Dear Fellow Breeders,

It is with pride and enthusiasm that we invite you to the 20th edition of the Great American Pie Sale. Over the years, this event has become known as a solid source of Purebred and Lim-Flex genetics.

The membership has dug deep into their respective herds to bring you the kind of cattle they would rather keep. Whether you are searching for females, bulls or genetic opportunities, we believe this year's offering truly offers something for everyone.

We ask you to participate in the variety of events surrounding this sale. Regardless of which state you reside, you are most welcome be a part of our dynamic organization.

We hope to see you April 26. If you should have any questions or comments regarding the sale offering itself or any of the events surrounding it, feel free to contact us directly.

Sincerely,
Nathan Hunt, MLBA President

Limousin Enthusiasts,

Welcome to the 20th Annual Great American Pie Sale, April 26 at the Sand Spring Resort in Lebanon, Missouri.

It is my pleasure to be associated with this fine group of Limousin seedstock producers in Missouri and surrounding states. The Southwest region of Missouri has long been a hotbed for outstanding Limousin genetics, and we feel this offering is representative of the dedication breeders in this area have made to the breed of cattle.

We have worked hard to assemble an outstanding assortment of Limousin and Lim-Flex genetics for the most discerning cattleman. As you study this catalog, you will find some of the most unique and diverse genetics available within the breed.

If I can be of any assistance, please don't hesitate to contact me.

Sincerely,
Kiley McKinna

SPRING PAIRS

LOTS 1-8

Breeders have assembled an extremely well-bred, functional group of spring pairs for your appraisal. Not only do their pedigrees contain many of the most popular sire and dams in the industry, the service sires to these females, and the sires of their calves at side, are among the best in the business. The factories contained here can take your program to the next level.
