM TREFTZ'S, I GET MESSAGES AND CALLS FROM GLENN THROUGHOUT THE YEAR. I'VE HAD AN OPPORTUNITY TO EXPERIENCE THE QUALITY AND LONGEVITY OF TREFTZ BULLS THIS LAST BREEDING SEASON. I PUT THREE TREF BULLS WITH 55 FIRST-CALF HEIFER PAIRS. AFTER LEAVING THE BULLS OUT FOR 50 DAYS, I HAD 100% BREED BACK. I ALWAYS LOOK FORWARD TO SEEING WHAT GLENN HAS "UP HIS SLEEVE" FOR THE SALE. NEVER DISAPPOINTED IN WHAT HE HAS TO OFFER. KEEP UP THE GOOD WORK GLENN!

KERRY MCLELLAN  
LANTRY, SD

"GLENN, YOU RAISE SOME MIGHTY GREAT BREEDING ANIMALS AS THEY CONTINUE TO STRETCH ACROSS THE NORTH AMERICAN CONTINENT! I, FOR ONE AND BELIEVE OTHERS AGREE THAT YOUR PROGRAM HAS EXCLUSIVELY IMPROVED OUR PROGRAMS AS WELL! THANK YOU AND YOUR FAMILY FOR YOUR DEDICATION AND CONTINUED SUPPORT. HOPE TO SEE YOU ON THE SECOND SATURDAY OF FEBRUARY!"

A favorite of many visitors this summer. Out of a first calf Gold Rush heifer that is a full natural sib to the Lot 11-13 flush. First purebred calf out of our up and coming herd bull, EZ Money. If you're looking for a bull to put a show halter on, he's not your guy. But if you're looking for a bull that will knock your socks off with his powerful look, this is the one. A three dimensional, deep cherry, STOUT bull! 9 EPDs in the top 15%.

Out of our donor cow, TREF Emma Lou, a great Coal Train daughter. His 4 maternal sibs, bulls and heifers, averaged \$10,000 in previous sales. A full brother sold in our 2024 sale and is impressing his new owners at Schock Limousin.

Moderate made, thick, and should make a heifer bull. 8 EPDs in the top 30%.

Maternal brother to TREF Hardcore. Solid on his feet and nice scrotal development. Very moderate birthweight.

**CALVING EASE: EE**

## Treftz Limousin— “Where Muscle Still Matters”

We understand most of our customers want to take as many pounds to the sale barn as possible. With that in mind, we make a concentrated effort to breed for pounds and performance. The key to producing those pounds is increased muscling. Our ultrasound results over the last 13 years illustrate our selection pressure for muscling is paying dividends.

A no-brainer to start out the older bulls. A bull we're glad we held over because of his young age. Presence, power, and soundness all in one package. His maternal brother was our high seller in 2023 to the Henleys from Britton. Don't miss this opportunity to build a herd around! 11 EPD's in the top 30%

**CALVING EASE: E**

A beauty of a cow with her broody look, extension of neck and well made udder just like her 12 year old Xander dam that is still cranking them out here. Her maternal sisters are all at work here or in other top purebred herds around the country. Her outstanding son commanded \$10,000 last year's sale to long time customer Tim Ruzsa of Selby, SD. Strong maternal instincts here. Her heifer calf sells as Lot 65A. Ultrasound safe to TREF Kansas for a 4/11/25 calf.

A true representation of the females we like here. Broody, straight and level on her top, and backed by generations of productive females.

# OPEN BALDIE COMMERCIAL HEIFERS

For the past 8 years we've been experimenting using our Limousin bulls on F1 (Hereford/Angus cross) cows and heifers. The results have been dramatic as we see the direct results of heterosis. We have decided to part with all of the F2's (Limousin/Hereford/Angus cross) open heifer calves from this first mating. These beautiful heifers, of which the majority are baldies, have that extra hind quarter and ease of fleshing ability to make a great set of cows producing that highly sought after three quarter blood calf. They are all bang vaccinated and are daughters of the same bulls we use on our registered herd. They've been getting 3 lbs. of corn/distillers and free choice prairie hay. We will sell two small groups, one red package and one black package. They will sell as a group. The price times the number in the group, all to go. All the EID tags are recorded and heifers are ready to go sale day out of state.

70

They know . . . Big thanks to long time friends and customers, the Henley's from Britton, SD, for purchasing our bred baldie heifers this past fall to add to their impressive cow base.

# OUR ROOTS

## THE STORY OF TREFTZ LIMOUSIN

The farm sign by the driveway might have changed the last 30 years but the commitment and dedication to Limousin cattle hasn't. In fact, the longer I'm around Limousin cattle, the more I appreciate them.

Forty-two years ago, an unheard of breed, to me anyway, caught my attention when I saw a large group of half-blood calves in a neighbor's pasture. I instantly fell in love with the muscle in those hindquarters the likes I had never seen before. Obviously because it was way before "googling", I started asking LOTS of questions to the FEW people who had them because I was so intrigued. Within a year, an "unthrilled" dad's cows were getting bred to a Limousin yearling bull I purchased from a pioneer breeder just miles from where I now live. My ignorance then, gave me no idea of what it must have taken for my neighbor to put that herd of 300 apricot colored Limousin cows together in the early 80's.

The first fullblood bull came a few years later as I was very meticulous about having things pure. Whether it was my pink-eyed white rabbits as a child, whose numbers quickly got out-of-hand, or the perfectly striped Hampshire hogs, I had this obsessive desire to have a uniform look. Those hogs would eventually be the front money for the first thirteen 3/8 Limousin cows I purchased, from the aforementioned neighbor, for \$545 when he became an unfortunate casualty of the 80's farm crisis. Doesn't seem like much now but that was a big premium in 1983! No matter the species of animals I raised, I was always keen to using the best genetics I could afford.

Fast forward to 2025....never had I planned, or dreamed, that I would be holding an annual production sale. My DNA makes me second guess about everything I do on a daily basis, but never have I questioned that decision to buy that first Limousin bull 42 years ago. The cattle, not me, have allowed me to meet people around the world. That was a journey I would never have traveled had I not looked over the neighbor's fence. The friendships established along the way have led to a very fulfilling life adventure that I thank all of you for sharing with me.

Thanks again,

*Glenn Treftz*

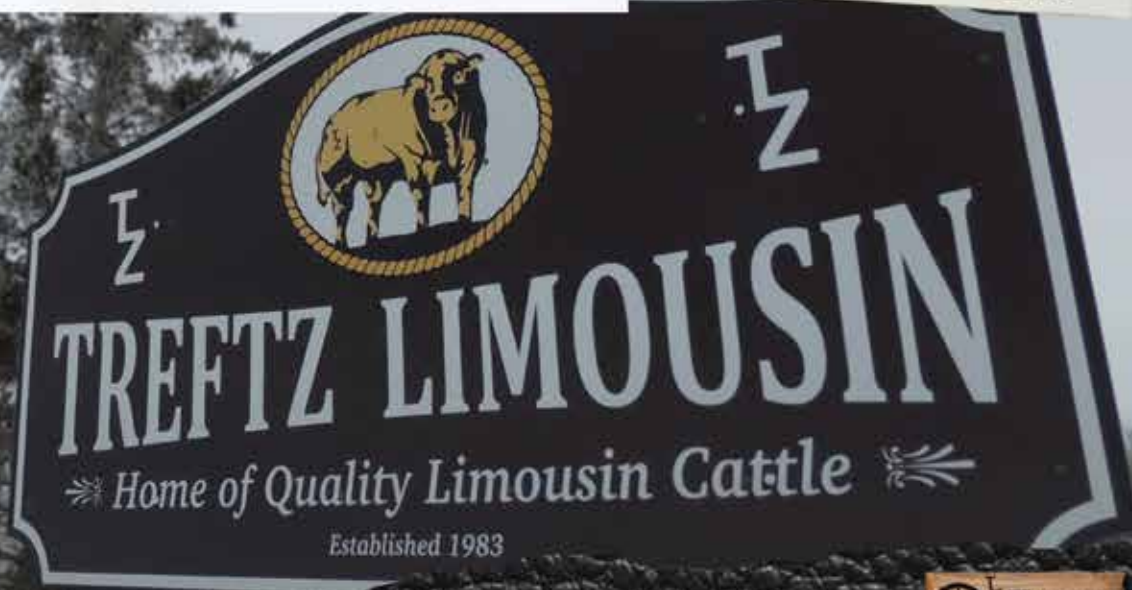

FROM 1985...

... TO 2025

THANK YOU ALL FOR  
MAKING THIS POSSIBLE!

## THANKS FOR THE HELP!

*BRETT WALDERA FROM BLAIR, WISCONSIN AGAIN SPENT 10 DAYS WITH US IN JANUARY HELPING PREPARE ALL THE SALE CATTLE WITH PICTURING, VIDEOING, TAGGING, TATTOOING, WEIGHING, CHORES AND WHATEVER ELSE PREP ENTAILS THOSE DAYS, AS EVERYONE IN THE PUREBRED BUSINESS UNDERSTANDS, ARE THE MOST STRESSFUL AND CRITICAL TOWARDS THE SUCCESS OF A PRODUCTION SALE. SOME PEOPLE JUST "HAVE IT" WHEN IT COMES TO BEING AROUND CATTLE AND BRETT IS ONE OF THEM. HE ALSO SHARES THE SAME PASSION ABOUT LIMOUSIN CATTLE. BESIDES THE WORK, WE SO MUCH ENJOYED HAVING YOU AROUND!*

*THANK YOU SO MUCH, WE COULDN'T PULL THIS OFF WITHOUT YOUR HELP!*
